

Make Your Own Dustless Duster Cloth for 5c

This way: Sprinkle a little 3-in-One on two-thirds of a yard of cheesecloth. Let it stand until the oil has permeated every part of the cloth. Then you have a real dustless duster cloth for 5c. Why not save money?

Feather dusters and common dusting rags scatter particles of dust all over the house. But cheese cloth moistened with a little 3-in-One oil collects every atom of dust right on the cloth. None can fly around. No grease, no acid, nothing to injure the finest surface. Get the oil and the cheesecloth today!

THREE CHILDREN WERE PROBABLY FATALLY HURT

AKRON, O., July 28.—Three children were probably fatally injured here today when a stick of dynamite with which they were playing exploded. The injured were:

Leroy Lind, 10, eyes blown out, and part of lower limbs blown off.

Norville Lind, 7, younger brother, seriously mangled about the lower limbs.

Harry Lee, 10, eye-sight destroyed and part of lower limbs blown off. Windows in houses for blocks around were shattered.

THE WESTERN GUARDIAN

—IT PAYS TO buy in this Province

—MR. FRANK LAFFERTY is Guardian Agent in Summerside.

—THE MORNING DAILY Guardian can be obtained at Lafferty's Tansorial Parlors, Summerside.

—HAY-MAKING.—Now that the weather seems favorable the farmers of Mount Carmel are busily employed in their preparations for making their hay. Some have already started cutting.—R.

—GOOD CROPS.—In spite of the heavy rainfall in the vicinity of Mount Carmel and Egmont Bay the grain crops are doing fine and low land in certain sections does not seem to have suffered as much from the wet as was anticipated.—R.

—THE MORWENNA of the Black Diamond Line was in Summerside on her regular trip on Monday, arriving early in the morning and leaving again at noon. She had a large inward freight and a full passenger list.—J.

—THE SABLE.—Private advises received from Halifax convey the information that the new steamer "Sable" owned by Farquar Bros. is expected to take up the sailings in the new proposed steamship line between the Island, Halifax and Newfoundland in about a weeks time. The "Sable" will in all probability call at Summerside, although the route has not yet been definitely decided upon.—J.

—HORSE NOTE.—Mr. J. H. O'Brien of Elmsdale, recently sold his fast pacing mare "Princess Etta" to Mr. T. C. Edgett, Charlottetown, for the snug sum of five hundred dollars (\$500.00). It is believed she will be raced throughout the circuit and no doubt she will be an eye opener for some of the old timers. Mr. Edgett is to be congratulated on securing such a magnificent piece of horseflesh.—A.

—A BEAUTIFUL SPOT.—Never before were there so many visitors to Alberton as there are at present. Some have never seen the town till this summer, but the majority are people who claim it for their birthplace, and what is better still, are not ashamed of the town that receives them again in her arms. Why should they be? It is one of the prettiest little towns in the province; has every facility for the enjoyment of the summer vacation; magnificent roads, shaded by stately trees, beautiful rivers and creeks which give ample opportunities for the indulgence of the bather's chief delight, and there are motor boats which will take the pleasure seeker for miles out over the beautiful harbor for a mere pittance. The writer is not seeking advertising for Alberton does not need it. Alberton speaks for herself and her citizens are, as they have always been, proud of the town that sits in her beauty on Casumpec Bay.—A.

WESTERN PERSONALS

—Dr. and Mrs. W. L. Holman, Summerside, were passengers by the Morwenna leaving Summerside on Monday last on a visit to Sydney.—J.

—Mr. and Mrs. T. D. Ramsay, Summerside, accompanied by their son, Mr. Vernon and his wife of Campbellton, N. B., and Miss Caldwell, were passengers by the Morwenna on Monday in a visit to Sydney and St. John's Nfld.—J.

—Robert W. Matheson of Toronto, Supreme Treasurer of the "Foresters" made a pleasant call on a number of the members of the Order in Summerside on Monday. Mr. Matheson, who is making the round trip to St. John's, Nfld., by the Morwenna, speaks highly of the pleasures of his trip down the St. Lawrence and Straits of Northumberland.—J.

A Real Flesh Builder For Thin People

A NEW DISCOVERY

This man and women—that big, hearty, filling dinner you ate last night. What became of it? The fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation, are saddy out of gear and need reconstruction. Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-on. Cut out everything but the meals you are eating now and eat with every one of those single Sargol tablets. In two weeks note the difference. Five to eight good solid pounds of healthy "stay there" fat should be the net result. Sargol charges your weak, stagnant blood corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body! Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and all druggists in Charlottetown and vicinity sell them subject to an absolute guarantee of weight increase or money back.

—ONE CENT per word each insertion for advertising in this column. Cash must accompany order. Minimum charge twenty-five cents.

—HAVE ON HAND a number of Northern Maine ranch-bred milk, which can supply at reasonable prices and at once. Now is the time to buy. Don't wait too late as they are bound to advance in price. Have also number of marten, fisher, foxes of all kinds at very lowest prices. R. J. McNeill, Tyne Valley, 3322-7-3-Mt.

—ELECTRICAL STORM.—The last thunder storm has played considerable havoc, especially to telephone lines between Mount Carmel and Wellington Station. More than a dozen poles to which the wire was attached were more or less demolished, tearing down, at the same time, the wire and in one place especially, the wire was severed into minute particles, which shows the illimitable power of the electrified atmosphere which must have been intensely supplied in these regions.—R.

—You will find an excellent display of choicest Talcum Powders here now, for we have picked from the best world's market can offer. Particularly nice are our Yucca, Rosa, Trailing Arbutus, Violet, Violet Dulce at 25c. MacKinnon Drug Co., Corner Great George and Kent Street.

Every Doubt

has been dispelled as to the durability of **White Bronze** for monumental work; scientists and assayers of metals say that they see no reason why it should not remain in perfect condition as long as the Pyramids of Egypt

Marble or granite, after a few years' exposure to the elements, begins to change color, grow moss and becomes unsightly.

Inscriptions on **White Bronze** are in raised letters, no paint being required to keep them legible.

White Bronze is pure zinc metal and is manufactured into hundreds of different designs in the most artistic manner for grave markers and monumental work of all kinds.
