LONELINESS

Sir,—And lo, I am with you always, even unto the end of the world.—Matt. 28:20
Today many of us are lonely and loneliness is one of the gravest problems we are called upon to face. But there is a cure. It is discovered in the experience of Christ being with us always: that we are never alone. His love and care never fall us. As we commune with Him, God's wisdom flows from our eyes, our ears, our hearts, our hands, our feet, and our very being. The world ceases, and we overcome our cares and worries that each day brings. No matter what happens, and the going is difficult, sometimes—He is with us, always guarding and giving us strength. Jesus has told us, let not our hearts be troubled. Never let us be afraid with such reassuring words. Let us worship Him from pure grateful hearts, that we may reach upward toward the goal, a perfect life in Christ.

Prayer: Almighty and everlasting God, give us strength in our loneliness. We pray for Thy grace, O Lord, Amen.

I am Sir, etc. MRS. STERLING ANDREWS, Freetown, P. E. I.

THE "25" CLUB

Sir,—While the great epoch-making Victory Loan Campaigns are the chief medium for the raising of money for Canada's war effort, it is also essential that the sale of war savings stamps be not overlooked. With this in mind the recently organized Women's Division of the National War Finance Committee is now ready for active work. Under the inspired leadership of Mrs. I. Anne A. Campbell, Mrs. Margaret Greeman McArthur, Chairman for Prince County, Mrs. J. A. Lawson, Queen's and Mrs. W. M. Starn, King's and with outstanding women acting as chairmen in all the leading centers of the Province, they have outlined a summer program when they are determined to create a record of sales comparable to any other year in the Dominion.

Let us all determine to enjoy the pleasure of the "25" Club. It is a sense of duty well and truly performed.

I am Sir, etc. F. W. TURNER, Provincial Chairman of Sales, National War Finance Committee.

Notes By The Way

Before the war the C. N. R. was wont to do with roughly 40,000 hoboes a year. Today there is nary a hobo on the line, yet we fail to recall any government action or judgement of this poet to national manpower.—London Free Press.

There is surely something to shock the intuitive Hitler in the Union Jack flying side by side with the German flag in the impregnable bastion that was Cassino.—Stratford Beacon-Herald.

Since "Hickory Stick" is now a man, there is no particular reason for badgering the actors who were employed to grapple with his children's souls. Those who took what I suppose you might call the leading parts dealt with them compassionately. Those who knocked one another down with a great deal of spirit. The others just got on with their work.—Wolcott Gibbs in the New Yorker.

That's a nice little story which has trickled out of Denmark regarding Rommel's anti-invasion inspection in Copenhagen. The hotel in Copenhagen but remained open. The police tried to drive away. The police tried to drive away. The police tried to drive away.

The Royal Army Medical Corps has parachute surgical teams that have already been in action with great success. The latest detachment unit that established itself in a farm building which had been seized by paratroopers. It ran the band-aging as a hospital for two days, while a battle raged around it.

DAYBREAK IN THE TROPICS Grey as the banks of mud on which they sit. Their armored heads, the alligator smile. Alternately disclosing greed and while staring at the thickly moving mud.
