SHIPPEGAN MAN HAS NARROW ESCAPE

Longaphie, a popular member of the staff of R. O'Leary & Son at Shippegan received painful injuries and narrowly escaped sudden death in a shocking accident. Mr. Longaphie was out after game a short distance from Shippegan and when a flock rose near he made a quick grasp for his gun, drawing it with the muzzle toward him. The trigger caught on something and the gun discharged, the shot taking effect in the arm and shoulder. The injured man was rushed to the Tracadie Hospital where his injuries received attention and it is now hoped that not only his life but his arm can be saved. (The above man is a son of Mr. and Mrs. P. Longaphie, 17 Bishop St., City.)

WOMEN'S INSTITUTE ORGANIZED

A meeting was held in the Schoolhouse at Arlington on November 11th, 1927, for the purpose of organizing a Women's Institute. The Supervisor, Miss Windsor called the meeting assisted by Miss Saunders. Eleven members were present. The following officers were elected: President, Mrs. Ford; Vice-President, Mrs. A. McArthur; Secy-Treasurer, Miss Edith Phillips; Directors, Miss Adams, Miss Gillis, Mrs. W. H. Phillips, and Mrs. P. McLellan. Miss Janie McLellan, the fourth Monday of each month will be the day for the monthly meetings. The first regular monthly meeting will be held at the home of Mrs. W. H. Phillips, when Roll Call will be answered with "A Book I Have Enjoyed."

HAGEN-SHERRY

A very pretty November wedding was solemnized on Wednesday, the 9th, at St. Ann's Church, Hope River, when Miss Mary Hagen, daughter of Mr. and Mrs. John Hagen, Millvale, was united in marriage to Mr. Louis Philip Sherry of Summerside. The marriage ceremony being performed by the pastor, Rev. Wm. V. McDonald. The bride was charmingly attired in a dress of powder blue silk crepe de chine with picture hat to match, and was attended by Miss Alice Sherry, sister of the groom, who wore a dress of claret red velvet, with fur trimmings. The groom was supported by Mr. John W. Hagen, brother of the bride. After the wedding ceremony, the bridal party drove to the home of the bride's parents, where a sumptuous wedding breakfast was partaken of. In the afternoon they motored to the home of Mr. and Mrs. Thomas Rahan, Fernwood, where a reception was held and a large number of invited guests being present. Previous to their marriage, the bride was tendered a miscellaneous show by the ladies of Millvale, and was the recipient of many beautiful and costly gifts. Mr. and Mrs. Sherry will make their future home in Summerside. Their many friends wish them many happy years of wedded bliss.

WEDDING BELLS

At St. Ann's on Wednesday morning, October 14th, at 8 o'clock, a very quiet wedding took place, when Miss Edith Cudmore, daughter of Mr. and Mrs. Robert Cudmore, of New Wiltshire, became the bride of Mr. Ivan Curley, son of Mr. John Curley, of Elmwood, Lot 65. The bride looked very lovely, becomingly attired in a handsome blue coat and picture hat, was attended by her sister, Essie Cudmore, who wore a brown velour coat, with hat to match. The groom, who is one of Lot 65 prosperous young farmers, was attended by his friend, Mr. Frank Egan, also of the same place. After the ceremony, which was performed by the Reverend Father Herrel, the happy couple motored to the home of the bride, where a dainty breakfast was served, after which they motored to Charlottetown for dinner, and returned in the evening to the home of the bride. The evening was pleasantly spent in dancing and singing. The chaperons putting in their appearance added much to the merriment of the evening. A week previous to her marriage, the bride was tendered a very nice miscellaneous shower, at which were received many useful and valuable gifts, which proves the esteem in which she and the groom are held, and their many friends wish them a long and happy wedded life.

DONALDSTON WOMEN'S INSTITUTE, NO. 129.—The Annual Meeting of the Donaldston Women's Institute, which was held at the home of Mrs. Leonard Court, was opened by singing the Institute Ode. There were twelve members and three visitors present, the roll call being answered by naming an allied leader of the Great War. It was moved and seconded that a vote of thanks be extended to the president for her work during the past year. It was decided that \$25.00 be withdrawn from the Government Saving's Bank for the purpose of paying doctor's bill for one operation, also that prizes be awarded to the boy and girl having highest attendance at Christmas. Following is the executive board for ensuing year: President, Mrs. A. E. Best; Vice-President, Mrs. John Bowman; Secy-Treas., Miss E. Clark. It was decided to hold the December meeting at home of Mrs. Leonard Court, a spelling match being chief feature of the evening. The hostess then served a very appetizing luncheon.

OUR IRON SUPPLY

Sir—It is pleasing to note that enterprising men in Ontario and Quebec are taking steps towards the utilization of Canada's iron deposits. We should not be dependent upon Newfoundland and the United States for iron needed in the industries of this country. There are good reasons for the belief that iron in abundance can be found in Cape Breton and Nova Scotia as well as in central Canada, if only it is perseveringly sought in the light of discoveries already made.

It is stated that there has, so far, been no systematic effort to find in Canada enriched ore bodies similar to those which underlie the lean surface ores of Minnesota and Michigan—though it is well known that there are, in Canada, identical lean ranges. If these enriched ore bodies were discovered and utilized the people of Canada would be better off than they are to the extent of millions of dollars a year.

It has been suggested that the Federal Government of Canada should initiate measures towards the discovery of Canada's iron deposits, and charge a royalty to recompense the public, after mining operations have been begun by mining companies. The suggestion seems to be a reasonable one, and worthy of consideration. Certainly public money would be better expended in the exploration of Canada's mineral resources than in some of the projects now undertaken.

I am, Sir, etc. A CANADIAN. Charlottetown, Nov. 17, 1927

MODERNISM

Sir—That men and women can now do things which centuries ago men and women could not do, is a patent fact of history. But that fact does not support the contention of Darwin, Bishop Barnes and other scientists, that the men and women of distant ages were either mentally, physically, morally or spiritually different from those of the present time. Men can now fly on airplanes and hear each other talking with an ocean between them, but they are in no way different physically or mentally from those who could not do so. There has been no development of body, mind or soul. It is true that there was a Nero centuries ago; but only the other day we read the report that a white man of this age in Africa took pleasure in branding a poor negro who was in his power. There are diversities of operation. There are varieties of mental, physical and spiritual power. But precisely the same human nature exists and prevails today as existed and prevailed in pre-historic times. There has been no development of mankind from the ape or monkey, or from any other organization. It is not because you correspondent "M. M." and all the other scientists to the contrary notwithstanding. That is my contention, based upon the facts of history. If my contention is a wrong one, let it be shown to be so. I am, Sir, etc. A STUDENT. Charlottetown, Nov. 17, 1927.

Rumania, Bulgaria and China are among the few nations in which radio broadcasting is prohibited.

U. S. AND GREAT BRITAIN SEEN AS NAVAL RIVALS

LONDON, Nov. 17—The hope that the United States and Great Britain in their next naval estimates would provide for real requirements only, was expressed by Viscount Grey of Fallodon, British Foreign Minister from 1905 to 1916, in a speech at Plymouth. "I think there is nothing more fatal in respect to naval armaments than that there should be rivalry between the United States and Great Britain," Viscount Grey said. "The Geneva conference failed because of rivalry due to the doctrine of parity between the United States and Great Britain. The two nations will soon be building fleets not so much for requirements as for prestige."
