During the early part of the evening the following address was read by a member of the Noonan family:
Dear Parents:—
We, your family, are gathered here this evening to rejoice and celebrate with you the Golden Jubilee of your marriage! Fifty years ago you wedded your way up the aisle of a Church not far distant, where you were united in the holy bonds of matrimony. That union, which received the gracious blessing of Holy Mother Church, has been clearly demonstrated throughout your daily life in the past fifty years, as a truly Christian marriage. We recall with fond recollection our happy childhood days spent here on this fine old homestead and we believe they were our happiest days. This is indeed a treasured day and you are memory-book of life, and we are happy to be with you on this historic occasion to extend to you happy felicitations and congratulations. To the community in which you have spent these past fifty years you have always been a shining example of good citizens and kind neighbors, ever ready to lend a helping hand in time of need. So we would say to you today:

Fifty years of happiness
Of golden dreams come true,
Fifty years together
Through both joys and sorrows too,
Fifty years of sharing
Hopes and plans along the way,
Congratulating both of you,
Upon this happy day.
In conclusion please accept these small gifts as a token of our ap-

—Mr. George Ramsay, Corresponding Secretary reported that she had sent seven cards of sympathy and nine Christmas cards. The President then summed up the year's work briefly. She spoke of the extensive visitation of the women of the congregation with the result that the majority of the women of the congregation are either active or associate members of the Women's Missionary Society. She spoke of the great privilege which the members enjoyed in hearing both Dr. Catherine Whittier and Miss Elma Inman speak; our church was also the scene of the re-missioning of Rev. and Mrs. Earl Leard as missionaries to India, and at our Thanksgiving service in the Auditorium, we saw the film "Western Hands Are Sure", depicting the work of Dr. Archer. She closed with a stirring poem, "Our Duty", followed by prayer.

Officers Elected For Summerside Church News
Alberton W. M. S.

The January meeting of the W. M. S. of the Summerside Presbyterian Church was held on Tuesday afternoon in the Church Hall. Mrs. John Wells conducted the Worship Service on the theme, "The Bible, Our Guide to Christian Faith and Conduct." She was assisted by Mrs. Carl Weeks, who read several passages of scripture. The leader also read several beautiful passages from both the Old and New Testaments, and the members joined in the responses from the Missionary Monthly.

Rev. P. A. Fitzpatrick then installed the officers for the coming year. In this impressive service Mr. Fitzpatrick not only stressed the responsibility of the officers to fulfill their duties to the best of their abilities, but also reminded the other members that their support, understanding and co-operation were very necessary to assist the officers to do their best.

The President, Mrs. Green, then conducted the business of the day. The roll call was called by Mrs. Pike, who also read the minutes, which were adopted. Mrs. George Ramsay read a card of acknowledgment from Mrs. L. B. Leard and Miss Annie Leard for the expressions of sympathy they received from the Auxiliary during their recent sorrow. Laura Lowther, a recent widow, was also thanked for her contribution to the Christmas and New Year's Greetings from Mrs. J. M. Fraser. After a brief discussion and due to the absence of several members it was decided to leave the appointment of delegates to the Executive Committee in the hands of the Executive.

A resolution was made by Mrs. Fitzpatrick and adopted by the members to be forwarded to the Resolutions Committee at the Presbyterian. Mrs. J. W. Waugh volunteered to lead the next meeting and the Study leader, Mrs. Carl Weeks, and the Watchtower Reporter, Mrs. G. H. Hardy, were re-appointed for the next meeting. The hour of meeting was changed to 2:30 p. m. during the winter months.

The various annual reports were then given. Mrs. Carl Weeks, Secretary for Temperance and Christian Citizenship reported that she had brought some articles on these subjects to each meeting. Mrs. G. H. Hardy reported as Missionary Monthly Secretary that there are now 27 subscribers. Due to the absence of the Associate Members Secretary, Mrs. Charles Johnson, the report was given by Mrs. Green. This report shows a total of 45 Associate Members. Three of whom have become active members. One associated member, Miss Alice Wells, there were 80 call made on women of the congregation in connection with the Associate Members Work.

The Mission Band Report was given by Mrs. Green. They had a fine year and she spoke especially of their Easter Concert, the sending of cards to Trinidad, and a box sent for Displaced Persons. There were three Life Members during the year and were privileged to have Miss Elma Inman at one of their meetings.

Baby Band Reports were given by Mrs. Green and Mrs. Fred Leard. There is a membership of 44 of which 10 are Life Members, and three are new members this year.

Bible Society Elects Officers

Mr. A. H. Hubley was re-appointed president of the Summerside Branch of the British and Foreign Bible Society on Wednesday evening at the annual meeting which was held in the Baptist Church. Rev. E. J. Barras was in charge of the worship service and opened with the singing of hymns "Words of God Incarnate". Mr. J. H. Leuty presided at the organ and the choir led the songs of praise. Following the reading of the Scripture lesson in the 6th chapter of John, prayers were offered by Rev. M. L. Breakenridge and Rev. K. G. Sullivan, after which the hymn "Break Thou the Bread of Life" was sung.

