The Mutual Life ASSURANCE OF CANADA

Bigger Profits to Policy-holders

It is easy to see why a policy in this Company is an excellent investment as well as a protection.

Last year, the new business amounted to \$7,081,402—a gain over 1906 of \$1,577,855. Yet the operating expenses were about the same as last year.

For the last five years, the actual mortality was only 47% of the amount expected. And the Interest Income exceeded the mortality by \$198,103.

With an expense ratio to Income smaller than its competitors, with a yearly expanding Interest Income, and a favorable death rate, it is but natural that The Mutual Life of Canada is earning more profits, which go to the policy-holders in reduction of their premiums.

Hewson PURE WOOL Tweeds

To procure permanency of color for Hewson pure wool Tweeds we have found it necessary to buy the most expensive dyes. Not only that, but the materials must be dyed by a special process, which is more costly, but which produces rich colors that are absolutely fast. Hewson Tweeds will not fade—not even under the searching rays of the strong summer sun.

Yes, sir! it pays to buy Tweeds trade-marked with the Hewson oval. HEWSON WOOLEN MILLS, LIMITED, AMHERST, N.S. Also makers of Hewson-Unshrinkable Underwear

THE KING'S COUNTY GUARDIAN

Offices in Montague, Capt. W. A. Johnstone Manager; and in Souris, Morley S. Acorn, Manager.

"TEMPERANCE MEN, RALLY."

Sir:—In a recent issue of your widely read journal there appears an article under the above caption which is both timely and reasonable. Surely the time has come for the temperance electors, especially of King's County, to unite and demand the carrying out of the wishes in re the enforcement of the Prohibition Act. From an authoritative source it is learned that the Government will pay no attention to the request made by a large delegation from the Alliance to appoint one Inspector for King's and pay him a decent salary. If King's County is to be run by a political ring, the sooner the temperance people wake up the better. The temperance electors of King's Co. can easily command the situation here if they will. It is therefore surely up to us to be no longer slaves. We have too long been turning the other cheek when slapped upon the one. Now it is our turn to "kick." I would second "Reformer's" suggestion about electing independent temperance candidates, but would go further and urge that candidates should be nominated in every constituency in King's Co., for the forthcoming local election. Let the King's Co. Alliance take the lead; call a convention as soon as cropping is over, and let definite action be taken.

Thanking you for space, I am, yours with— May 20, 1908. King's Co.,

"NO AXE TO GRIND," NATURE'S MOODS.

I like the showers that make the grass so fresh, And birds' notes fresher too; and like the Mist Who makes thin shadows of those heavy Hills That carried in the light a hundred fields. A score of woods, and many a house of stone, Or see the jealous Sun appear, and make That Mist, Morn's phantom lover, go; And drive him to the farthest hill in sight, On which he'll make his last and dying stand. A lover, he? Ah no, a vampire, who Comes out of Night's black grave and sucks Morn's blood. I like to see the sun appear at last, To meet the Clouds—Clouds armed with arrow rain— And see him lift his rainbow banner high, Or see upon a misty night, how stars Half open their eyes and close, as if in doubt To keep awake or not; how sometimes My eyes play false, and they are fancy's stars. I welcome Nature in her every mood; To see a hundred crows toss wild about, Blowing in Heaven's face like balls of soot, As they made their heliocentric cries, sure signs Of coming storm—not half a one, I hope. —William H. Davies, in London Nation.

HORSE NOTES.

Robert Kaneen of New Perth, is to be congratulated on the fact that his beautiful carriage mare Lady Bronze, has again presented him with a foal sired by the celebrated trotting stallion Kato. If pedigree counts for anything this should be a promising youngster. Mr. Kaneen is also the happy owner of a two year old colt from the same sire and dam, which is pronounced by competent judges to be almost a model of perfection and is already showing signs of great speed.

Suffered From Heart and Nerve Troubles FOR THE Last Ten Years.

The heart has supplied to it two sets of nerves, one set which quickens, the other which slows its action. The proper action of these nerves, so important to the well-being of the heart, depends upon the general condition of the nervous system. If there be nerve derangement of any kind it is bound to produce all the various phenomena of heart derangement. Knowing the intricate structure of the heart, and being aware how diseases of the nerves affect the heart, we have combined in Milburn's Heart and Nerve Pills a treatment that will cure all forms of nervous disorders as well as act on the heart itself, and in this is the secret of their success in curing so many cases of heart trouble which have defied all other treatment.

Mrs. John Riley, Douro, Ont., writes: "I have been a great sufferer from heart and nerve troubles for the last ten years. After trying many remedies and doctoring for two years, without the least benefit, I decided to give Milburn's Heart and Nerve Pills a trial. I am thankful to say that, after using nine boxes, I am entirely cured, and would recommend them to all sufferers." Price 50c. per box or three for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
