FERRY RUNNING—The Bedeque ferry boat has been making regular trips for a few days, carrying lots of passengers to and from town.
POLICE COURT—A fine of \$10 and costs was imposed on a drunk Friday morning at the Summerside police court.
MR. AND MRS. A. E. WRIGHT and family, Central Bedeque, desire to express their gratitude to their neighbours and friends for their kindness and sympathy during their recent sad bereavement.
PLACING BUOYS—The work of placing the buoys in Summerside harbor started on Monday morning and at least 12 marine markers are being placed.
SCHOONER SAILED—The first schooner to sail from the port of Summerside this year was the J. H. Ernest, under command of Capt. David Grady, which sailed on Saturday for Picton, for a coal cargo.
GET A SCHURMAN POTATO GRADER—Send your order NOW. One of the best labor saving devices about a farm. Bag holder attached. Price \$250.00. Apply to James Pendergast, Kensington, Secretary, or Harry Schurman, New Annan. 116859-23-wf21
SHOW WINDOWS BROKEN.—On Sunday morning the large plate glass window at the front of A. Home & Co., was broken by a passerby, somewhat under the influence of the cup that cheers and also inebriates. So far as is known, no action is being taken, other than having the window replaced.
THE STEAMER GASPELIA of the South Shipping Co. will leave Montreal on May 15th for the first trip of the season to P. E. Island. Summerside will be a port of call. The Gaspebia will make trips every two weeks until September 1st. Next year the company expects to put two boats on the route. Mr. R. E. Ellis has been appointed the Summerside agent.
THE SNAPPY COMEDY, Mrs. Temple's Telegram, recently broadcast by radio from Schenectady, N. Y., is to be staged at Central Bedeque Hall soon. The cast includes some of the best amateur talent in the Province. Watch for date. 116363-5-9-21
FRISCO DIRECT FOR KENSINGTON—This section of the great San Francisco which, together with Longest and other beautiful and speedy horses, was brought to P.E.I. last fall by the veteran, Hammond Kelly, will remain at Kensington for the summer with headquarters at the racing stables of Tyndale Semple. Our leading horsemen are certainly "doing their bit" to give P.E. Island a "place in the sun" of the light harness racing world. Those pure bred speed sires ought to produce trotters and pacers which in the near future will compete with the fastest norses in the world. "The Island" has always compared favorably with the rest of the world in the speed of its horses—considering the handicap of half-mile tracks. It now bids fair to eclipse its foreign reputation as "a place to get good horses." San Francisco, the sire of Frisco Direct, has got St. Frisco, 2:01, and Lou Princeton, 2:01 1/2, besides having the unique record of producing more yearling colts sold for \$1,000 and over than any other sire.

KELLOGG'S BRAN is a blessing to humanity. It relieves Constipation because it is ALL BRAN!

Kellogg's Bran every day is permanently relieving thousands of constipation sufferers throughout the world. No other food in history has done so much to give back health to men, women and children. IT IS SCIENTIFICALLY PREPARED TO HELP SUFFERING HUMANITY AND IT WILL DO THAT AS NO OTHER FOOD CAN! Physicians universally are endorsing Kellogg's Bran because it acts naturally and positively, and because it frees sufferers from the habit-dangers of drastic cathartics. Kellogg's Bran has won national recommendation because it is so delicious aside from its regulatory value. Do not confuse Kellogg's with common brands which are unpalatable and hard to swallow. You will relish the nut-like flavor of Kellogg's Bran; it adds greatly to the enjoyment of hot or cold cereals! Eat Kellogg's as a cereal or sprinkle it over your favorite hot or cold cereal. Another popular way to serve it is to cook it with hot cereals. In preparation, add two tablespoons of bran for each person when the cereal is cooked. You'll like it with hot milk! Kellogg's Bran makes wonderful cookies, raisin bread, pancakes, etc. Recipes on every package. To win permanent relief it is only necessary to eat Kellogg's Bran regularly and to be certain to eat at least two tablespoons each day; in chronic cases, with each meal. The relief Kellogg's Bran gives, as a natural bowel agent, is wonderful. Without the slightest distress it sweeps, cleans and purifies, ridding the system of toxic poisons and warding off some of the most terrifying diseases to which human beings are heir. Don't delay this natural relief; give your family the benefit of this message of health—this great blessing to humanity! Kellogg's Bran is served in individual packages by leading hotels and clubs. Ask for it at your restaurant. All grocers.

The Tignish Bulletin A meeting of the Tignish Improvement Society for the purposes of re-organization, was held in Tignish Hall on Friday evening, 4th inst. The meeting was presided over by Mr. C. P. McCarthy, who, after a fitting reference to the loss sustained by the Society in the death of its President, Mr. F. J. Buote, set forth the objects of the meeting and the necessity of re-organization. After the minutes of previous meeting were read and adopted and the report of the financial standing of the Society tabulated by the Secretary-treasurer, Mr. J. A. Bernard, a discussion involving a considerable amount of criticism and a variety of practical suggestions was participated in by Messrs. Dr. J. A. Johnston, C. B. Morris, J. M. Ahearn, J. A. Hackett, P. P. Cahill, F. J. Bernard, P. M. Evans, A. J. Bernard, U. J. A. Brennan, J. H. Bernard, Urban Gaudet and several others. The matter of having the village incorporated was brought up and favorably received by the meeting, and steps will shortly be taken to ascertain the opinions of the ratepayers in reference to same. The following officers were appointed for the ensuing year: Pres., C. P. McCarthy, Vice-pres., Urban Gaudet; Sec.-treas., Henry J. Bernard; Executive committee, Messrs. P. P. Cahill, C. B. Morris, J. H. Bernard, E. J. McTague and John J. Gaudet. The meeting adjourned until Tuesday, 8th inst.

