NAVY ADEQUATE TO ENGAGE BRITAIN

Ambition of Germany Without Limit—Forces for Development of Navy and Other Powers Will Do Well Not to be Unprepared—Cry is for Greatest Fleet Afloat.

LONDON, Aug. 20.—The Times' correspondent at Berlin cables as follows:—Uncontradicted statements have been current since the beginning of the month that the large German battleships which are to be laid down this year are to have a displacement of nineteen thousand tons instead of eighteen thousand as first proposed, and a speed of 19.5 knots. The new large cruisers will have a displacement of fifteen thousand tons and a speed of 22.5 knots. The German Naval Journal says that the main armament of the new battleships is to consist of sixteen 28 centimetre Krupp guns as compared with ten 30.5 centimetre guns on the British Dreadnought. A projectile with a weight of 345 kilograms and a charge of 132 kilograms will have a muzzle velocity of 8.84 miles and a penetration of 10.5 feet with a weight of 382.5 kilograms and a charge of 146 kilograms. Thus at the rate of one shot per gun per minute, 11 German guns could discharge projectiles weighing 5,300 kilograms, while ten British could only discharge 3,825 kilograms. Moreover, it is estimated that

greater rapidity of fire could be achieved, the German projectile being smaller and handier. How far these statements are accurate it is impossible to say, but there is no mistaking the activity of the naval authorities. The first German submarine just launched at Kiel Canal has been inspected with a view to enlargement, and the principal shipbuilding and engineering firms are being carefully tested in order to ascertain their capacity for production and expansion.

TO STUDY TURBINES.
Doubtless in order to study the working of turbine engines on steamers of the largest class the senior naval constructor has been detailed to make a voyage from Liverpool to New York on the 14th instant on the Carmania. Experiments in the German navy with turbines so far have not been encouraging. There are forces working for the rapid development of the German navy, and other powers will do well not to be unprepared for their success. The cry of the Navy League is no longer merely for an adequate for defensive purposes, but for one able to engage with Great Britain upon more equal terms.

An Absolute Cure For DYSPEPSIA

Dyspepsia, indigestion, belching of gas after eating, mean weakness. By means of its muscles, the stomach should churn the food—changing solids into liquids—mixing in the gastric juice to start digestion.

If the stomach is weak—then food is not properly churned and mixed with enough gastric juice. Then you have indigestion and then dyspepsia.

Fruit-A-Tives

strengthen the stomach—just as just beef and eggs and milk strengthen the wasted frame of a patient getting over Typhoid.

FRUIT-A-TIVES contain the elements that give new vigor new energy—to the muscles lining the stomach—stimulate the digestive glands and assure a copious flow of gastric juice for each meal.

More than that, FRUIT-A-TIVES correct the Constipation which usually attends stomach trouble—and by acting directly on kidneys and liver, put the whole system in healthy condition.

FRUIT-A-TIVES are a peculiar combination of fruit juices and tonics that are known all over Canada for their wonderful cures in all stomach, liver and kidney troubles.

50c. a box or 6 boxes for \$2.50. Sent on receipt of price if your druggist does not handle them.

Union Commercial College Re-Opens Tuesday, Sept. 4th

Latest and most modern courses—individual instruction in all branches.

"Union Trained" students are in demand. Some of the best positions in the City have been filled by our students during the past few months.

On every side is heard words of praise concerning our work.

The only College in this Province giving final examinations the last three days of every month, thus saving the student time and money.

The only college in this Province teaching the celebrated GREGG SYSTEM of Shorthand—the system adopted by over 1000 schools in America—the largest and most modern—the most progressive schools teach it. The introduction of this system of shorthand in this Province is a great boon to all who intend taking up the study. The Benn Pitman system will also be taught to those who require it.

"No time wasted in nonsense." "No unnecessary delays." "Competent and attentive instructors."

Compare the work done here with that of other colleges—Inquire carefully before deciding. Ask those who know. Call or write for new illustrated prospectus. It is free. Secure a business education and secure the best. Full particulars on application.

Pale Faced Girls

Thousands Using Successful Cure For Pale Faces and Anemia.

The pallid girl always lacks appetite. What little she eats is badly digested. At night she is restless, she dreads but does not sleep soundly.

"Hyal force" must be increased, new blood must be supplied and a general rebuilding take place before she will feel like she ought.

Dr. Hamilton has had valuable experience in these cases and found nothing so prompt in building up the young women as his vegetable pills of Man-drake and Bu-te-nut.

Dr. Hamilton's Pills begin by cleaning the system and purifying the blood; they also improve digestion and render food ready for absorption. Additional nourishment is quickly supplied and the patient is fast strengthened and invigorated.

Full of spirit, ruddy and strong is the girl that assists her system by Dr. Hamilton's Pills.

The following recent letter from Miss Etta McEwen, of Haliburton, speaks for itself.

"In using Dr. Hamilton's Pills I find my system is wonderfully built up. It is certainly the most effective remedy I ever used. I have now a good appetite, sleep more soundly and awaken in the morning feeling quite refreshed.

Formerly I felt tired and depressed, I looked as if a severe illness was hanging over my head.

"Nothing could give quicker results than Dr. Hamilton's Pills and I strongly advise every young woman to use them."

All dealers sell Dr. Hamilton's Pills 25c. per box or five boxes for \$1, by mail from N. C. Polson & Co. Hartford, Conn., U. S. A., and Kingston, Ont.
