Bristol And Vicinity

The death of Mrs. Frank Hogan at her home in Medford, Mass., came as a shock to her friends. Mrs. Hogan, was before her marriage Mrs. Fabiola Sinnott of this district and moved to the United States several years ago. She leaves a family of six besides her husband, mother and one sister and one brother, one half-sister and two half-brothers. Mrs. Hogan visited her old home here last summer little dreaming at the time she was making her last trip to the home she loved so dearly. This writer joins scores of other friends in extending heartfelt sorrow to the family in this, their darkest hour.

Miss Clara Gauthier is confined to her home through illness.

Mrs. William Conahan has returned to her home here after spending several months with her family and friends in Toronto.

A car of railway coal was placed on the C.N.R. Siding here on Monday. It seems very early to be getting in the winter coal.

The large clay bank just back of the Morell Garage is once more being invaded. A steam shovel and several trucks, the property of the Contractors, are busy. The clay is being used for the shoulder of the road and believe it or not the once large bank is shrinking very fast.

Mrs. Hilda Drake has returned home from the city where she had spent several weeks with her daughter.

For the first time in a long while the evening freight train required two heavy engines to haul the long line of cars east and west on Monday and Tuesday. It looks as if the trucks were not getting all the work.

In one more month the school will close their doors for vacation time, the time of joy and freedom for the children, while others will look ahead to college days and that reminds us the secretary of the Bristol school says that all school meetings will not be held in June this year but early in July. No reason is given for the change.

The extra help at some of the lobster factories were discharged over the week-end owing to the fishing being very slack.

Mrs. Arthur Blaxland is having a new paling fence built around her home at Morell. Mr. John Keefe is the carpenter.

Mr.and Mrs. Albert McEwen were visitors to Nufrage last week and report the north side road very good. A drive in the green country at present will far surpass any of the bright city lights. The green fields and budding trees, singing birds, nature in blossom, is nature in all its glory—far from the rumble of busy city streets.

Miss Mary Sinnott was in the city last week for the holiday. B.

Cardigan Head And Vicinity

Mr. Malcolm McAulay, Cardigan Head, left Wednesday morning enroute to the mainland where he has received employment for the summer months.

Miss Mary McDonald employee of the firm of J.A.McDonald & Co., Cardigan, motored to Halifax on Friday where she spent a very pleasant week-end among friends.

The fine summer weather of the past few days has brought new life to all trees and plants after the long cold spring and now as one drives along the country roads, with the trees in leaf together with the fresh green meadows and close by a newly sowed field, they see before them a beautiful sight and we do not wonder that the city folks enjoy a day's riding through the country at this time of year.

The many students who have been attending the different Universities and Colleges are now at their homes for the summer holidays. Among those who returnned home on Tuesday were Mr. Kenny Mooney. Sr. Teresas and Mr. Francis Corcoran, Baldwin's Road.

Mr. Fred Sheppard, Cardigan Head, left Wednesday for Halifax.

Mr. S. Henderson motored to 48 Road and Cardigan on business Tuesday.

Senator J. A. McDonald, Cardigan motored to the City on Wednesday.

On Tuesday evening an Ice Cream Social and dance was held in New Perth Hall. There was a fair crowd in attendance and a rather enjoyable evening was spent by all. Music was furnished by Webster's Orchestra.

Mr. Al. Carver, Vernon River, was a busines visitor to Cardigan Head during the past week.

Mrs. Allan McSwain returned to her home in Lorne Valley on Wednesday evening, having spent the past six months among friends and relatives in Boston and other parts of U.S.A.

On Monday evening the Lorne Valley players presented their three act play entitled "Silas Snidge from the Turnip Ridge" in Mt. Stewart Hall to a large and attentive audience. After the play the cast were treated to a delicious supper by the ladies of Mt. Stewart. Seats were quickly cleared away and an hour's dancing was enjoyed by all.

Mrs. Charles McLeod, Lorne Valley is spending a few days with her parents Mr. and Mrs. Douglas, Charlottetown.

Ontario Appeal Court May Break Precedent

TORONTO, May 30 —(CP) — Appeal court of Ontario may break precedent by sitting in its usual vacation period to hear the appeal of Harry and Louis Binder and Arthur Roy Saunders of Ottawa against their convictions and sentences for contravening defence of Canada regulations, it was indicated here tonight.

Chief Justice R. S. Robertson of the Appeal Court today refused an application for bail for the three but promised ther counsel, David Goldstick of Toronto, that the appeal will be heard as soon as all counsel are ready. The Chief Justice added that if the case is not prepared by the end of June, it will be heard even if that means the appeal court has to sit in July or August, usually the vacation months.

The three men have been held at Ottawa since a jury under Mr. Justice E. R. E. Chevrier of the Ontario Supreme Court May 15 convicted them jointly of having published and circulated anti-war pamphlets.

At that time Mr. Justice Chevrier also declared illegal the Communist party of Canada. Saunders and the two Binders are appealing also against that declaration.

