FEARFUL COLLISION BETWEEN STEAMERS OFF CAPE BRETON EARLY YESTERDAY MORNING

Steamer Invermore, in Place of the Bruce, Collided Head-on With French Steamer Beluga, Both Damaged And Sinking, Made Port—80 Passengers And Both Crews Saved.

Special to The Guardian. NORTH SYDNEY, May 18—The steamer Invermore which temporarily replaces the steamer Bruce, left this morning with eighty passengers for Newfoundland. She returned later in the morning in a sinking condition, with her stern twisted out of shape and a gaping hole in her bow. It appears that during the dark hours of morning the Invermore and the French steam trawler Beluga, both under full speed, collided head on with disastrous results. Both were so badly damaged that

neither could assist the other and so both immediately headed for shore. The Invermore reached port safely without any passengers being injured or any particular excitement created. With the trawler Beluga it was different. This steamer's hold being full of water, the captain headed towards the nearest shore, after attempting first to reach the Dominion Wharf. Dreaming this unsuitable, he swerved toward the terminus and in this manoeuvre crashed into the Govern-

ment steamer Zaidee, smashing the latter against the immense steel pier. The Zaidee sank immediately, her crew having the closest possible escape from death and jumping to the wharf while both were sinking beneath them. One indeed was in the water for half an hour. The Beluga's crew were quite panic-stricken. Fifteen men were asleep in the forecastle when the crash came and tons of water poured in upon them, but despite the confusion all safely reached the deck.

CAMERON WINS IN THE ST. JOHN RACE

ST. JOHN, N. B., May 17—Over two thousand persons saw Fred Cameron, of Amherst, capture a five-mile race from Corkery, of Toronto, and Sterling, of this city. Cameron covered the distance in the remarkably fast time of 26.24 1/5. Cameron's time of 26.25 1-5 is the fastest yet made by the Amherst lad, his best previous time on an indoor track being 26.44. Made in Amherst, Cameron crossed the tape with a wonderful burst of speed, and apparently was as fresh as at the start. When the men lined up for the race they were given a great reception by the large crowd. At the crack of the pistol they were off like a flash, Cameron taking the lead. Sterling dropped in the rear, and for the first mile was apparently satisfied to let his opponents set the pace. The first mile was finished in 4.43 2-5. In the second mile both Cameron and Sterling ran at an even, steady clip, while Corkery continued to slowly lose ground. Sterling let out a little at the close of the third mile and closed up the distance between himself and

Nearing the finish, with a marvelous burst of speed Cameron crossed the tape about 20 yards ahead of Sterling in the fast time of 26.24 1-5. Sterling finished about three seconds later.
