

Have you a friend who has a hard cold?
Then tell him about Ayer's Cherry Pectoral. Tell him how it cured your hard cough. Tell him why you always keep it in the house. Tell him to ask his doctor about it. Doctors have known the formula for over sixty years.

Our Engraving is Always to the Front

The latest styles of lettering. You certainly have some silverware that should be engraved. We will do it just as you want it.

For Sea Or Land View

The E. W. Taylor Store has always made a specialty of Telescopes and Field Glasses. We understand the qualities that go to make up perfection in Telescope or Field Glass. In choosing our stock of them we do not look merely at external appearance; but we also study very carefully their power as glasses, their durability of make; and their convenience for practical use. We are convinced that those we offer are excellent in every way; and we think that no one is likely to undersell us without sacrificing quality and goodness.

E. W. TAYLOR,
CAMERON BLOCK.

In wishing you a Happy New Year and thanking you for our growth and prosperity we promise better things for the coming year to our customers.

THE GUARDIAN LOCAL NEWS

SEVEN postponed Prohibition cases come up at the Police Court this morning.

RUSSELL E. McLEAN, Georgetown, correspondent of The Guardian was in the city yesterday.

THE mails were sent first via the Cape route this year on Jan 25th and have been going that way ever since.

A PROHIBITION summons returnable this day week has been served on Lena Mahar, Water Street. It is returnable next Thursday.

THE Guardian regrets to learn of the serious illness of Mrs. John Kelly, Kelly's Cross. Her son James Kelly, City, has been at her bedside during the past week and her daughter, Miss Mary A., has just arrived home from Boston where she had gone last fall.

At a meeting of the Eubetorian Society of Mt. Allison College, Monday, the thirteenth inst., G. Roy Long was elected as one of the debaters against St. Francis Xavier. Messrs. McQuaid, '06, and Tuttle, '05, who debated for Mt. Allison last year, were again his representatives this year. These three gentlemen are supporting the negative of the following resolution against St. Francis Xavier: Resolved that a Mutual Tariff Preference within the empire is in the best interests of the empire. (Mr. Long is from Tyne Valley, P. E. I.)

ON Monday evening last a large number of relatives and friends were entertained at the home of Isaac and Mrs. Myers, Hampton, Lot 29, the occasion being the celebration of the 40th anniversary of their marriage. A dainty repast was served the company, after which they retired to the drawing room where the remainder of the evening was pleasantly whiled away in cheerful amusement consisting of instrumental and vocal music, recitations and stories from the older folk. Amongst the guests present were: Arthur and Mrs. Myers, Robert and Mrs. Myers, Wesley and Mrs. Myers, Ewan and Mrs. McKinnon, John and Mrs. Myers, Misses Willina and Janie McKinnon, Misses Annie and Cora Myers, Misses Hannah and Mary McKinnon, Miss McPhail and D. J. Mullin. With kindest wishes for the future happiness and health for the aged couple, their friends returned to their homes shortly before mid-night. Ad multos annos.—Com.

GOOD boys wishing to leave lists should apply here.

It was Charles Fullerton of the Ellnor who won 2nd prize at the Armories Whist Party on Tuesday night.

ADVERTISERS are again reminded that all "changes" should be in this office no later than one p. m. to insure insertion in following issue.

Rev. Jas. McDougall will preach (D. V.) on Sabbath the 26th at Cape Traverse at 10.30, Scairtown at 2.30 and at Summerside at 7 p. m.

An excellent photograph of No. 1 Co. C. A., taken by J. A. S. Bayer is on exhibition in the window of the Mark Wright Furnishing Co.

THE crossing on the North River ice is becoming more dangerous each day. Yesterday a number of people drove around by the bridge rather than cross to Brighton.

WHEAT is on the jump. May has gone up to 1213-8, the highest since the Spanish-American war. There has been no change as yet in the price of flour and dealers are at a loss to say whether there will be or not, but it is very likely to take place.

THE Monthly Meeting of the Dundas Farmers' Institute will be held in the hall on Wednesday March 1st. Samples of seeds and prices quoted from a number of seedmen will be presented. All members interested are requested to attend.—C. B. Clay, Sec.

In the death of Alexander McPherson Valleyfield, which occurred on the 18th, at the advanced age of 88 years, there has passed away one of the oldest and most highly respected citizens of that community. Left to mourn are a widow, two sons and six daughters. Deceased was a native of the Isle of Skye, Scotland.

