PORTLAND, Me., Feb. 12.—With the thermometer well below zero, three little ones from six to three years old, children of Arthur and Mrs. Jones, and Mr. Jones' father, David Jones, aged 80 years, were removed from their burning home by neighbors at midnight last night. The fire broke out while the parents were in the city, and was first discovered by the neighbors.

WINCHENDON, Feb. 12.—Somebody not only has got Dr. F. G. W. Geddes' goat but has got it fourteen times. The doctor had fourteen regular goats, Angoras. Now he has only one—that one regular goat. He hasn't any slang "goat" at all. The merry villagers have got his slang or personal "goat" and are getting it every time they meet him by asking: "Got your goats yet, doctor?"

The physician is hanging to the re-arranging regular goat, guarding the animal vigilantly. It is the final proof that he had any goats at all. He set up a herd of fourteen affirming there is money in goats. If there is the doctor is unable to prove it so far to local satisfaction.

It's no goat joke to the doctor. It's a serious affair. But the villagers can't meet him now without a grin. Jest on the goat-getting question are so obvious that even the school children are at it. The latest is a Geddes daffydill, thus:

"Did you get Geddes' goat?"

"People having a cold tell this best."
