At high tide this morning it is expected that the steamer Brant will be able to tow the wreck out of the dock.

ALEXANDRIA can boast of a competent boat builder an energetic lobster fisherman in the person of John E. Jardine, son of William Jardine, Esq. of Crown Point, Alexandria. Mr. Jardine has turned out five handsome lobster boats this winter, having performed all the work on them himself. These, in connection with his four boats of last summer, will give him a fleet of nine to fish during the coming season. He has also purchased the schooner, Abe Lincoln, Capt. Enman, with which he intends to fish off the coast. Mr. Jardine has taken the idea of boat-building simply from his own understanding. We hope that he will succeed well this season as his outlay in the business has been considerable.—LOBSTER.

Stuart's Dyspepsia Tablets.

Give Perfect Digestion Sound Sleep Strong Nerves.

A Popular Remedy For Dyspepsia Which Has Many Remarkable Cures.

The spring of the year is the time for blood purifiers. It is the season when we think we must dose ourselves with sarsaparilla bitters and the endless list of so-called blood purifiers and nerve tonics.

As a matter of fact there is but one possible way in which to purify the blood and that is through the stomach and bowels. Pure blood results from wholesome food thoroughly digested and assimilation. When the stomach refuses to work properly the food remains too long a time fermenting forming gases shown by sour, bitter taste in the mouth bloating and belching of gas, and distress and discomfort generally. Poor blood, weak nerves sleeplessness and a general don't care feeling can always be traced to imperfect digestion.

This is the reason why Stuart's Dyspepsia Tablets are superior to all other spring medicines and blood purifiers. They give perfect digestion, the food does not lie on the stomach for hours. They give a vigorous appetite, sound sleep, strong nerves, and wholesome food well digested makes pure blood, and in no other way can the blood be purified. The idea that is a medicine in itself, will purify the blood when the stomach and digestive organs are out of order is nonsense. Stuart's Dyspepsia Tablets are used by thousands in preference to "bitters," "after dinner pills" and "blood purifiers" because they remove the cause of the impure blood, and you do not have to take them forever to get results. Dyspepsia is an obstinate disease to cure and a remedy must be designed especially for it and nothing else. Cure-alls will not cure dyspepsia.

Stuart's Dyspepsia Tablets are not claimed to cure everything or anything except Dyspepsia and stomach troubles and for that it stands alone among patent medicines. Anyone suffering from any trouble with their digestion will find these tablets will give immediate relief and a permanent cure.

Stuart's Dyspepsia Tablets are prepared by the F. A. Stuart Co., of Marshall, Mich., and sold by druggists everywhere at 50¢ per package. No dieting nor change of habits is required, they digest the food.
