## BOLSHEVIKI ARE NOW DEFINITELY DEFEATED

### Poles Have Recaptured 10,000 Square Miles of Territory and Taken Thousands of Prisoners. The Bolsheviki are Retreating Along the Whole Line

(Special to The Guardian.)  
WARSAW, Aug. 21.—Poland's army is rapidly following up the retreating enemy northeast and east of Warsaw and further successes for the Poles are reported. The recapture of Sokolow Drohiczyn and Biala with thousands of prisoners and a great amount of war material is reported in today's official communique. At Siedlce the Poles captured armed volunteer Jewish detachments composed of local communists. To the northwest of Warsaw Bolsheviki attacked the Poles in a drive designed to carry them across the Vistula where there is a pontoon bridge but the Polish counter stroke broke the attack. In the operation they were aided by civilians who fought side by side with infantrymen and did fine work. Today's communique announces repulses by Polish infantry of detachments of General Budenis, Soviet cavalry, which had reached Wlanki nine miles southeast of Lemberg. The Poles occupy up per Silesia.

LONDON, Aug. 21.—The Poles have occupied the border territory on the Upper Silesia 2,000 troops having seized many villages in the Katowitz district, according to Berlin despatches to the central News, quoting advices from Beuthen.

PARIS, Aug. 21.—The success of the Poles in throwing back the Bolsheviki in battle of Warsaw was "a Polish victory," French General Rigend told a delegation from Warsaw who had come to tell him he was most the popular man in Poland and was proclaimed by all as the "saviour of Warsaw."

## PRINCE EDWARD THEATRE WILL REOPEN TODAY

### After Many Changes and Improvements the Popular Playhouse will Renew its Activities Today with a Mammoth Programme, Introducing with Many Other Features Jack Dempsey the Best Known Man in the World, in First Chapter of a New Serial.

With the Prince Edward Theatre closed thousands feel that something seems lacking in the community life as even the Strand attractive as it has been made does not take the place of the Grafton Street playhouse.

The Prince Edward management in pursuit of their well known policy of keeping the theatre right up to the times, closed shop about two months ago, since when the premises have been invaded by carpenters, painters, electricians, and last but by no means least a number of scrub women, the effect of whose artistry is clearly manifest in the sitting room, cleanliness of the entrance, main floor and balcony.

New electric fixtures of the most modern and improved type have been installed, and a dimming system which enables the operator to secure any degree of illumination at will producing an effect, similar to the rising and setting sun, from the front door to the back wall of the stage the theatre has been repainted, and redecorated in most attractive design.

The ticket office has been enlarged and placed on the opposite side of the lobby, the former office making way for an entrance to a substantial addition to the theatre accommodation. Here is found a large waiting room, ladies sitting room, toilets, and in the front an excellent opportunity for the street display of advertising for the current and coming programs. This very much needed and marked improvement has been made possible by acquiring all the premises formerly used by the North American Life Co., and sub-tenants.

The carpenter work has been done by Lowe Bros. under the direction of Mr. Wm. Vincent. While Mr. Vincent, and Mr. Fred Betts, decorator and electrician respectively for F. G. Spencer, have done effective work in their own departments.

Charlottetown can now more than ever before boast of a theatre which is creditable alike to the City and lessee, and with three or four exceptions at the most, fully equal to any in the Maritime Provinces.

The opening programme is of such to give a clear measure of satisfaction and a novelty in connection therewith will be the introduction of Jack Dempsey the party who is claimed to be the best fighting man in the world. Dempsey is the leading man in the new serial.

## Big Announcement For Contest Candidates Today

### Triple Votes To Be Given This Week

The biggest vote offer of the entire campaign announced on today's contest page. Three times the regular schedule of votes will be given on all subscriptions secured this week.

This new vote offer has got all the previous vote offers, back of it by a long margin. Think of it. Not only a few extra votes as have been formerly given but three times what your vote schedules call for.

There is not a candidate in the list who by putting forth his best efforts this week during the big triple vote offer could not climb from the bottom to the top of the list. This vote offer will especially be to the advantage of those candidates who heretofore have done only little in the Contest. One subscription now will gain as many votes as three did in the week of the contest. Triple votes! Those two words mean one thing—Hurry, do your very best this week and see how many votes you can amass by next Saturday night.

