The Central Guardian
THE MURDER AT HAZELMOOR
The Guardian's new serial story by Agatha Christie starts next week. Watch out for the opening chapter.

**Senator Huey Long Would
Run For Presidency Of U.S.**

(A. P. By Guardian's Special Wire)
NEW YORK, Aug. 16.—Senator Huey P. Long of Louisiana announced his availability for the presidency of the United States today, first, however, corraling his declaration behind a bristling stand of "ifs."

**Organizing New
Youth Movement**

(C. P. By Guardian's Special Wire)
TORONTO, Aug. 15.—Rev. F. H. Stevens, son of Hon. H. H. Stevens, is now in Ottawa organizing a Dominion wide youth movement on behalf of the Reconstruction party leader. It was announced at party headquarters here today. Mr. Stevens has been released from his United Church charge at Britannia Beach.

TWO DAYS ONLY
SHOWS AT 3-7-8.45 P.M. Mat. 11c, 25c. CAPITOL Eve. 26c, 32c.

FINED YESTERDAY—The defendant in a Customs Act case tried before Magistrate D. Edgar Shaw, K. C., yesterday was fined \$50.00 and costs or two months in jail.

SUCCESSFUL CHURCH TEA—The Presbyterian church tea at Highfield Thursday afternoon was one of the nicest served by the ladies of the church who are famous for their cooking. Quite a large number drove out from the city to enjoy their hospitality.

BRILLIANT STUDENT—We are delighted to learn that Miss Myrtle Rose, the clever daughter of Mr. and Mrs. Cliff Rose, Almont Ave., has been successful in obtaining her "A" certificate in the Provincial Examinations. Miss Rose is not yet aware of her success, as she is at present visiting her aunt, Miss Myrtle Garrick of Charlottetown.—New Glasgow Chronicle.

FUNERAL OF LATE JAMES DALTON—The funeral of the late James Dalton took place yesterday from his late residence, 16 Chestnut Street to the Church of the Most Holy Redeemer, thence to the Roman Catholic Cemetery and was largely attended. The service at the Church was conducted by Rev. Fr. O'Hara and attended by the Rev. Fr. Fleming. The pall bearers were, Stanley Matheson, E. F. Acon, Harry Larter, Patrick McTague, George P. Nicholson, and James Gillan.

WATER CONSUMPTION—Water Department employees have recently been making a check up on garden hose users because of the abnormal consumption of water during the dry spell of the past few weeks. They have found that many hose users have been using hose for a much longer period than the regulations allow. In some cases automatic sprinklers have been playing on the lawns most of the day. Employees state that persons who use hose after the pumps stop pumping at 6 p. m. are the greatest menace as this period is when the supply in the reservoir very considerably. Metering of all hose users would seem to be the only effective method of controlling the unnecessary waste.

GOVERNMENT APPOINTMENTS—At a meeting of the Provincial Government, the following were among the appointments made: Board of Trustees of Falconwood Institutions, Hon. Messrs. Lea, MacIntyre, LePage, T. W. L. Prowse, Irving, and J. G. MacNeil; Board of Education, Hon. The Hon. J. Campbell; Treasury Board, Hon. Messrs. Lea, MacIntyre, LePage, and Prowse; Deputy Provincial Secretary, Clerk of the Executive Council, Secretary of Treasury, Hon. Mr. MacNeil; Registrar of Deeds for Prince County, Bennett R. Kelly, Esq.; Assistant Registrar, Roy D. MacLean, Lot 16.

MISTREATMENT OF DOG—A correspondent writes here from the United States complaining of the treatment of a dog on the S. S. Hochelaga on the Wednesday, Aug. 14, trip of the steamer from Picton to Charlottetown. He alleges that fifteen minutes before the ship sailed a lovely brown and white terrier sparrow came aboard. The captain inquired for the owner but without success. Instead of leaving the dog on shore, it is complained a mile and a half or two miles from shore, from the back of the boat, into the propeller. The dog appeared stunned in the water, and swam in circles for as far as could be seen. He had a Charlottetown license and a small pocket on his collar. "We hope," writes the complainant, "his owner can be found, whether he has returned or not. It was a contemptible trick. I am sure anyone on board would gladly have taken care of the dog. We would have put him in our car if necessary and even made arrangements to have him sent back today." (There is a provincial regulation in force against importation of dogs, but in this case the dog might easily have been left at Picton, instead of being thrown overboard so far from shore.)

