

ITEMS OF INTEREST TRANSPILING WEST.

An Interesting Collection of News By the Guardian Representatives in Summerside, Bedeque and Tryon.

SUMMERSIDE NEWS.

FOUND.—In Summerside a piece of cloth. Owner apply at Currie's Bookstore.

SPECIAL meeting of Mt. Lebanon Lodge A. F. and A. M. this evening. Instruction on third degree.

THE funeral of the late Mrs. Kennedy will take place to-morrow afternoon at 2 o'clock to St. Eleanor's Cemetery.

MISS CUTTEN, head milliner for Messrs. Sinclair & Stewart, is attending the Millinery opening in St. John, N. B.

MR. J. S. COOK is still digging and hauling mussel mud off the Bedeque beds, and says the ice is in good condition.

REV. J. W. WITHYCOMBE, who was unable to conduct his services on Sunday on account of illness, was out again yesterday.

MR. ARTHUR PETERS, W. A. O. Morson, W. S. Stewart of Charlottetown and Geo. Tweedy of Alberton are in Summerside attending court.

MR. R. C. McLEOD has commenced operations on his new carriage depot in Mr. R. T. Holman's former store and the work will be rapidly pushed to a finish. Mr. McLeod expects to occupy his new quarters about the first of May.

"THE QUEENS OWN" Company is actively drilling in preparation for the grand patriotic concert to take place in Market Hall during the present month. It is expected that this concert will outshine anything of the kind ever produced in Summerside.

HIS Honor the Master of the Rolls presided at the session of the Court of Chancery which opened here yesterday. The case of Murray vs. Coughlan, an action to set aside a deed, occupied the court all day and has not been concluded. Peters and Tweedy for defendants. McQuarrie and Stewart for the plaintiff.

IN addition to the amount reported yesterday morning of having been collected here for the Patriotic Fund, Mr. Massey Secy-Tres, for the Summerside committee received yesterday a contribution of \$50 from Prince Edward Lodge, I. O. O. F. This makes a total collection to date in Summerside \$223.45.

THE Russ Hotel building which has remained vacant since the recent fire has been a source of uneasiness to citizens in the vicinity, owing to its windows and upper doors being left open. Complaint was made yesterday and the Mayor instructed the Town Clerk to notify the owner in Charlottetown to have it closed up and properly secured at once.

AFTER an illness of about two years, of internal cancer during the last three months of which she was confined to her bed, Mrs. Kennedy, wife of Captain A. E. Kennedy passed away yesterday morning in the 55th year of her age. Deceased was the eldest daughter of the late Mr. Peter Schurman of Point du Chene N. B. and half sister of Miss Ida Schurman and Mr. George Hannington Sydney, C. B. and leaves to mourn a husband and four daughters, Mrs. Ellery Croker of Medfield Mass., Misses Maggie, Daisy and Georgie at home, and three sons, Messrs Herman Kennedy, of Charlottetown, Nelson Kennedy of Sydney C. B. and Willie Kennedy of the Central Telephone Office Summerside. She was the only sister of Messrs David Schurman, Charlottetown and Caleb Schurman, Aspen, Col. Mrs. Kennedy was an active worker in, and a consistent member of St. Mary's (Episcopal) Congregation where her kindly disposition and gentle counsel will long keep her name in loving remembrance. To her sorrowing husband, family and friends, THE GUARDIAN extends its deepest sympathy.

AN instructive address on cattle and their diseases was given by Dr. Pethick, government inspector of live stock in the New Hall, Dundas, on last Friday evening, which was listened to by a surprisingly large number of farmers, considering that the lecture was only advertised about 10 hours. The Dr. was there on a special mission in connection with his duties as inspector, having been sent for to come to examine a dairy herd of which four had died and others were affected. As it was thought possible tuberculosis might be the trouble, the tuberculin test was applied by the Doctor and the result proves them free from this disorder. Their illness is thought to be the result of an application of precipitate for vermin. The Doctor in his address said that he found but 3% of tuberculosis in suspected cases in our provinces. This is a good showing considering the large proportion of affected cattle in Denmark, the leading dairy country, and also in France and England. Before adjourning the farmers almost unanimously desired Dr. Pethick to come down in June to test their herds. The Doctor was tendered a unanimous vote of thanks for his instructive lecture.

THE esteemed editor of a semi-weekly newspaper in a most respectable town not more than a thousand miles from Summerside, had an experience a few days ago, which his friends thought at the time would make him a candidate either for the Victoria Cross or the Lunatic Asylum. For some time previously his paper had gone somewhat extensively into a discussion of the existence or non-existence of a Personal Devil, and the editor's thoughts on this fine spring morning as he sauntered leisurely towards his office were naturally tinged with the supernatural. When passing along by a high board fence—his classic face turned heavenward and his thoughts in an opposite direction.

BEDEQUE NEWS.

MR. WALTER WRIGHT, son of our respected citizen, Mr. A. T. Wright, was reported very low on Saturday last.

