—A SERIOUS LOSS—Mr. Malcolm McMaster, Summerside, came nearly losing his valuable mare and foal on Monday, in a pasture field at the west of the town. The animals were evidently searching for water and ventured out too far on a swamp or quagmire and were unable to get back, they were found several hours after by the owner who easily removed the foal, but the mare had struggled so much that she was down in the mud to a depth of more than three feet. Dr. A. A. Black, V. S. was summoned, who with other willing hands and after considerable difficulty, finally succeeded in extricating the beast which was in so weakened a condition, that it was found necessary to haul her to a livery barn in the town. The owner at first gave the beast up as lost, but although he values her at a considerable more than \$200, he entertains very poor hopes of her recovery.—H.

Are The Four Fruits Used in Making "Fruit-a-tives"

"FRUIT-A-TIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly safe to say, "I won't take Fruit-a-tives because I have tried other remedies and they did me no good". On the other hand, the fact that "Fruit-a-tives" is entirely different from any other preparation in the world, is just why you should give it a trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin. "Fruit-a-tives" is composed of the active principle of fruit and the greatest nerve tonic ever discovered. 50c. a box, \$ for \$2.50, trial size, 25c. Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200 p.c. in Ten Days

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood.—How to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, a well known specialist who has studied widely in both this country and Europe, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for other reasons than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system—like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin, another is burdened with unhealthful fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night, others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack of physical power and endurance. In such cases, it is worse than foolhardiness to take stimulating medicines or narcotic drugs, which only whip up your fagged vital powers for the moment, maybe at the expense of your life, later on. No matter what anyone tells you, if you are not strong and well you owe it to yourself to make the following test. See how long you can work or how far you can walk, without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run down people who were ailing all the time double and even triple their strength and endurance, and entirely get rid of their symptoms in from ten to fourteen days' thus simply by taking iron in the proper form, and this, after they had in some cases been doctoring for months without obtaining any benefit! You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of inorganic iron like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs, and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated Iron for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit \$100.00 to any Charitable Institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by Gen. E. E. Fisher, Apothecaries Hall and E. A. Foster, Central Drug Store.