LEWIS—McDONALD—A quiet but pretty wedding took place at St. Georges, on Wednesday, July 31st, when Mary Helena Lewis, daughter of Mr. and Mrs. Daniel Lewis, St. Peters, became the bride of Arthur Roy McDonald, only son of Mr. and Mrs. Daniel McDonald, Forest Hill. Rev. J. C. McDonald, P. P. of St. Georges, officiated at the ceremony. The bride looked charmingly dressed in a gown of pink lace and net with accessories to match, and carried a bouquet of tallman roses. Miss Laurette Campbell acted as bridesmaid attired in maize organza with white accessories. Mr. John McKinnon attended the groom.

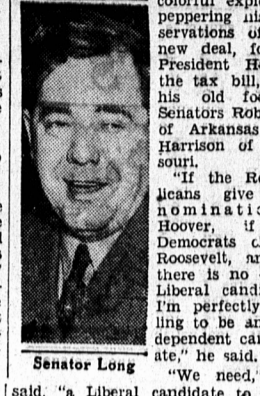

MISS MAUD McCONNELL is leaving this morning on a holiday visit to relatives in Boston.

RILEY—At Baltic on Aug. 9, 1935, born to Mr. and Mrs. Bruce Riley (nee Edith Caseley, Kensington), a son. (Patriot please copy.)

Misses Florence Hogan and Evelyn Connors are spending their vacations at Rest Haven, Morrisons Beach, Georgetown.

Mr. and Mrs. E. W. Sherwood of Ottawa are guests of J. A. and Mrs. Clark at the Experimental Farm.

NEW PICTURE SERVICE!
The Red Studio, Moncton, N. B.

Senator Long

"We need," he said, "a liberal candidate to give equal distribution to everybody in this land of plenty. If the country has four years more of either Roosevelt or Hoover, there won't be anything left."

**Japanese War
Minister
Retains Post**

(C.P.—Havas)
TOKYO, Aug. 15.—War Minister Senjuro Hayashi will remain in office, despite the feeling of responsibility in the assassination of the late Lieut. Gen. Tatsuzaan Nagata, he told a special cabinet meeting today.

Knowledge of the urgent need for unifying control of the army and enforcing strict discipline persuaded him to make the decision, he said.

**HUSBAND IS AT WAR
WITH MIVIANI'S KIN**

GERONA, Spain, Aug. 16.—Baron Heinrich von Thyssen, 65, German banker and husband of the late Princess Miviani's comrade, was at war with the prince charming's relatives to-day.

The Baron refused to allow Jose Maria Sart, famous Spanish pianist and his wife Ruzsica, Miviani's sister, to visit his wife, 35. She is in hospital suffering from painful injuries inflicted when Miviani's automobile turned turtle while rushing the Baroness von Thyssen to a Paris train.

**GERMAN GIRLS RUSH TO
BLEACH THEIR HAIR**

BEBLING, Aug. 16.—A panicky rush to hair-dressers and the liberal use of bleaching and dyeing compounds by German girls developed today.

Hundreds of German blondes are dyeing their hair to dark shades to facilitate continuation of marriage or friendship with non-Aryans.

Many Jewish girls married or friendly with Aryan men are taking the opposite course and bleaching their hair.

The average young Nazi looks upon all dark-haired persons as "suspects"—i.e., Jews or foreigners—despite the fact Hitler, Goering and Goebbels are all far from the usual Aryan concept of fair.

Thus a dress usually escapes scrutiny if she bleaches her hair and her relations with an Aryan can pass unnoticed. With the German girls enamoured of non-Aryans, hair-dyeing has the same effect in reverse, for the Nazis hold Jewish girls can have Jewish husbands or Jewish sweethearts with incurring "racial disgrace."

TERRACE, B.C., Aug. 16—"The boys" in a sawmill here made the bride a present when one of the mill staff tripped to the altar. They spent a lot of time and work on it, too. It was a mammoth rolling pin, 32 inches in length and weighing 30 pounds.

Immediately after the ceremony the bride party left on a motor trip, visiting the many beauty spots of Prince County. The high esteem in which this couple are held was fully evidenced in an array of numerous and costly gifts which they received. The young couple will reside in the beautiful home of the groom at Forest Hill, where a host of friends join in wishing them a long and happy married life.

