Atomic Bomb For Jap Battleship

NEW YORK, Sept. 17 (CP)—The New York Times said today in a dispatch from Tokyo that the United States Navy plans to tow the surrendered Japanese battleship Nagato 500 miles to sea and drop an atomic bomb upon it. The newspaper said the experiment "may determine the form of navies in the future world order."

The 35,000-ton Nagato was surrendered at the Yokosuka naval base though badly damaged, the Times said. Newspapermen will be invited to witness the atomic bombing experiment through which it said the Navy wants to learn these facts: whether the atomic bomb can cause the destruction of a single ship; what it will do to a naval force; what effect it will have on the water.

Lauzon, Koresky Sentenced To Year In Jail

MONTREAL, Sept. 17 (CP)—Ulysses Lauzon and his 20-year-old wife Eileen arrived from Quebec tonight with \$4,000 in their possession — in \$100 and \$50 bills. With Walter Koresky of Windsor, Ont., with whom they were arrested last week at Charlottetown, the Lauzons were escorted here by Provincial Police.

At Quebec, Lauzon and Koresky pleaded guilty to the theft of a car and were sentenced to one year in jail. Mrs. Lauzon pleaded not guilty and was remanded for trial.

The trio, wanted in Ontario for questioning in connection with a series of bank holdups, will be questioned here in a possible link-up with a \$17,000 armed robbery at a department store.

Provincial Police said Eileen Lauzon is expecting a baby in December. She has been married to Lauzon for six months and had known him since 1941.

Yugoslavia Of Italian Territory

**N. Y. Prepares
For Heavy Gale**

NEW YORK, Sept. 17 (AP)—Steadily rising winds laden with heavy rain whipped the North Atlantic coast of the United States late today and hundreds of airplanes were flown hurriedly to inland cities to escape the tropical storm headed toward New York and New England.

Commercial airlines cancelled nearly all inbound and outgoing flights late in the afternoon.

If the centre of the storm moved northward at its present rate wind velocities in New York should reach their peak sometime tomorrow afternoon, the weather office at La Guardia Field estimated at 5 P.M. E. D. T. (6 P.M. A. D. T.) today.

Seeks Slice Of Italian Territory

By JOHN A. FARRELL
LONDON, Sept. 17 (AP)—Yugoslavia, backed by Soviet Russia, asked the five-power conference of foreign ministers today for a sizeable slice of Italian territory, including the important port of Trieste.

The Yugoslav vice-premier, Edvard Kardelj, presented the claim personally to the British, American, Russian, French and Chinese foreign ministers at their meeting this afternoon.

Besides Trieste and Venezia Giulia — the so-called "Julian March" — Yugoslavia asked for the Italian-held islands off the Yugoslav coast and the Italian province of Zara on the Dalmatian seaboard.

Italy's counterclaims — demanding retention of the territory with the possible exception of Fiume at the eastern tip — are expected to be presented by the Italian foreign minister, Alcide De Gasperi.

Trial Of "Beast Of Belsen" Begins

LUENEBERG, Germany, Sept. 17 (CP)—Testimony that more than 4,000,000 persons died at the Auschwitz concentration camp in Poland was promised by the prosecution today at the opening of the military trial of Josef Kramer and 44 S. S. henchmen for conspiracy to commit mass murder.

A converted gymnasium in the heart of this picturesque medieval city served as a courtroom for the British military court trying Kramer — known as the "Beast of Belsen" — for the regime of horror he instituted at that camp after his transfer from Auschwitz — and the 23 men and 21 women who served under him.

At the start, Maj.-Gen. H. P. M. Berny-Ficklin, heading the court, brushed aside efforts of British officers defending the accused to get separate trials of the Auschwitz and Belsen camp charges.

The Col. T. M. Backhouse, chief prosecutor, capped a cold, precise, two-hour-long recital of the incredible crimes charged to the 45 with a disclosure that he had a witness who had seen records of 4,000,000 deaths at Auschwitz.

Mass starvation, beatings and torture, filth and disease and despair, prisoners driven to cannibalism — that was the picture Col. Backhouse painted for the men trying the Nazis, by royal warrant, on behalf of all Allied countries whose nationals suffered three weeks in the camp.

Launch Drive For Salvation Army Fund

Capt. N.W. Lowther presided at the dinner held last evening in the Salvation Army Citadel to organize and launch the drive which, beginning this morning and ending this evening, is expected to raise \$3,000 for the Army's Home Front appeal.

A converted gymnasium in the heart of this picturesque medieval city served as a courtroom for the British military court trying Kramer — known as the "Beast of Belsen" — for the regime of horror he instituted at that camp after his transfer from Auschwitz — and the 23 men and 21 women who served under him.