Rev. G. N. Somers, the special speaker of the evening, took for his theme "The Bible", as the Word of God to man and God's great means of speaking directly to men and women, giving various illustrations. In conclusion he said "We should set apart a time daily for the reading and pondering of God's word that he may have the opportunity of speaking to us, of meeting with us and imparting some of himself to us for the enrichment and fulfillment of our little lives, and that is why we should be anxious to send the Bible to the ends of the earth."

During the business session, over which Mr. Hubley presided, the president's and treasurer's annual reports were submitted and were most favorable. The nominating committee brought in the following slate of officers for the ensuing year: President, Mr. A. H. Hubley; Vice-President, Mr. C. H. Jelly; Secretary, Miss Constance Emman; Treasurer, Mr. D. J. MacLeod. The pastors of the churches and two members from each church to be included in the executive. After a discussion it was decided that the time of holding the campaign annual meeting be left with the executive. The closing hymn "Father of mercies in Thy Word" was followed by the benediction by Mr. Sullivan.—S.

FARM PRICES

(Continued from Page 5)
products will in all probability deteriorate. Supplies of butter have been coming in to the Maritime Provinces from the west and along with reasonably good domestic production the market has been adversely effected to some slight extent.

There is a considerable quantity of dairy products and butter in storage in the Maritimes and in such places as creameries and in bulk at very good figures to the Board there should be some obligation on our part to encourage the disposal whenever possible of these supplies. The butter is of excellent grade and quality and would be to the interest of our creameries and our farm producers to exercise whatever influence they may have toward the disposal of Dairy Products Board butters.

"The prices on our markets during the past week are about the same as the previous week. Production of butter has been higher than a year ago. There has been no revival in prices after the holidays with factory price at Halifax 63c. and local jobbing at 65c. New Brunswick creameries to wholesalers in 1-2 pound flats, 62c. Wholesale to retail 64c. Charlottetown has a wholesale price of 62c and a jobbing price of 64c. Montreal has No. 1 solids at 60-1-2 with Toronto at 60-3-4c.

"Referring to the Dairy Products Board butter, as far as we know, there have been no sales from the Island and Mainland storages to the trade. About 333 cars, however, have been sold by the Board to the trade in the Dominion. About 7 carloads of Island butter have been graded and have turned out quite well. We trust, however, we will soon be moving into the trade in Nova Scotia points. Regarding the coming year comprehensive plans for improvement in our marketing system are under consideration and announcement in this respect should be made shortly.

Feeds
"The feed situation has not improved to any extent. The grain market has really strengthened again with No. 1 feed barley at 2.86 per hundred in bulk carlots. Oats at 2.54 for No. 1 feed. Bagoed barley meal is retailing at 3.30 with oats at 2.85. These prices are really good considering the whole-

sale cost and mills are operating on a close margin at these rates. There are some local offerings of oats but the quality is definitely poor.

This Province has need of a bolstering up on its grain policy. The bulk of our grain should have 40 per cent or better of barley and if this could be applied by our people they would have a quality of feed for themselves and for the mills that would be acceptable and meet our requirements.

Corn is retailing at 3.50 for the meal. No. 5 wheat at 3.60. Bran is worth about 2.80 and oilcake at 4.50. Oilcake is very scarce and hard to get but soybean meal is coming on the market at a wholesale rate of from \$86.00-\$87.00 per carlot ton. This meal is 44 per cent protein and is a much more acceptable buy than oilcake at its present price.

Hay
"Here seems to be very little demand for hay at the present time and I would not anticipate any very extensive demand in the near future, and possibly not at all. Some small quantities are moving out around \$17.00 per ton."

Potatoes
Summerside—Potatoes are 60c per bushel for seed and tablestock is 65c-70c per bag at the warehouse. There are very few moving.

Borden Line — Tablestock is 60c per bushel at the car. Charlottetown — Tablestock is 70c per bag at the car. Sebago Seed 60c per bushel; Cobblers 65c at the car; Mountains 60c. There is a fair movement of tablestock.

Morell — Seed—Cobblers are 60c per bushel at the car with a light movement. There is no tablestock quoted.

Kensington — All varieties of tablestock are 70c-75c per bag with Cobble Seed Foundation A at 70c per bush. No movement in other varieties.

It will be observed that these prices are just about similar to those delivered on recent broadcasts.

TURNIPS
Turnip prices have strengthened slightly and where movements are taking place they are usually at 65c and in some cases down to 60c.

LIVESTOCK
The market at Montreal has moved up 2c on hogs to 28 for Grade A's. Despite that development the Moncton and Charlottetown prices remain steady at last week's quotations. We just cannot understand why this is so. A reasonable explanation of this condition is that supply of hogs on the Montreal market was too small to take care of the fresh pork trade, and a temporary flurry in buying forced prices up 2c per pound. If Montreal remains steady at this level there should be some corresponding increase in Maritime quotations. The following is a summary:

EGGS AND POULTRY
Egg markets have taken another slump to new low levels. Operators of registered grading stations are quoting producers for ungraded eggs f.o.b. station AL 22; AM 17; AP and B's 15; C's 13. This means a drop of 6c per dozen and they certainly were low enough before this drop took place. It is stated by dealers that eggs are piling up on the floors and to further complicate matters it has been reported that a carload of Ontario eggs has reached Maritime points. The situation is becoming increasingly difficult and the immediate future is certainly very, very gloomy for the poultry producer.

Dealers are offering for the graded pack f.o.b. station AL 27, AP and B 20.