Harry Binder, 26, former Ottawa Press gallery representative of the Toronto Daily Clarion, was sentenced to three years and ordered to pay a fine of $2,000 or serve in default an additional year. His brother Louis, 22, formerly a private in the Royal Canadian Engineers, and Saunders, 27, a dominion civil servant, each were sentenced to 2 1-2 years with fines of $1,000 0or additional terms of six months.

Although an increase in cost is in effect we have the most beautiful stock of Native and Imported Granite and Vermont Marble on hand which were bought before the increase. When this stock is depleted there will be an increase of 11 per cent being the American Exchange.

We have no agents therefore save from $10.00 to $50.00 on each Monument by coming to the Monumental Works or phoning 1336 when transportation will cheerfully be provided on request.

Names Added To Smythen Tablet

FALMOUTH, May 30 —Betty Davis and Richard Barry are the Seniors chosen this year by students of Lawrence High School to have their names added to the bronze Smythe tablet in the front of the main room of the building.

Each year high school students cast votes for the boy and girl of the graduating class whom they think best exemplifies loyalty, honor and service for the school at the present and in the future. At graduation, the students chosen are each presented with a strip of bronze bearing their names which later are attached to the bronze tablet in the front of the main room of the High School.

The tablet and perpetuation of election of students whose names are to be placed is known as the Smythe Tablet for the late Rev. Henry Herbert Smythe, pastor of St. Barnabas Memorial Church for a number of years.

Miss Davis and Mr. Barry are both honor students and active in school athletics and organizations. Miss Davis, the daughter of Mr. and Mrs. Lyman Davis of North Falmouth, is editor-in-chief of the Lawrencian, the school magazine and secretary of the Sportsmanship Brotherhood. Mr. Barry, a son of Mrs. John Barry of King street, is president of the Sportsmanship Brotherhood, school organization. (Betty Davies' mother was formerly Miss Hattie Horne, daughter of the late Mr. Isaac Horne Sr., and Sarah Horne, and has two brothers on P. E. Island, Isaiah Horne Jr. of Souris and Lemuel of Victoria. In the Davis family there are three girls, Louise, Betty and Gene.)

NOVA SCOTIAN PILOT MISSING

TUSKET, N. S., May 30 —(CP) —Mr. and Mrs. Elmer Hatfield of Tusket tonight anxiously awaited word of their son, Jack Hatfield, acting pilot officer with the Royal Air Force in England.

They received a cable from the British air ministry today reporting their son as "missing" following air operations on May 28 but an air ministry announcement in London yesterday said the name of Pilot Officer Hatfield of Nova Scotia was included in a list of wounded.

Hatfield, 27, rejoined the Royal Air Force in England after Great Britain declared war on Germany last September. Three years ago he returned here after having served with the R. A. F. for two years in England and Egypt. When war was declared he was a member of the Bank of Nova Scotia staff at Yarmouth, N. S.

Patterson volunteered for duty as a wireless operator-air gunner in an aircraft which made a low-bombing attack on bridges over the Albert Canal in the early days of the fighting in Belgium.

In the face of intense machine-gun and light anti-aircraft fire, the bridges were bombed. Two attacks by enemy fighters were countered by the young Canadian but as the port petrol tank caught fire, the pilot ordered the crew to abandon the plane. The announcement said Patterson suffered injuries. Before enlisting in the R. A. F. in 1938 he was employed as an electrician in London.

The announcement which said the King had approved the award of the D. S. O. to Squadron-leader Donaldson said he "has inspired in his squadron such a fine fighting spirit that on its first encounter with enemy forces nine aircraft of his squadron destroyed six enemy aircraft and a further five were believed destroyed."

On the next day Donaldson's command bagged another four or five German planes.

"This officer's high courage and his inspiring qualities of leadership have made his squadron a formidable fighting unit," said the citation. "He has himself shot down four enemy aircraft."

House Briefs

OTTAWA May 30.—(C.P.)—Asked if there was a shortage of .303 rifle ammunition in Canada, Defence Minister Rogers informed the House of Commons today that "certain rifle practices have been postponed," as a result of certain organization operations involving new rifle battalions.

The Dominion Government and the Sun Life Assurance Company of Canada jointly loaned $115,200 under the National Housing Act to the Bata Shoe Company for construction of 64 homes for employees at Frankford, Ont., Finance Minister Ralston informed a questioner in Parliament today.

Estimated cost of a Bren gun is $368.30, plus $204.29 for spare parts, Defence Minister Rogers informed a questioner in parliament today.

Replying to a question in the House of Commons today as to whether Major-General A. G. L. McNaughton would be recalled to organize overseas divisions in Canada, Prime Minister Mackenzie King said the answer involved a matter of government policy.

It was the custom that policies be made known to parliament "at such time as the government deems advisable," the Prime Minister added.

Russia Makes Peace Move

BUDAPEST, May 30.—(AP)—Soviet Russia, in a southeastern European peace move, has withdrawn soldiers from the Hungarian frontier and Hungary, in return, has suspended plans to call more reserves to her army, it was announced officially today.