MISS COTTIE LEA, Victoria, is visiting friends in Bedeque. She is at present the guest of Mrs. Charles Wright.

REV. W. H. WARREN conducted morning and evening services in the Cavendish Baptist Church Sunday. He will preach here next Sunday.

MISS ETHEL ARMOUR, Charlottetown, returned to the city yesterday after a pleasant visit in Bedeque. While here she was the guest of Miss Estella Schurman.

DURING the week ending March 30th Mr. John Craig, Middleton, supplied over 1700 lbs. of milk to the Dunk River factory. Pretty good for this time of year! Would like to know who can beat this.

CONSIDERABLE annoyance has been experienced of late by the patrons of our daily mail service, owing to the tardiness of our mail driver. As already expressed by the Bedeque correspondent of the Daily Patriot "we must insist upon improvement in this important particular."

WHY could not patriotic Bedeque have a concert in order to show its appreciation of the South African successes? Considerable amounts have been already raised for the Patriotic Fund in this section of the country although Centreville, the most influential part of Bedeque has not yet been heard from.

MR. F. WRIGHT, who has been with our popular merchant Mr. Colin Wright, Central Bedeque, since New Years, has returned to his home in Carleton. During his short stay here Mr. Wright won many warm friends, who will always be pleased to welcome him to Bedeque. His place has been supplied by Mr. Robert Glover, Kensington.

WITH praise-worthy energy the directors of the Dunk River Factory have determined to enlarge their factory, greater supplies of milk than ever, having been promised to this flourishing institution. It is proposed to enlarge the curing room, giving it 900 additional square feet. The working department will be also enlarged 1440 square feet giving sufficient accommodation for 8 tanks—if necessary. A new boiler will also be added, and there will also be two places built for taking in milk. With its new improvements we predict a very successful season to the Dunk River Factory.

RARELY if ever in the history of Bedeque have farms and stock sales been more satisfactory than those of Messrs. Farrow and Galbraith on Tuesday and Wednesday last. The former has sold his farm to Mr. W. Newsome and the latter to Mr. Charles Wright, junior. The bidding on the stock and farm implements was at all times very spirited, and judging by the big prices that were paid for milk cows, it would seem that the farmers are beginning to realize that more money can be made from milk than by the old methods of husbandry. We understand that Mr. Farrow intends to return to Ontario about the first of May.

OUR hustling friend Mr. L. U. Fowler is at present busily engaged in preparing a history of the early settlers of Bedeque. This will no doubt form very interesting reading as the settlement of Bedeque dates from an early period. Especially interesting will be that part referring to the Schurman family, who came to this Island at the close of the Revolutionary War settling first in Tryon, there engaging themselves in sawing lumber which they hauled on sleds down the Strait to Charlottetown, afterwards moving to Bedeque and settling near the stream now known as Bradshaw's Creek, and where a depression still shows the remains of a cellar. Many stories are told of their hardships and of their two 'darkies' who faithfully followed their master far across the sea. We shall await with pleasure the fruits of Mr. Fowler's enterprise.

WEDNESDAY the 28th inst. was a gala day with the little ones and the big ones too! in Mount Stowe school, Central Bedeque. Filled with patriotism, and burning with that loyal feeling born in all true British hearts, they had resolved to procure a British flag and have its glorious colors float proudly above their building. On arrival of their flag on Wednesday afternoon it was raised amidst rousing cheers for the Red White and Blue, the Queen, General Roberts and the P. E. Island Contingents. Then "three cheers for our teacher" was proposed by one of the scholars and these were heartily given. After cheers for the school and the new flag it was lowered and after singing "God Save the Queen" the school was dismissed for the day. Such evidence of loyalty on the part of our young friends is very praiseworthy and we trust that they shall continue to show their manifestations of interest in South African affairs.

MR. ARTHUR TRAINOR, with Telephone Co. of Charlottetown was in Alberton on Monday.

MR. JAMES PRIDHAM, Alberton, shipped three fine horses on Tuesday morning to St. John N. B.

TRYON NEWS.

MR. WILLIAM FARROW is very ill at present, we hope to see him out again in a few days.

MR. JOHN McNEILL has reason to complain of a serious loss, in the way of a horse, which died recently.

OUR genial friend Mr. Alexander Morrison, is leaving for Cape Breton with family, to reside in future. What is a decided loss to this place will be Sydney's gain.

BUSINESS has been very flat in this part this winter owing to scarcity of snow, but the farmers are now busy preparing for Spring, as they expect to be farming shortly.

TRYON can boast of having more tradesmen than any village, for the size of it; five blacksmiths, six painters, and wood butchers without number, besides millers, watchmakers and shoemakers.

MR. JOHN McDONALD, has recently opened up a paint shop, where the hum of business is quite noticeable. The merchants of this place have had a slow trade this past winter owing much to the scarcity of dollars.

MR. JOHN MULLIGAN, one of the most prosperous of this village, is making preparation for the erection of an addition to his house, which he intends to have fitted up in style with all modern improvements.

