Speed Galore For The Provincial Exhibition Races

Large List Of Entries Foreshadows Greatest Three Day Racing Program In History Of Province.

All over the Province horsemen and lovers of horse racing have been eagerly looking forward to the publication of the list of entries for the Provincial Exhibition races, Charlottetown, Tuesday, Wednesday and Thursday, August 22-23-24. Secretary Boulter's ten classes have attracted 199 entries. Over eighty races horses will have to be accommodated on the grounds and some of these will take part in two events.

No doubt there will be quite a number of withdrawals from each class as the horsemen try to fit in where they think they will do best, but allowing for these every class will have from six to twelve starters and competition between the horses will be of the very keenest. Last year it was thought that the quality of the entries could not be improved upon, but this year even better strings of race horses have entered and a faster average of time may be looked for.

As usual, Caretaker James Harper will have his track in apple pie order and by the use of the light sprinkler which has been made for the Association, a fine spray of water can be given to the track on race days, keeping down the dust without interfering with the footing.

The races have been planned to give the maximum of competition and with the idea of endeavoring to prevent a runaway contest by any one competitor. A new feature this year will be the Two Year Old Trot and Pace and eleven "babies" have entered. These are more or less on a par as regards speed and the outcome will therefore be very uncertain. The event will be raced on Tuesday and is expected to draw a large crowd from all over the Province to witness it.

Every race day will have an equally well balanced program; that is to say one day will be quite as good as another as far as the racing is concerned. The race track stables are accommodating at present upwards of fifty horses and the balance are expected within the next few days so they will be all ready and accustomed to the course.