A VERY pleasant evening was spent at 45 Commonwealth Ave., Boston, in the form of a whist party given by Miss Mary Nicholson and Miss Effie McKinnon to twenty of their friends. Gentlemen's first prize was won by Mr. McGrath and the Ladies' by Miss Mary McDonald, Kinross. Afterwards refreshments were served in the form of ice cream and cake, fruit and candy, to which all did ample justice. Vocal and instrumental music whiled away the remainder of the evening till all departed for their homes feeling they had a jolly good time, and would like to call on their charming hostess again.

Among those present were:—Miss Mary McDonald, Kinross; Miss Mary McLeod, Montague; Miss Margaret McLeod, Montague; Dan McLeod, Harts-ville.

It was on the 24th day of January that the steamers made their last crossing between Pictou and Georgetown. Since then one has been blocked in Pictou harbor and the other in Georgetown harbor, and for the thirty days since the only connection with the Island has been by ice boats across the capes. The blockade means a very great disarrangement of business. A large number of commercial men were on the Island when the boats stopped running, while others would like to get there. Some are still on the Island waiting for the boats to bring them off, but others more hardy have made the capes trip in the ice boats. This is an unpleasant experience and not particularly profitable as sample trunks, etc., cannot be carried. When the boat service will be resumed depends entirely on the weather. Today or tomorrow or next week the wind may veer round so as to drive the ice out of the harbors and let the boats out. Then there will be a rush to clear up the accumulations of freight, etc.—St John Globe.

OYSTERS are now seventy-five cents a quart, but in a few days they will be considerably higher. There is a famine—the worst that has been known in the oyster business for many years. It happens this way. During the winter season native oysters are not brought to St. John—native means Buctouche and P. E. Island oysters—and after the supplies which have been procured in the fall are used up, the dealers have to depend on the Boston markets. Some two or three weeks ago the last of the native oysters went the way of much flesh, and since then the American product has been on sale. These latter have been costing seven dollars per barrel, with the supply limited. But to make matters worse, for the last week or ten days the Atlantic coast has been blocked in places by masses of floating ice. This has become so bad that the oyster beds along the coast cannot be reached, and as a result the source of supply is shut off. Oysters immediately jumped to nine dollars a barrel, and the stock bought at this price will begin to arrive here the first of the week. Dealers are now using what cost only seven dollars per barrel. The result will be that oysters by the quart will in all probability be put up to ninety cents or a dollar, and that those people who go to buy a stew or a dozen raw will likewise have to pay more for their refreshments. In a quart there are on an average fifty-five or sixty oysters, so that they will be worth little less than two cents each.—St. John Sun.

DO NOT TAMPER WITH INFLUENZA.

It Leads to Bronchitis, Consumption, Pleurisy and Pneumonia.

A SAFE AND CERTAIN CURE FOR ALL.

You are taking desperate and needless chances every day you permit influenza or a cold to continue to run its course unchecked. These ailments are not only very disagreeable, but they lead on to others that are dangerous and often fatal. The catarrhal poisons that are always present in influenza, coughs and colds, drop into the throat and are swallowed, especially during sleep, thereby causing inflammation of the bronchial tubes or bronchitis. By the same process of poisonous extension the lungs are affected and consumption, pneumonia or pleurisy—all very dangerous diseases—become established. The only safe way to avoid this danger and suffering, is to remove the cause thoroughly from the system.

Stuart's Catarrh Tablets are the one safe and certain cure for influenza, coughs and colds. Their great and unparalleled success in curing these diseases in England and America, has made them the recognized remedy for influenza, coughs and colds among all English speaking people. These deep-seated diseases cannot be cured by local applications. A constitutional treatment is required.

Stuart's Catarrh Tablets go to the root and expel from the system all poisonous particles which are the cause of these ailments. The blood is purified, the discharges cease, the coughing is stopped, the head becomes clear, the eye brightens, the bowels, liver and kidneys are regulated and assist greatly in removing from the system all sources and causes of the trouble. The diseased and wasted tissues are built up and the sufferer is thoroughly renovated and renewed and feels like a different person altogether. Complete and perfect health is restored and resulting comfort and happiness ensue.

Stuart's Catarrh Tablets are for sale by all druggists at 50 cents a box and one box—if it does not cure you will help you so much that you will be convinced of a safe and certain cure. No druggist of good standing is without them and no substitute for them. People want them and insist on having them and no one afflicted with influenza or a cough or cold will consent to be humbugged into buying anything else, when he calls for Stuart's Catarrh Tablets.

Poultry men will find it to their advantage to feed International Poultry Food. It is a wonderful egg producer and at this season when eggs are scarce and high priced, give it a trial and be convinced. Price 25c and \$1.00 per package.—Geo. E. Hughes, Apothecaries' Hall, 23d St.

BEER & GOFF.

NOW is a good time to have a group taken, when things are quiet. Come to our studio and we will do what is right by you.