The canvassers are arranged into five divisions whose leaders are: Lieut.-Col. E. B. Conrad, M.M., E.D.; Lieut.-Col. J. D. Stewart, D.S.O.; W.A. Rix; J. Andrew Likely; and W.R. LePage. Mr. Roy Gudmore is chairman of the "special names" division.

Capt. Lowther stated the second division, commanded by Lieut.-Col. Stewart, would be watching the other divisions. It was commanded and manned, he said, by officers and men, every one of whom was a veteran from overseas. None knew better than they, Capt. Lowther said, the great work of love and mercy which the Salvation Army had carried on for home-bred boys on the battle field.

The canvassers will be tendered another dinner at the Citadel this evening at 8 o'clock and turn in the results of their one-day campaign.

TO DECOMMISSION BASE

HAMILTON, Bermuda, Sept. 17 (CP CABLE)—Capt. J.D. Prentice, R.C.N. commanding officer, confirmed today that the Royal Canadian Navy Training Base H.M.C.S. Somers Isles would be decommissioned in about three weeks.

The announcement was received with regret by Bermudians who had been very hospitable to Canadian sailors here.

OTTAWA, Ont., Sept. 17 — As the Parliament of Canada began its second full week's work today, observers in the galleries and both House and departmental officials were enthusiastic over the fine of the new membership of the Commons.

New members on both sides of the Green Chamber have made auspicious debuts and new blood has brought a livelier, or at least less moribund, air to the staid Senate—Conservatives, newly-elected to Parliament, have listened to Prime Minister King's little homilies and lectures on the duties of members with equanimity and good humour, at the same time holding their own in the give and take of exchanges across the centre aisle. New Liberal members, particularly those from the armed services, have won praise from all sides of the House, notably the mover and seconder of the Throne Speech.

Opposition leader John Bracken, less vocal than his immediate predecessors, Gordon Graydon or Hon. E. B. Hanson, has won high praise for his easy and sure adaptability to the Ottawa scene.

His queries of the Ministry are incisive and to the point. He wastes no words but so far missed no tricks.

Problems of Prince Edward Island have been pointedly called to the attention of the House by W. Chester S. McLure, Progressive-Conservative member for Queen's, during the opening week of the sessions. Mr. McLure's query to Veterans' Affairs Minister Ian MacKenzie asking hospital care for Prince Edward Island veterans in their own Province awaits an answer and action.

Mr. MacKenzie today announced the establishment of a new military hospital in the Montreal area but had no word as to improved military hospital facilities for veterans of P. E. I.

300 Canadians To Leave Manila Today

By WILLIAM STEWART
MANILA, Sept. 17 (CP Cable)—Some 300 able-bodied Canadian soldiers, prisoners of war since the grim Hong Kong campaign of December, 1941, looked forward tonight to their departure tomorrow en route to the homes they have not seen for nearly four years.

Their morale was boosted when they received their first Canadian army pay since they fell into Japanese hands. The officers each received \$200 in United States currency, the other ranks each received \$100.

Cold Rain, Snow In Western Canada

WINNIPEG, Sept. 17 (CP)—Cold rains swept harvest fields in Western Canada during the week-end, bringing another halt to cutting and threshing. In many Prairie districts temperatures dropped below the frost line and in the Calgary area there was light snow overnight.

Urges Immigration Program For Canada

By FRANK FLAHERTY
OTTAWA, Sept. 17 (CP)—Canada should start on a program of selective immigration at an early date, Maj. Leslie Match, Liberal member for Winnipeg South, said today in the Commons.

A veteran of the two wars, Maj. Match said such a program need not and should not be delayed pending completion of demobilization and establishment of high employment in Canada. There was a shortage of labor in Canada in the unskilled and some highly-skilled classes. Bringing in people from these classes would help provide jobs for people here.

Maj. Match was one of several private members who took part in the Throne Speech today. Others were R. R. Knight (C.C.F.—Saskatoon), G. R. Boucher (P.C.—Carleton Place), Crutchebank (L-Fraser Valley) and George White (P.C.—Hastings-Peterborough).

Most U. S. Soldiers In Japan To Be Sent Home

By RUSSELL BRINES
TOKYO, Sept. 17 (AP)—Gen. MacArthur declared today that 200,000 regulars probably could keep prostrate Japan in line, permitting "complete demobilization" of his victorious citizen army of draftees.

So smooth was the occupation that U.S. military plans for military rule — which might have taken "several million troops" to enforce — and peace did not seem as fast as ships can take them.

The Japanese showed their cooperation by sheltering military operations from Foreign Minister Namuro Shigemitsu and replacing him with Shigeru Yoshida, veteran diplomat once jailed for opposing simultaneously Gen. MacArthur