**No Sabotage In
Plane Crash**

(A. P. By Guardian's Special Wire)
ROME, Aug. 15.—An official report on the investigation of the airplane crash in Egypt Aug. 7 which killed seven Italians, including Luigi Rizzi, Minister of Public Works, today gave the impression sabotage was out of the question.

**Only Beginning
Of Union Strike**

(A. P. By Guardian's Special Wire)
NEW YORK, Aug. 16.—Apparently undaunted by their failure to tie up work progress administration projects, union strike leaders tonight considered calling off public works administration workers to support their protest against what they called government "exploitation" of the working class.

**BERMUDA SHOWS
TRADE INCREASE**

(By The Canadian Press)
HAMILTON, Bermuda, Aug. 15.—In spite of the fact that steamship companies have arranged fewer sailings this year to "the isles of rest," Bermuda is enjoying a greater tourist trade than it did in 1934, according to the Trade Development Board.

Travel to the islands from both England and Canada is on the increase. The report discloses a total of 7,069 persons have arrived in the colony since May from England, Canada, United States, British West Indies and South America.

**CALLANDER BOYS
STAY NEW GAME**

CALLANDER, Ont., Aug. 16.—Small French-Canadian boys who play around the home of the Dionne quintuplets have invented games for long summer days that give some indication of the distance visitors come to see the famous youngsters.

The boys count license plates, giving so many points for each state of the United States and each province of Canada, the first boy to eight and identify a license getting the points.

Ontario and Quebec cars are not counted at all. There are ten many of them. Motors from other Canada provinces count 10. Those from Michigan, Ohio, New York and Illinois, five. All the other states count 10. Gaine is 500 and doesn't take long to get that many points in the long stream of cars that files up to the hospital each day.

An English license is "game" no matter how many points your opponents may have.

(By The Canadian Press)
NAIN, Labrador, Aug. 15.—One of the tasks of the new Labrador police patrol, travelling over 1,200 miles of the most hazardous trail known to civilization, is to track the Eskimos and Nascope Indians that dogs have rights under British law.

Cruelty to animals is common, the tribesmen always having believed anything that was their own property was to be treated as they wished, and some resentment was shown at first when the police began to impose restrictions.

Punishment inflicted upon a number of owners following convictions brought about a better understanding, however, and the officers are finding it easier to enforce the "Cruelty to Animals Act".

**Organizing New
Youth Movement**

(C. P. By Guardian's Special Wire)
TORONTO, Aug. 15.—Rev. F. H. Stevens, son of Hon. H. H. Stevens, is now in Ottawa organizing a Dominion wide youth movement on behalf of the Reconstruction party leader. It was announced at party headquarters here today. Mr. Stevens has been released from his United Church charge at Britannia Beach.

**THREE MEMORIALS
TO BE UNVEILED
IN SEA PROVINCE**

HALIFAX, Aug. 16.—Three monuments, important links with Nova Scotia's past, will be unveiled before the autumn, Prof. D. C. Harvey, provincial archivist, has announced.

**WELSH ANTHRACITE
MINES ARE BUSIER**

Anthracite coal mining in Wales is looking up, Canada, along with other countries, is taking larger quantities with France absorbing rather large quantities than usual, according to the Industrial Department of the Canadian National Railways.

A Yorkshire farmer who was approached at market by a small pig "jobber" with a request for a loan of "five pund" which he would faithfully repay next market-day. The request was granted and the five dully repaid. Some time afterwards the pig-dealer again asked the farmer for a loan.

**STEEPLE CROSS
IS VILLAGERS'
WRECK MEMORIAL**

PORTUGUESE COVE, N.S., Aug. 15.—(C.P.)—Topping the steeple of a new little church built by fishermen in the city of London, England every day, according to an article by J. Cecil Nelson in a recent issue of the Canadian National Railways Magazine. Five hundred and eighty separate passenger stations within a ten-mile radius of Charlottetown handle the daily flood of workers in and out of the Metropolis.

Ousted By Mussolini

David Darragh, formerly a Rome correspondent for Chicago papers, is shown with his wife as they arrived on the liner Manhattan. He was expelled from Italy by Premier Mussolini.

