COME to the rink tonight and see the two championship games. Admission 15 cents.

On Sabbath afternoon, Feb. 15, there passed from time to the life beyond one of the oldest residents of Dunstaffnage, Lot 35, in the person of Mrs. John Stewart who had almost completed her 84th year. The deceased lady was born in Marshfield, March 23, 1819, and all her life was passed within a few miles of her birth place. Her husband died six years ago at the age of 80 years. The deceased was very highly esteemed in the community. While able to do so she was often at the bedside of the sick and suffering and her kindness to the sick and suffering was proverbial. She was for many years a consistent member of the Presbyterian church and a very regular attendant until about two years ago when age and weakness prevented her. The deceased was the mother of 13 children, six of whom preceded her to the better land, and seven are left to treasure the memory of a good mother, viz: Mrs. William Bishop of French Fort; Mrs. William Pierce of Brackley Point Road; Mrs. William Thompson of Dunstaffnage; Mrs. William Gibson of Marshfield; John Stewart of Dunstaffnage, and James A. and Jessie on the homestead, Her remains were laid to rest beside her husband in the Cemetery at Marshfield. "Blessed are the dead who die in the Lord."

A DAILY NUISANCE.

A Simple Remedy Which Will Interest Catarrh Sufferers.

In its earlier stages catarrh is more of a nuisance than a menace to the general health, but sooner or later, the disease extends to the throat, bronchial tubes and even to the stomach and intestines.

Catarrh is essentially a disease of the mucous membrane, the local symptoms being a profuse discharge of mucus, stoppage of the nostrils, irritation in throat, causing coughing, sneezing, gagging and frequent clearings of the throat and head.

The usual treatment by local douches snuffs, salves, etc., often gives temporary relief, but anything like a cure can only be obtained by a treatment which removes the catarrhal taint from the blood and the disappearence of the inflammation from the mucous surfaces.

A new remedy which meets these requirements and which so far has been remarkably successful in curing catarrh is Stuart's Catarrh Tablets.

These tablets act upon the blood and mucous membranes only. They can hardly be called a secret patent medicine as they are composed of such valuable remedies as Blood Root, Hydrastin, Red gun and similar cleansing antiseptics, which cure by eliminating from the blood and mucous surfaces the catarrhal poison.

Stuart's Catarrh Tablets are large, pleasant tasting lozenges taken internally, allowing them to dissolve slowly in the mouth, in this way they reach the throat fauces and the entire alimentary canal.

If desired, they may also be dissolved in water and used as a douche, in addition to the internal use, but it is not at all necessary to use a douche; a few of them dissolved in the mouth daily will be sufficent, However, when there is much stoppage of the nose, a douche made from these tablets will give immediate relief, but the regular daily use internally of these tablets will cure the whole catarrhal trouble without restoring to the inconvenience of a douche.

Dr. Bemont states "that the internal treatment for catarrh is rapidly taking the place of the old plan of douching and local application and further says that probably the best and certainly the safest remedy at present on the market is Stuart's Catarrh Tablets, as no secret is made of their composition and all the really efficient remedies for catarrh are contained in this tablet."

Druggists sell Stuart's Catarrh Tablets at fifty cents for full sized packages. Ask your druggist and if he is honest he will tell you there is no safer, more palatable, more efficient and convenient remedy on the market.
