—Miss Guelgia Gaudet left Thursday afternoon to resume her studies at Notre Dame convent after having spent the Easter holidays at her home in Summerside.

—WELCOME VISITOR.—Congratulations are extended to Mr. John Pond, esteemed editor of the Pioneer, and Mrs. Pond, on the birth of a young daughter at the Prince County Hospital on Thursday April 5th.

—OPEN NEW BUSINESS.—Messrs. W. B. and Earl Prowse were passengers going to Summerside yesterday morning to open their new branch show-room for Dodge Brothers cars in the west on exhibition today. We bespeak the most kindly feeling from the people of Prince County toward this enterprising young firm in their endeavor to place their wonderful car before you.

—BOARD OF TRADE.—At the largely attended meeting of the Summerside Board of trade held in the Town building on Thursday night, Gold was the chief topic of discussion and those present were deeply interested in the description of the new gold field in Labrador, as told by its discoverer Henry C. Bellow. He discussed his find in a very matter of fact way and while he predicted that the Labrador gold field would be greater than the Klondyke, he assured his hearers that there was always the possibility that the find would not turn out perhaps as rich as expected, but in all his experience and he spent many years in the Klondyke, he had never seen anything to equal the Labrador discovery. Capt. H. H. H. secret, who accompanied Mr. Bellow, to Summerside, gave some interesting information on the route to the new gold fields. Prior to the arrival of Mr. Bellow the chief matter under discussion was the three day summer carnival to be held in Summerside and also the visit of the Canadian Weekly Newspaper Association. Messrs. D. J. Bonnell and A. R. Brennan, spoke, the latter outlining what the other provinces were doing in the matter of entertainment for its visiting newspapermen.

### STRONG SEARCHLIGHTS TO SPOT RUM CARGOES

NEW YORK, April 7.—Airships equipped with powerful searchlights and heavily armed speed boats will soon be common sights in the waters outside New York harbor if Palmer Cantfield, the new State Prohibition Director, can get them.

Mr. Cantfield announced today that he would make a request for them to National Commissioner Hayes when Hayes comes here for a conference on Friday.

Pending official action on his plan for assembling war paraphernalia near the three mile zone to combat the liquor smugglers, the State Director is going to concentrate his activities on cabarets, which he proposes to close by injunction.

**TROUBLE WITH A CAN-OPENER**

"Timely use of Zam-Buk saved me from a bad attack of blood-poisoning," says Mr. Jas. Davey, of 786, Ellice Avenue, Winnipeg.

"In opening a can of lobster I gashed the knuckles of my right hand. I had no idea that the thing was going to be so serious until TWO DAYS LATER the arm, up to the elbow, suddenly became swollen and inflamed. Dreadful throbbing pains forced me to knock off work and return home.

"As soon as I got there I bathed the wound, then freely applied Zam-Buk healing balm, which fortunately we always keep on hand. Zam-Buk was as soothing as ever and it soon caused all pain to vanish. Next day saw a vast improvement in my hand, and a week's perseverance with Zam-Buk cleared out the blood-poison completely and brought perfect healing."

### GET ZAM-BUK TODAY!

Take the lesson to heart! It may be just a simple cut, a scratch or a burn, but the danger of complications is always there. Never take chances with old-fashioned ointments! Get this herbal Zam-Buk onto broken skin without delay. Zam-Buk not only ends pain and bleeding, but being powerfully anti-septic, it kills the dangerous disease germs and prevents blood-poison, gatherings, abscesses, eczema, ulcers, etc. All druggists and dealers sell Zam-Buk, 60c. box, 3 for \$1.25.

**Grippe**

Physicians advise keeping the bowels open as a safeguard against Grippe or Influenza.

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication.

Nujol is a lubricant—not a medicine or laxative—no cannot gripe. Try it today.

sequently purchased by a syndicate of capitalists in Montreal and Boston. By the deal the original stockholders profited largely, as the following statement published by the Examiner of March 27, 1907, will show: "Captain Richards held 107 shares of a par value of \$10,700 and sold them for \$20,330; Mrs. John Richards, who held 40 shares of a par value of \$4,000, sold out for \$7,500; Mrs. Walbank—nee Miss Richards—who held 136 shares of a par value of \$13,600, sold for \$25,200; Mr. William McLean Walbank \$40; Mr. William McLean Walbank—late manager of the Lachine Company, held 1,105 shares, par value \$110,500, which he sold for \$209,950. At the same time Capt. Richards sold nine shares in the Standard Light Co. the par value of which was \$900 for \$1710. These were results of judicious investments and good luck.

Work on the Hillsborough Bridge, begun in the previous year, was renewed on the 21th of this month twenty years ago. A number of men were then employed in filling the cribs and the approaches of the bridge and in the repair of the tugs, barges and the dredge used in its construction; but the pneumatic work for the foundations of the piers was not begun until later in the season. A son of Mr. Peter McCourt, of this city, Mr. Fred McCourt, who has since "made good" in other enterprises—was timekeeper on behalf of the men employed. It was remarked at the time that he had throughout the winter attended the business college at Ottawawa in the evenings—after working throughout the day in a large hardware store. The subsequent success of this young man is clearly traceable to his early industry. His example is a good one for ambitious boys of the present generation to follow!

The last of the entertainments given in St. James' Hall, under the auspices of the Y.M.C.A. of St. James' Church, just twenty years ago, was reported to have been "one of the best." It was stated that "the Misses Cairns and McLure began the concert with a piano duet, a Spanish Dance by Moszkowski. The Choir followed with a yachting glee, and later gave a good-night chorus—"Calm be Thy Slumbers." Miss Nan Poole, and Miss Flo McKenzie, gave readings, the latter taking the place of Miss Stewart. Mrs. Roope again delighted the audience with the sweet old song "Caller Herrin" which was illustrated by stereopticon views. Another well-illustrated song "The Holy City" by Mr. Frank Stanley. A quartet by Messrs. Davidson, Stewart, Collings and Earle was well rendered and a duet "Estadama" was finely sung by Miss Collings and Mr. Will Collings. It was a great pleasure to hear Miss Waterman play her piano solo. A clarinet duet by Messrs. Stewart and Stewart, was also a good number." This quotation will recall some of the days and nights of "Auld Lang Syne," and some of those who then played their several parts, some of whom have meantime changed their names and some of whom have gone to their rest.
