An old building, standing for over 136 years situated on Water Street near the corner of Prince Street has recently been razed to make room for a more modern dwelling, the property having been purchased by Wm. Kiggins of the Registry Office.

Few present day residents are aware of the fact that this building was Charlottetown's first Post Office, Benj. Chappell, the Postmaster, being appointed to the position in 1802. No records are available as to when Benj. Chappell passed away, but his son Richard succeeded his father as postmaster in the same building from 1825 to 1835.

Pen drawings of this old building are in the position of J. F. Whear, former P. O. Inspector here and Jas. Harris, architect.

A choir on board the boats answered the responses. Father MacNeill made a circuit of the boats and sprinkled them with holy water. The weather, although cold, was clear and a large crowd witnessed the ceremony being performed. The fishing season opened at 5 a.m. today.

TO LEAVE FOR OVERHAUL — The icebreaking ferry Charlottetown, plying on the nine-mile service between Borden, this province, and Tormentine in New Brunswick, will leave for Saint John for annual overhaul about May 10. Mr. E. W. MacKinnon, superintendent of the Prince Edward Island branch of the Canadian National Railways said yesterday. Construction of a new car deck on the older ferry Prince Edward Island will be completed this week, it is expected. The new deck will permit automobiles to drive on and off under their own power instead of being loaded on flat cars as formerly. The Prince Edward Island will take over the service while the Charlottetown is in dry dock, which will be three weeks to a month. Repair work will include the fitting of a new forward propellor to replace one lost when a shaft snapped while the ship was battling heavy ice in Northumberland Strait last winter.

At the morning service at St. James Presbyterian Church yesterday, the Minister, the Rev. R. Moorhead Legate, D. D., took as the text of his sermon Job 23: 10, "But He knoweth the way that I take: when he has tried me, I shall come forth as gold." Dr. Legate stressed God's interest in the individual and His complete control over every detail of life. Just as it was necessary by process to secure pure gold, so God through the process of trials and troubles tested the character of each and everyone and procured the "gold" in us, the Minister claimed.

During the service Dr. Legate paid glowing tribute to Mrs. Percy Barlow, a valued member of the congregation, who passed away Friday morning after a short illness. Mrs. Barlow was a lady of splendid qualities of heart and mind, zealous in church work and a devoted and highly esteemed member of the choir which she regularly attended, notwithstanding the disadvantage of living many miles away. She leaves behind the pleasant memory of a noble life.

The choir in tribute to her memory rendered the anthem "Crossing the Bar."

At the evening service Dr. Legate spoke from the text Matthew 9, 9. The anthem "Just As I am" was rendered by the choir.

LOBSTER MARKET PROSPECTS —Lobster prices had dropped from 35 for selects, 28 for chickens and 25 for culls, to 25, 22 and 18 cents respectively, owing to heavy arrivals of lobsters from Yarmouth being placed on the Boston market, reports in Charlottetown over the weekend said. The lobster fishing season in Prince Edward Island opens today. With further supplies from Prince Edward Island and Cape Breton within the next few days followed by further supplies from the Magdalen Islands after May 10, a still further drop in prices was anticipated and prospects for a ready sale were not bright. Added to this was the fact that Newfoundland shipped small quantities which would further affect the market. Shippers were advised to curtail their shipments as much as possible until the close of the Nova Scotia season June 1.