possessing not only high scholastic qualifications but also the art of imparting instruction to his pupils in a very marked degree. His capable assistant in the primary department, Mrs. Lena Murphy, is also doing excellent work. The district is to be congratulated on securing teachers of such a high standard of excellence. The Tignish Athletic Association has leased a portion of land from Mr. Fred Conroy. This land, which is in a very favorable location and near the village will give ample space for a baseball diamond, tennis courts and other various forms of outdoor sports, and will give the younger people an opportunity to indulge in pleasant and healthful recreation.

Our friend of the Pioneer seems to be somewhat exercised over the prospects of escaping the rigors of the house-cleaning season, through the medium of a Polar of Labrador expedition. No doubt he has in mind the expected Provincial Government house-cleaning, and our readers can readily understand and appreciate the cause of his extreme anxiety. Much as we would like to oblige our esteemed friend and relieve his evident discomfort, we nevertheless would not care to unduly delay our local news. The storm of public indignation, long brewing, since it burst forth in a tempest of adverse ballots, the wreckage of the Grid ship may constitute a dangerous menace to navigation. Let us venture to suggest, however, to our distressed friend that he might anticipate the disaster, head an expedition, and sail forth in search of the elusive surplus of the B. Government—the attainment of which goal would surely entitle his name to rank with the great discoverers in history.

Cuts and bruises disappear. When suffering from cuts, scratches and bruises, sprains, sore throat or chest and any similar ailment use Dr. Thomas' Electric Oil. Its healing power is known in every section of the community. A bottle of Dr. Thomas' Electric Oil should be in every medicine chest ready for emergencies that may always be anticipated.

FERRY STARTS RUNNING—Summerside harbor is at last free of the ice and the Summerside Bedeque Ferry started running for the season on Friday. Two years ago the service started one month earlier on April 5th, and last year on April 15. The first herring of the season were taken on Thursday in nets just outside the light-house. Incidentally the first person to go in swimming this year in these waters was Mr. Art Solner, who took a header in connection with the landing of his first catch, but from his remarks on landing he gathered that he was not recommending it as a pastime just yet.

Millers Worm Powders do not need the after help of castor oil or any other purgative to complete their thoroughness, because they are thorough in themselves. One dose of them and they will be found palatable by all children, will end the worm trouble by making the stomach and bowels untenantable to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs.

PERSONALS —Mr. Archibald Bell, Albany, was among the inward passengers on Saturday. —Mrs. (Dr.) Fleming, of Stanley, is visiting her sister, Mrs. Austin Murphy, Emerald. —Miss Mary Fleming, teacher at Spring Brook, French River, returned on Saturday evening from the Teachers' Convention in Charlottetown. —Messrs. Philip Monaghan, John McCabe and Alphonus Shreanan, of Kinkora, visited Summerside on Saturday. —Mr. D. J. McInnis, of Rose Valley, visited Summerside on Saturday.

Not a Laxative Nujol is a lubricant—not a medicine or laxative—so cannot gripe. When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication. Try it today. Nujol A LUBRICANT—NOT A LAXATIVE

BOARD OF TRADE.—The regular meeting of the Summerside Board of Trade was held on Thursday evening, President C. R. Rogers presiding. Owing to the inclement weather, there was a small attendance. After routine, considerable correspondence was read and the main service west of Summerside, and the attempt to induce the authorities to have the C.G.M.M. boat make Summerside a port of call. As regards this boat, although Mr. A. E. McLean, M.P., has pressed the matter vigorously with Sir Henry Thornton in conjunction with the board, it is evident in consequence of the necessary repairs that would be entailed at a time when Sir Henry is endeavoring to reduce the expenditures of his department, that Summerside will be passed by for this season. In regard to train service west, this matter is being pressed by correspondence with Mr. Pushe, Acting Superintendent, the letter from the Board advocating for many excellent reasons that the tri-weekly mixed train should be made into a daily service throughout the season. Mr. L. R. Allan and the President respectively reported for the committee, which waited on the Government at Charlottetown recently, and asked for aid in the entertainment of the members of the weekly press when they visit Summerside this summer and also for a grant towards the maintenance of a suggested Permanent Secretary to the Maritime Board of Trade. Both these matters were reported in our columns recently. Mr. M. L. Frank McKenzie spoke of the number of our boys going to the United States, and the need of factories here. He suggested that the business men get together and start an overall factory. This was something in which the fashions never altered and there was a constant demand. He contended that these particular garments could be made much cheaper here than in Montreal, and just as strong and serviceable. Such a move would mean the immediate employment of 50 to 60 young men, and that would be a benefit to town and province. The suggestion was favorably discussed and on motion of Mr. J. LeRoy Holman, referred to the industrial committee. Mr. L. R. Allan was appointed Chairman of the Railway Committee in place of Mr. J. LeRoy Holman, retired.
