A GENTLEMAN in the city who has been touring New Brunswick during the past week reports that the Intercolonial has great difficulty in combatting with cases of smallpox which come out from the lumber woods. A few days ago the cars were fumigated at Moncton and on Wednesday a second class car with sixteen passengers quarantined at Bathurst and the passengers will be kept in the car till the necessary quarantine time expires. The Intercolonial is deserving great credit for the energetic measures they are taking for the suppression of the disease.

A FIRST class comedy, 'The Jerry From Kerry Co. held forth to a good sized audience in the Opera House last night and was voted one of the best comedy companies ever seen here. The performance last night made a decided hit with the audience. It was a bright clean comedy that provided mirth from start to finish. The acting was up to the mark and the rousing reception given clearly demonstrated the high favor the Company won with the audience. It sparkles full of clean comedy.—Moncton Times. A NEW IDEA in socials was very successfully carried out last night by Grace Church E.L.C.E. It was styled a "Newspaper Social" and under the captions Religious, Children's, Humorous and Literary, contributions were invited. Each department was in charge of one person, who at intervals in the program, submitted the contributions in his department. Rev. Mr. McConnell read the papers in the religious department, J. D. Seaman, those in the children's, Tom Hawke the humorous and J. M. Duncan the literary. All were well received and proved very entertaining, particularly so were Tom Hawke's editorial and humorous selections heartily enjoyed. In referring to the regular program we have not space to fully particularize, but would like to mention a few of the most attractive numbers viz. Miss H. Rackham's reading, Messrs. E. H. and W. N. Duchemin's clarinet duet and the Misses Pickard's piano duet and prehaps best of all the numerous selections rendered by H. W. Ritchie's phonograph. The social was certainly an all-round success contributing as it did to the social, literary and musical tastes of the audience, and perhaps most important of all satisfied the inner man.

**AN ABSOLUTE NECESSITY.**

So Thinks At Least One Traveling Man.

I would as soon think of starting out with out my mileage books and grip as to start out on a trip without a box of Stuart's Dyspepsia Tablets in my valise, said a traveling man who represents a St. Louis hardware house. Why? Because I have to put up at all kinds of hotels and boarding houses. I have to eat good, bad and indifferent food at all hours of the day and night and I don't believe any man's stomach will stand that sort of thing with out protest, anyway I know mine won't. It has to have something to break the fall and Stuart's Dyspepsia Tablets is the crutch I fall back on.

My friends often 'josh' me about it, tell me I'm an easy mark for patent medicine makers, that advertised medicines are humbugs, etc., but I notice that they are nearly always complaining of their aches and pains and poor digestion, while I can stand most any old kind of fare and feel good and ready for my work when it needs me and I believe I owe my good digestion and sound health to the daily, regular use of Stuart's Dyspepsia Tablets, year in and year out, and all the 'joshing' in the world will never convince me to the contrary.

I used to have heartburn about three times a day and a headache about three or four times a week and after standing for this for four or five years I began to look around for a crutch and found it when my doctor told me the best investment I could make would be a fifty cent box of Stuart's Dyspepsia Tablets, and I have invested about fifty cents a month for them ever since and when I stop to think that is what I spent every day for cigars, I feel like shaking hands with myself for I can keep my stomach and digestion in first class order for fifty cents a month. I don't care for any better life insurance.

My druggist tells me they are the most popular of all stomach medicines and that they have maintained their popularity and success because they do as advertised. They bring results, and results are what count in a patent medicine as much as in selling barbwire.

It would take a large space to enumerate the patent medicines, drugs, toilet articles, soaps, etc. we are daily receiving, suffice it to say that our stock is almost as complete as ever. New goods yesterday included Dr. Pierce's medicines, castoria, castle soap, Fairbanks glycerine, Tar soap, Fairy soap also a small stock of Peruna, etc., etc. The Two Mac's—McDonald & McKinnon, Druggists, Cor.
