

THE PRINCE COUNTY GUARDIAN

Office in Summerside, Miss Amy G. Burrows, Agent, Summer Street, and J. F. Lafferty, Water Street, News Correspondent; and in Alberton, Herbert Clark, Agent.

The latest news, first of all.

The members of the Epworth League and the young people of the Methodist congregation are invited to attend a limerick social in Epworth Hall this evening at 8 p.m.

Work around the wharves at Summerside will likely be lively this a.m. The Bonavista and Caspatria from Montreal and the City of Ghent from Halifax, all three of which are due here early this morning and all will likely have large cargoes outward besides these steamers three schooners are loading produce at the railway wharf, two schooners discharging coal at Holman's wharf, one schooner discharging lumber at Read's Wharf and the John Irwin discharging coal at the railway wharf.

The firm of R. T. Holman Ltd., Summerside announce their Fall Millinery Opening for tomorrow, Saturday Oct 1st. To any who have attended previous openings held by this firm nothing further need be said. This season the display promises to excel any former showing, as larger floor space has been added to accommodate increasing trade, and also making possible the showing of a much larger variety of Hats and Trimmings. Their milliners who have recently returned from attending foreign openings, gladly place themselves at the disposal of their customers and shall be pleased to show and explain all the distinctive new style creations that dame fashion has approved for the present season. They extend a cordial invitation to all to pay their show-rooms a visit, whether interested in buying or not.

The Morning Daily Guardian can be obtained at Lafferty's Tonsorial Parlors, Summerside, 12 1/2 St.

The steamer John Irwin with a load of coal for the railway arrived in Summerside yesterday morning.

At the Sacred High Church, Alberton, large crowds are attending the mission being conducted by the learned eloquent fathers, Mullaney and McCormack from Boston. The problems of the Christian life are being lucidly discussed. The mission closes on Sunday night.

The schooner John M. Plummer, while coming out of Richibucto Harbor a day or two ago grounded on the bar and is now a total wreck. She is loaded with lumber for the Rhodes Currie, Co., of Sydney and was in charge of a pilot. The schooner is owned in Alberton by Capt. D. S. Miller and Chas. Bennett. She was a fine schooner of about one hundred tons and was not insured.

PEOPLE DYING IN NAPLES STREET

ROME, Sept 27.—With the removal of the censorship startling details of the cholera epidemic at Naples are being received. A number of persons have died in the streets, and the excitement is such that the police have great difficulty in maintaining public order. It is reported that 10,000 persons of the better class es. already have fled from Naples.

GAYNOR WILL STICK TO HIS JOB

NEW YORK, Sept. 27.—Jas. Creelman, of New York, made public today, a letter from Mayor Gaynor written on Sept. 26. Mr. Creelman decided on this step because he became convinced that nothing but this action would prevent Mr. Gaynor's nomination by the Democratic state convention. The letter follows: "Dear Mr. Creelman,—I am this day writing a letter to Chairman Dix stating that I am not a candidate for nomination for governor and refuse to become such. I do this to remove all doubt on the subject which may have arisen by reason of irresponsible statement, which, I am informed, are being circulated. No utterance of mine has put the matter in doubt. Some have said to me that the convention may nominate me, although I am not a candidate. "It seems to me that it might appear vain or egotistical for me to assume in my letter to Mr. Dix that that extraordinary thing might happen. I therefore write this supplementary letter to you to take to Rochester and show there so as to prevent my nomination if it should appear to be imminent. "Make it plain that if nominated I would decline to accept. I could not abandon to their fate the splendid men whom I have appointed to office and who are working hard for a good government, nor could I abandon to the people of the city of New York after so short a service. "You may make this letter public in advance of going to Rochester, if, in your judgement, you think the situation calls for it. But do not do so unless it be plainly necessary. Every honest man will understand me."

Death After a Scratch

Morris Quatman, an eleven-year-old Windsor boy, fell off his bicycle and scratched his wrist. He thought nothing of the injury, but blood poisoned set in and he is dead. Such incidents as these—by no means infrequent—ought to make people realize the danger that may lie even in the smallest flesh wound. Take a simple illustration. When a knife, a rusty needle, a splinter or dirty wood, a barbed wire fence, or a thorn, scratches the hand, the latter is inoculated with germs, of which the air about us is full. Directly these germs are introduced through the breach in the skin, a battle royal ensues between them, and certain organisms in our blood. The way to avoid serious results is to cleanse the wound and apply Zam-Buk. Zam-Buk is a powerful, yet painless germ-killer, and when applied to the broken skin is absorbed into the tissue, instantly destroying the germs that spread disease and inflammation. As soon as applied to a sore or a cut Zam-Buk stops the pain and smarting. That is why it is so popular with children. The flesh thus smoothed and purified, the wound is made perfectly healthy, and all poison and cause of festering removed. Having done this, Zam-Buk then proceeds to heal the wound or sore, and new healthy tissue is built up in a quick, painless and perfect manner. Zam-Buk must not be confused with ordinary ointments. Zam-Buk is a unique preparation, possessing antiseptic, soothing and healing qualities that are not to be found together in any other preparation. It is not only a unique healing balm, but it is also a skin food. For all skin diseases and injuries—cuts, bruises, burns, eczema, chafing, ulcers, ringworm, etc., it is without equal. It is also used widely for piles, for which it may be regarded as a specific. All druggists and stores sell at 50 cents a box, or post free from Zam-Buk Co., Toronto, for price. Harmful imitations should be always refused.
