THE Bras d'Or Gazette says: The large and elegant steam yacht "Eleanor" of Philadelphia, came through the Bras d'Or Lakes and anchored near the bridge on Sunday week. The "Eleanor" is about 240 feet long, and is said to have cost \$250,000. Her crew consists of forty-five men and three officers. The Eleanor visited Charlottetown some days ago.

THE Wesleyan says:—On Wednesday, the 30th inst, a convention in the interests of the Twentieth Century Thanksgiving Fund will be held [D. V.] at Woodstock at 7.30 p. m., when an address will be delivered by the Rev. W. H. Spargo, on "Methodism during the Century and its future outlook." The Methodist Church at East Florence, N. THE Wesleyan of Aug. 16 says:—It was not till the summer of 1807 that the first minister was appointed to work on Prince Edward Island. This was Rev. Mr. Bulpit, who, with his wife, came out from London, England, and landed at the settlement of Bedeque. This gentleman did a good work on the Island, and died within its borders in 1849, at the great age of eighty-three years. During Mr. Bulpit's ministry several congregations were organized in the country, and the membership of the young society rapidly grew.

THE Plant liner Halifax arrived last evening with a full passenger list. She left for eastward shortly before midnight. Yesterday morning 40 miles west southwest of Seal Island, the steamer passed Mr. H. F. Plant's yacht Ingomar from Boston for Halifax. The Ingomar is a handsome steel built schooner rigged sailing yacht of about 80 tons. She carries a crew of about eighty and is elaborately fitted. THE Nova Scotia marksmen were favored with beautiful weather on Bedford range yesterday, on the second days competition for the prizes offered by the Rifle association. The weather was much more favorable for good shooting than on the previous day, and some excellent scores were made, though not so good as last year. There were not many visitors on the range, but it is expected that there will be a large number in attendance to-day. Lieut. Col. Irving was on the range during the day and evinced great interest in the shooting.—Halifax Chronicle.—Aug. 17.

A VERY enjoyable time was spent at the Princetown S. School Picnic, held yesterday on Point Pleasant Farm, Royalty. All the S. S. scholars and a large number of their parents were present. Games of several kinds were indulged in with Clam fishing and bathing. The picnic was under the leadership of their worthy superintendent, Mr. Fred Yunker, who as usual made things pleasant for all. Also in the afternoon and in the same place the members of Triumph Div. held their picnic quite a number of the members with a few from Ever Onward Division turned out and after a pleasant drive spent the afternoon in a sociable and enjoyable manner and all went home well pleased with the days outing.

MALPEQUE NOTES.—Our industrious blacksmith Mr. J. V. Peake besides building an addition to his barn has torn down his old blacksmith shop and is building one of a more improved and modern style. Success to his efforts. The hay crop which has been an excellent one has been saved in fine condition. There will be very little if any straw fed in this locality during the coming winter. The wheat and oat crop bids fair to be far in excess of last year. Malpeque is becoming famous for its pugilists. The Miscouche tea seems to have awakened a spirit of fight within some of our youths and hard blows coupled with expressive words are the order of the day or rather night. It war should be declared between the United States and Canada on account of the Alaskan boundary question, Malpeque will send forth its share of fighting men.