Of course, any candidate can gain tremendous votes by taking advantage of the Triple Vote offer this week. It is remarkable how soon the votes will count up. A little EXTRA effort this week and some candidate will almost surely have "cinched" the Gray Dart. Only a few weeks remain now in which to strive for the \$5,000 worth of valuable prizes which are to be given away at the finish of the Competition. This week is undoubtedly the very best one to reward your efforts in votes, so why not put every ounce of energy you have into operation this week? Remember—you cannot possibly lose in this Contest—you are bound to get at least 10 per cent of all

## Forest Fires Burn C. N. R. Bridges

(Special to The Guardian.)  
KAMLOOPS, B. C., Aug. 21.—Passengers on the Canadian National Railway are still being transferred across streams where bridges have been burned in great forest fires which occurred over a large territory north of Kamloops on Monday night and Tuesday.

Latest reports received from the district show thirty ranchers and homesteads absolutely burned out and many people have very narrow escapes with their lives.

## Sask. Harvest Best In History

(Special to The Guardian.)  
PRINCE ALBERT, SASK., Aug. 21.—Northern Saskatchewan is now harvesting what will prove to be one of the best crops in its history. The wheat will average 22 to 25 bushels per acre, oats 4 to 12, Barley 35 to 50, Potatoes and Field Roots and Garden products were never better. There has been an enormous return from wild fruits. Farm labor is slightly below this regard is not such as to seriously hamper harvesting. The average wheat yield over the whole of southern Alberta is about 20 bushels to the acre. The oat crop is not so heavy with an average of 40 bushels per acre.

## THE RAILWAY COMMISSION COMPLETES ITS HEARINGS

### Business Likely to be Wound up Today. Interesting Statistics on Earnings of Various Sections.

(Special to The Guardian.)  
OTTAWA, Aug. 21.—All evidence having been put in the argument on the railway rates case will be commenced today. It is expected the various counsel will get through not later than noon on Saturday and an effort may be made to wind up the hearing by Friday evening.

Shortly before adjournment yesterday afternoon Chief Commissioner Carvell stated it would be necessary for him to leave for Nova Scotia Saturday on business in connection with the coal situation. He said he had no desire to curtail the argument but suggested the possibility of lawyers dividing up the time so the case could be concluded this week. He added if this were not possible he would postpone his visit to the east.

Mr. McDonald quoted figures to show I.C.R. carries 85 per cent of the passenger and over fifty per cent of the freight handled by government owned railways. It was unfair, he said, that losses incurred by operation of the system should fall upon the shoulders of the people of the Maritime Provinces. The examination of Mr. W. J. Moule, Assistant Comptroller of Statistics of the C. P. R., occupied practically the entire sitting, to the time Mr. MacDonald spoke.

A Teheran dispatch said many of the Bagdad rebels had been executed or deported.

## FUR AUCTION SALE MAY BE POSTPONED

MONTREAL, August 18.—R. S. Coltart, managing director of the Canadian Fur Auction Sales Company returned to Montreal this morning after attending a conference of the fur men in New York. "There was a largely attended meeting of the Fur Trade held in New York City yesterday at which the principal manufacturers and dealers and Fur Auction Sales Companies discussed trade conditions generally," said Mr. Coltart. "The Star this morning.

"The manufacturers and dealers made a very strong request that the Fur Auction Sales Companies of Montreal, London, New York and St. Louis postpone their autumn sales for the reason that, largely owing to the strike of the fur workers in New York City which is now in its fifteenth week, the great rush of manufacturing that will be necessary to take care of the heavy retail demand for furs in the last two months of the year will involve such great pressure on the trade as a whole, that attendance at the Sales would be almost impossible."

"The representatives of the different sales companies promise to take this matter under their careful consideration, and the principals of the Canadian and American companies expressed their willingness to accede to the wishes of the trade, provided of course London adopted the same action."

"The dealers and manufacturers formed themselves into a committee with the object of presenting their case to the London sales companies, and will no doubt receive an early reply."

"The Canadian Fur Auction Sales Company Limited, which anticipated holding its autumn sale in September, will therefore await the action of the London companies."

"In the meantime, the company is getting together a collection of northern Canadian furs which in though smaller in quantity than in past seasons, owing to transportation delays and lighter trapping, will probably be the most beautiful collection that has ever been grouped together at one sale."

"The retail merchants reported excellent business with a very strong demand for the higher class of furs. Fur garments appear to be even more fashionable than in the previous season and there is every indication that the consumption of furs this fall will be greater than ever before."