This action, along with others to settle Balkan disputes, appeared generally to convince the Hungarian capital that the Axis Powers—Germany and Italy—may not spread the war eastward.

Budapest is strongly influenced by Berlin and Rome. The reciprocal measures of military assurance between Hungary and Russia resulted from an agreement reached by Russia's premier, Vyacheslaff Molotoff, and the Hungarian Minister to Moscow. Officials declared relations between the two countries now are the best since the Soviets reached the crest of the Carpathian mountains last fall upon the partition of Poland and so became a neighbor of Hungary.

Indications were that a Hungarian economic mission might be dispatched to Moscow soon.

Lessening of tension here led many Hungarians to believe the interests of Germany, Italy and Russia in southeastern Europe near.y have reached an equilibrium.

Scores Laxity In Equipping Canada's Navy

OTTAWA, May 30—(CP)—Canada should long ago have expanded its navy and the Dominion should be in a position to offer more effective aid to the Royal Navy, T. L. Church (Con. Toronto-Broadview) said in Parliament today.

Mr. Church termed the service a "show navy" and a "political navy," but declared he had no intention of attacking the men of the navy but the government naval policy. He said Canadian coasts were without protection except for the British fleet.

"I resent that staement," said Air Minister Power in the absence of Defence Minister Rogers. "This navy is doing the work of protecting the Canadian coasts," he said, adding that Canadian naval units were not only patrolling the coasts but doing convoy work and anti-submarine defence, cooperating closely with allied naval forces.

Mr. Church said that the government's naval policy has been one of depending on the United States fleet to guard Canadian shores in support of Canadian units patrolling between Puget Sound and the Queen Charlotte Islands on the Pacific.

Looking To The U. S.

Later, he said, the government found "that the idea that the United States would not stand idly by, they would protect our neutrality, they would quarantine the dictators, was all a myth, and they were back to the old policy of their first president."

"What I have been urging in this House for the past 10 years is for Canada to do its duty to the Mother Country and maritime freedom. This party has traditionally supported that policy of co-operation and coordination with the Mother Country for freedom.'

The Toronto member's description of the navy as a "show navy" was made in reference to a West Indies goodwill cruise in peacetime, and his term of "political navy" was made in reference to naming the new flotilla leader H. M. C. S. Assiniboine because "someone out on the Prairies thought it should be named after his constituency."

Holiday Fares for King's Birthday

MONTREAL, Que., May 30—With the observance of the King's birthday on Thursday, June 13, the railways will place in effect reduced fares, providing an opportunity for economic travel to nearby summer resorts or do some visiting and sightseeing at points of particular interest, according to C. P. Riddell, chairman, Canadian Passenger Association.

These fares will consist of one way fare and one quarter for the round trip, with accommodation in coaches, or in sleeping cars or parlor cars on payment of the regular charge for such services. Railway tickets will be good going any time during Wednesday, June 12, and up to 2:00 p. m. of Thursday, June 13, with the return movement permitted up to midnight of Friday, June 14.

"With a host of centres and outdoor playgrounds within the time radius of this excursion, railway passenger officials anticipate a considerable volume of traffic moving in various directions during this holiday period," stated Mr. Riddell.

YOUR INDIVIDUAL HOROSCOPE

(Continued from page 2)

over yesterday's vibrations and a good start for what you should try to make a delightful month. Early afternoon warns against carelessness in expenditures.

DECEMBER 23 to JANUARY 21 (Capricorn) — There should be no room for discouraging moods in your program. Stars favor intellectual lines; health-giving sports; dealing with youth, such as orphanages and camps; conferences and general business.

JANUARY 22 to FEBRUARY 20 (Aquarius) — The unusual and pleasant are likely today with benefits from unexpected sources. Travel, new and valuable business or social connections indicated, favored. Take advantage of them. Opportune time for mingling business with pleasure.

FEBRUARY 21 to MARCH 20 (Pisces) — You working with telephone, radio, television, air-conditioning and other progressive inventions are especially favored. Can be a progressive period for ALL Pisceans.

A CHILD BORN ON THIS DAY has a promising future, but, like a young racing colt, it needs intelligent care and management. A restless, active, bright individual who needs to be kept usefully occupied and sensibly praised and encouraged when in the right. Should be taught to be considerate of others and to think before acting.

DOWNHEARTED?—NO!' IS REACTION TO GLOOMY NEWS

LONDON, May 31—Meet Mister Average Briton —rosy-cheeked old John Whitehouse—who runs the green-grocer's shop in Walthamstow, North London.

To the gloomy cluster digesting the news of the Belgian capitulation outside his store where no gloom is allowed, he said:

"We were in a tight spot in 1812, weren't we? And in 1918. And how did we come out of that?

Then John rushed inside, where he wrote two large bluepencil notices:

"British boys will keep up the fight."

"Are we downhearted? No!"

He stuck them in his show window and continued with his job of selling fruits and vegetables.