**Europe Has Three
Rail Centenaries**

Europe has three railway centenaries this year. 100 years ago the first railway train ran on the continent of Europe between Brunel and Malines, in Belgium. The railway was built under the oversight of George Stephenson, the father of the Locomotive, on the request of the Belgian monarch, King Leopold I. Stephenson was decorated by the King of the Belgians for his services, being made a Knight of the Order of Leopold. Germany is also celebrating the centenary of the first railway in that country between Nuremberg and Furth which was opened on December 7th, 1835. The first locomotive was brought from England, the "Adler". The Great Western Railway of Britain celebrates its centenary on August 31st next.

YORK AND VICINITY

Mr. and Mrs. Irwin McFarlane, Boston, are spending a fortnight at Marshfield, the guests of Robert and Mrs. McFarlane.

Mr. and Mrs. Ambrose Doyle, Pleasant Grove, were visitors to the City yesterday.

Mr. Hammond Vesey, York, has returned home, having been a patient in the Prince Edward Island Hospital.

Mr. G. W. West, who visited the Island last spring has about completely recovered his health. He has charge of the store while his brother, Frank C. and Mrs. West are visiting in Florida.

Mrs. Johnston, St. John, and Mrs. Bustin, City, are certainly enjoying life in their summer lodge at York.

Mr. and Mrs. Chas. Holmes, Chicago, are visiting at Union Road, the guests of Mr. and Mrs. Thos. Hardy Yeo.

N. Y. CELEBRATES SUCCESS

OLD FORGE, N. Y., Aug. 15.—Seven Adirondack beavers will return to the cradle of their race on the state hatchery grounds here to participate in the State Conservation Department's 50th anniversary celebration.

They will be accorded the deference due to distinguished guests, for 30 years ago their species were extinct in the North Woods. Today they are flourishing.

Beavers were plentiful enough in the Adirondacks before the 17th century. But fashion decreed the conventional propriety of the beaver hat about 1850 and European fur markets sought out the remote wilds of the New World to supply the even increasing demand for beaver pelts, and in 1850 found the beaver gone, entirely from the Adirondacks. In less than two centuries a beaver population estimated in excess of one million vanished.

Lake Ten years later a census of Adirondack beavers placed their number at 20,000.

They continued to increase until the State Conservation Department in 1924 by declaring an open season on the species, adopted what has proved to be a successful policy of control.

Now a colony of seven beavers is to be established in the identical rearing pond on the hatchery grounds in Old Forge.

**LARGEST AUSTRALIAN
PEARL FOR LONDON**

Insured for \$2500 by its finder and owner, the largest pearl of its kind ever found in Australian waters has just been brought from Broome, the headquarters of pearling on the north coast, to Sydney for exhibition. Nearly the diameter of a dime, it will probably be sent to London reports show.

It is worth considerably more than the insured sum. Values however are only a quarter of those of a few years ago owing to a market slump, which dealers say has been brought about by the perfection of the modern imitation pearl.

**SURVIVES WIFE
ONLY FEW HOURS**

(Canadian Press)
GLOUCESTER, England, Aug. 16.—After nursing her husband through nine months of illness, Mrs. Sarah Ann Thomas of Whitecliff, fell ill and died.

Her husband, James Thomas, when the news was broken to him, said: "I have nothing to life for now" and a few hours afterwards died.

The husband was 76 and the wife 74. Seven years ago they celebrated their golden wedding and were surrounded by their eight sons and five daughters.

**YOUNG BLIND POET
IS FINE SCHOLAR**

(Canadian Press)
LONDON, Aug. 16.—An 18-year-old blind poet who failed to gain an open scholarship to Cambridge, did so well in competition with the best-sighted women of her year that both Girton and Newnham Colleges offered to accept her as a member.

The girl, Miss Ruth Hitchcock, has chosen Newnham, and will go into residence next October. It is her intention to study theology. An unusual line of study for women, her school career has been an outstanding success. At 14 she passed the piano examination of the Associated Board and the Royal Academy of Music, and at 16 gained her school certificate with honors.

BIRTHS

DOIRON—At North Rustico, on August 11, 1935, to Mr. and Mrs. Urban Doiron, a son.

DEATHS

SWAN—On Friday August 16th 1935, Olive Ada Swan, in her 20th year, Funeral from the residence of her parents, Mr. and Mrs. James W. Swan, Mt. Edward Road, on Sunday, 18th, service starting at 2 o'clock. Interment Sherwood.
