

THE KING'S COUNTY GUARDIAN

Offices in Montague, Capt. W. A. Johnstone, Agent, and in Souris, A. J. McDonald, Agent.

The latest news, first of all.

Roulston Porter, Peter's Road, has returned to his home after a pleasant visit to his brother, Wm. Porter.

Gordon McDonald, Peter's Road, lately in the employ of James B. Finlayson, Miller, leaves for his home shortly.

A very enjoyable evening was recently spent at the home of Nathaniel and Mrs. Taylor, Peter's Road, when a few of their friends gathered to bid them farewell before leaving for Launceston where they intend to reside. Music and games were heartily indulged in until the " wee sma' " hours when all departed for their homes wishing Mr and Mrs Taylor every success in their new home.

AUCTION SALE

Business Stand

I am instructed by Patrick Duffy to sell by auction his property situated on the corner of Cumberland and Sydney Streets on

Tuesday April 19th

at 12 o'clock noon. It comprises a dwelling house, store, combined. There is also warehouse and stable. This is a new dwelling house which has only been built a short time. It has a stone wall with frost-proof cellar and is heated all through with furnace. The store is also fitted out with all conveniences found in an up-to-date grocery and provision store. As Mr. Duffy had this building built for his own use he spared no expense in having everything first-class, and as he has decided to change his occupation of business, he has decided to have this property sold with or without stock of groceries. It is close to the new Railway Station and Hillsboro Bridge, making it in all an ideal place for any person wishing to start in the grocery and provision trade.

MOORE & MCLEOD'S

Grand Millinery Opening Last Night.

At the hour of sharp half past seven last evening, Moore and McLeod's doors were thrown wide open, and interested throng of fair waiters which were restlessly watching for the word that said "All is ready" and their reward was a grand one! Like a veritable bower of beauty the inviting interior appeared to those who had been expecting much and were receiving so much more. The store decorations were beautiful, holding the attention from the entrance on through each and every department. And always with something which was a need of the moment, dress goods, neck wear, ribbons, gloves, handkerchiefs, in fact all things needful for the spring wearing which means so much to the fashionable woman after the warmer, heavier wear of winter. And very lovely it all was, but the eager throng, hied with hurrying feet, upstairs to the Millinery department, the place of paramount importance, until the spring hat is chosen. Therein were grouped together models from Paris, models from London, models from New York, and models from Toronto, as well as work from Moore and McLeod's own work rooms. Descriptions of many have already appeared and these were easily placed by the ones so deeply interested in the millinery question.

The Millinery department was one glow of light and beauty, the eager faces of the fair sex adding to the general grand effect and the rapidly marked "Sold" testified to the universal approval of and choice made from, the countless hats and choice made from. The Millinery opening will be continued all day today, thus offering the people from out of town an opportunity of visiting one of the finest Millinery openings in the city, and the largest and most up-to-date stock of spring wearables Moore and McLeod have ever placed on exhibition.

The two large show windows received an abundant meed of praise from all who saw them. The beautiful and tasteful decorative worked therein shown would do credit to any city in the land. The decorator who had the matter in charge was the Guardian's heartiest congratulations on her magnificent work.

CANADIAN CLERKS ARE NOT "SASSY"

MONTREAL, April 13—Canadian railway clerks are not "sassy". Such is the result of the investigation made by the C. P. R. and the G. T. R. It will be remembered that one of the farmers who went to Great Britain to preach the Gospel of Canada complained of the insolent way in which intending immigrants were treated "by the underlying clerks of a great Canadian railway."

The railways investigated and found no cause for complaint on the part of their clerks here. They appealed to the farmer who had made the charge, and he said his remarks were aimed at the clerks of the railways in Britain. So the inquiry has been shifted across the sea, and it is possible that Canadian clerks may be sent to England to give lessons in manners and how to treat farmers.

LABOR PARTY WINS ELECTIONS IN AUSTRALIA

SYDNEY, April 13—Elections for members of parliament were held throughout Australia today. Returns already received assure a working majority for the labor party in both houses. The voting was heavy. Intense interest was taken because for the first time a coalition party opposed the labor party.

MELBOURNE APRIL 13

The general commonwealth elections today resulted in the complete defeat of Alfred Deakin's fusion government by the labor party, which gained 15 seats.

Women Cannot be Strong and Healthy Unless the Kidneys are Well.

Weak, lame or aching backs are the first sign of Kidney Trouble.

Under ordinary conditions they ought to be strong and ready to bear the burdens of life.

It is hard to do housework with a weak and aching back. Backaches come from sick kidneys, and what a lot of trouble sick kidneys cause.

But they can't help it. If more work is put on them than they can stand it is not to be wondered that they get out of order.

Weak back is simply a warning from the kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney troubles.

OBITUARY.

In the midst of life we are in death" was plainly shown by the sudden death, by heart failure, of Mrs. Thomas Duffy, Byrne's Road on April 3rd at the early age of 48. The whole community was greatly shocked by the sudden news. She leaved to mourn a disconsolate husband, two sons and four daughters, also an aged mother-in-law. She was an affectionate wife, a loving mother and a kind friend whose loving ways endeared her to every one with whom she was acquainted. Her name will be long cherished by friends and neighbors, especially in the home.

For we miss thee from our home mother

We miss thee from thy place

A shadow o'er our life is cast

We miss the sunshine of thy face.

Her funeral took place on Tuesday morning to St. Joseph's Church. It was one of the largest seen in this vicinity and forcibly attested to the respect and honor in which she was held. The funeral service was celebrated by Rev. A. J. McIntyre and the remains laid in the adjoining cemetery by the side of her daughter Clara, who pre-deceased her six months ago. She awaits the resurrection morn, and will receive her merited reward. For God hath marked each sorrowing day and numbered every bitter tear and Heaven long of bliss shall pay, for all his children suffer here.

NEWS NOTES FROM PARRSBORO

PRINCE RUPERT MINING CENTRE

Completion of the Railroad Will Throw Open a Mining Country of Immense Possibilities, it is Said.

There are few records instances of a railroad grade ever cutting a mineral vein of any value. So far the main line of the G. T. P. is no exception, but the district which it traverses is every day looming up in greater and greater importance. The coast formation has never provided very prolific of mineral wealth, but 100 miles from Prince Rupert the line enters a new field. A belt of mineralized rock, starting at the Portland Canal, running through the head waters of the Nass, crosses the Skeena River about the Kitselas Canyon, and extends into the interior through the hills at Hazelton and the Babines and Hudson Bay mountains. The extent of the zone is unknown. Prospectors have only touched it in spots, but these spots have shown wealth incalculable. The immense area of this ore body can only be appreciated by those who have travelled over it. The future of the Portland Canal is an assured thing now. The same is known to exist on the Nass, while late last fall discoveries were made in the vicinity of the Kitselas Canyon, which when developed and explored further will, no doubt, show very considerable ore body. These discoveries were made too late in the season to prove much more than that ore of good quality existed in the district, covering considerable area. Silver, lead and copper are the chief minerals found; but all ores in the district carry gold values, roughly speaking of from \$1 to \$40. Some even go higher than this.

At Hazelton, 180 miles from Prince Rupert, and on the line of the G. T. P. Railway, the existence of a magnificent ore has been demonstrated by the strike on the Silver Cup, a property on Nine Mile Mountain. Ninety-six inches of solid steel galena ore is surely sufficient assurance that Nine Mile at least will be productive of much wealth. Work on the Libble group, owned by James Cronin, of Spokane, has progressed most favorably all winter. A tunnel
