GRAND MILLINERY DISPLAY HELD BY WEEKS & CO.

There was a Big Attendance of Sightseers—A Pronounced Success was the Verdict of the Many who Were Present at the Store—Description of Some Interesting Specimens.

Whether it was owing to the fact that the fall display of new Goods at the establishment of Weeks & Co., Queen Street was held coincident with the opening of the annual provincial exhibition on Tuesday, would account for the extraordinary attendance of lady shoppers or not, the fact remains that the display of fine fall goods, drew large numbers throughout the day to view the season's novelties provided by this popular firm. Weeks & Co. have the reputation of being in the very forefront of the city trade and enjoy perhaps the largest share of the best class of custom; they are therefore in a position to handle only the best and newest goods placed upon the market. Space being limited it is not the Guardian's intention to make an elaborate review of the various departments which go to make up this "up to date" establishment, suffice it to say that in the departments of ladies' fur goods, millinery, fancy goods, ladies' jackets and coats,

waterproofs, skirts, dress goods, gloves, corsets etc., these are unsurpassed for style and variety. Ladies who have hitherto patronized Miss Hamilton in the millinery dept. will be pleased to know that Miss Hamilton will remain in charge as usual. While catering successfully to the trade of so many of the fair sex the firm do as a large and increasing trade in men's and youths' outfitting goods. Underwear of both English and Canadian manufacture from the cheapest to the best grades, shirts, collars, ties, gloves, umbrellas, waterproofs, trunks and valises. A new feature is the opening of a special department for men's and boys' hats and caps; this department opened last spring, is separate and apart from the main store and is devoted entirely to these goods, being stocked with the newest ideas. This department is popular with young men and is fast taking the head of the procession.

MEDICINES YOU CAN TRUST.

There are no family medicines that have such a firm hold on the confidence of the people as those of Dr. A. W. Chase, the famous physician and receipt book author. The superior skill as a physician and the integrity of character for which Dr. Chase is everywhere known stand as a guarantee for his medicines, on every box of which are found his portrait and signature.

DYING BY SLOW DEGREES.

Although not always aware of it yet thousands die by slow degrees of atarrh. It first attacks the nose or throat, then the lungs, and finally spreads all through the system. Catarrh is the only remedy that will immediately prevent the spread of this awful disease. Every breath from the inhaler kills thousands of germs, clears the throat and relieves the pain across the eyes. Catarrh once eradicates every trace of atarrh from the system, and is highly recommended also for Bronchitis, Asthma, Deafness, and Lung Trouble. Price \$1.00 (trial size 25 cts.), all druggists. I had a \$1000 policy in— Life, (one of the big American companies,) which I have decided to drop after paying three premiums and take out a \$2000 policy in the Crown Life, for two reasons:

"1st—I believe the Crown Life a better and cheaper policy, giving equal and perhaps better results, and

From a personal knowledge I can heartily commend the International Correspondence Schools. About four years ago I enrolled as a student in the English Branches Course, and I can say without exaggeration that it was the best investment I ever made. The instruction was clear, thorough and practical. Every attention was given me, and I was urged to put forth my best efforts to secure a good record.