MR. JAMES CHISHOLM has just recently returned from Sydney, C. B., and reports business booming in general. Mr. Chisholm has received a large order for furniture. He has had his funeral car remodeled lately.

OUR respected mechanic, Mr. Thomas McNeill, has done some fine work recently on a book-case, which is hard to be beaten by an expert. In the top of the table part which is 14 x 36 inches, he placed three hundred pieces of different kinds of wood; it looks intricate. Tryon can claim an expert by mentioning Mr. McNeill, and every success for him is wished by the general public.

MR. CALVIN LEARD while in Sydney, C. B. a few weeks ago, purchased a block of land in the heart of the business portion of the city, upon which it is his intention to erect a large hotel this spring. Mr. Leard will remove to Sydney shortly and the work of building will commence about the first of May. The building will be made ready for occupation with all possible despatch. Mr. Leard has utmost confidence in the future of Sydney, and his friends in Tryon hope that his fondest expectations may be realized. His settling there is a gain to that place.

COURT Petrel is still a record breaker. In the last six months the members have done a rushing business. They held their 3rd anniversary, in the shape of a concert and pie social, which was a decided success. The program was immense and reflects great credit on the committee of which much has been said, and rightly to, that what they undertake they finish to success. On last July Court Petrel only had twenty-one members but now they count thirty-five. The secretary has just handed the youths of this place policies amounting totally to ten thousand dollars. All wish Court Petrel success.

A yell that seemed to come from everywhere and yet nowhere in particular, fairly froze the blood in his veins and lifted his hair several inches above his head. He involuntarily yelled in sympathy, but being a brave and naturally fearless man, as all editors are, he immediately began to look for the cause—no doubt expecting to meet the incarnation of his editorial theories. The blood curdling yells continued, and the editor after temporarily resting against the fence, began the search in earnest. He finally discovered a foot protruding through the top of the fence firmly wedged between two boards. Altho' somewhat corpulent, the editor scrambled to the top of the fence with the agility of a trained athlete, and located the owner of the foot hanging head downward over the mudiest part of a backyard. To disengage the foot and liberate the unfortunate boy was but the work of a moment, but in his haste the unfortunate rescuer lost his balance, and editor and boy fell together in a heap—the editor of course on top. At this moment, the mother of the boy who had heard the screams, arrived on the scene, and seeing as she supposed a big man pummeling her first born, proceeded at once to take a hand in the fray and pitched into the editor most unmercifully. There was no time for explanations. He knew no way out of the scrape but that by which he had got into it, and he scrambled to the top of the fence and thence to freedom, but he did not land on his feet. He escaped, however, and no doubt his next article on the PERSONALITY will be of a more positive character than any he has yet produced.

MR. ARTHUR TRAINOR, with Telephone Co. of Charlottetown was in Alberton on Monday.

MR. JAMES PRIDHAM, Alberton, shipped three fine horses on Tuesday morning to St. John N. B.

THREE TRYING TIMES.

There are three periods in a woman's life that are fraught with great danger to her health. The first of these is the unfolding of the bud of girlhood into the full bloom of womanhood. Mothers should carefully guard their daughter's health at this time. If there be pain in the back, weariness and lassitude, paleness and weakness, headaches and irregularities, there is no remedy so good as Milburn's Heart and Nerve Pills. It enriches the blood, strengthens the nerves, makes the cheeks rosy, and brings about regularity. The next period when a woman requires the aid of a good medicine, is during pregnancy, blood-enriching remedy like Milburn's Heart and Nerve Pills is Motherhood.

During pregnancy these pills make the blood rich and keep the health good. After baby comes they restore the strength and build up the depleted system. Women at the change of life will find nothing equal to Milburn's Heart and Nerve Pills to tide them over this trying transition period. For the nervousness and dizzy spells, prickling sensations in the fingers, hot flushes, numbness, headaches and heart palpitation, which so often prove such a serious menace to health, there is no better remedy.

In fact, at all times in a woman's life, when she is weak, run down, nervous, sleeping, anemic, suffering from heart trouble, lack of energy and ambition, she will find Milburn's Heart and Nerve Pills a friend in need that gives her rich blood, strong nerves, regular beating heart, refreshing sleep—drives away pains and aches, and restores all the blessings of sound health.

A FEW REFERENCES.
Mrs. A. M. Strongman, 564 Colborne St., London, Ont., says Milburn's Heart and Nerve Pills cured her daughter, who was weak, nervous and run down in health.
Mrs. Henry Fox, Emerson, Man., writes that she was cured of weak and fluttering heart and nervousness.
Mrs. John Gilker, of Maria, Que., says these pills cured her of heart throbbing and dizziness, followed by weakness and nervousness.
Mrs. David Bell, Moncton, N.B., suffered from violent headaches, smothering sensation and dizziness. Milburn's Heart and Nerve Pills, she says, completely cured her.
Milburn's Heart and Nerve Pills are 50c. a box, three boxes for \$1.25, at all druggists or by mail. T. Milburn & Co., Toronto, Ont.
