**TODAY STRAND**

One of the most human, compelling and dramatic screen narratives in years, "The White Parade" is a presentation in the manner of a play, but with the added interest of superb entertainment. It is a story with a soul.

"The White Parade" may safely be described as an extraordinary picture. It is a gripping and a significant drama, and the manner of its presentation—buoyant, easy, and—has a distinct contribution to screen history.

Loretta Young offers a masterly performance as the young student nurse who is the heroine. The film shows her schooling from the day she enrolls, until just graduated, she has to make her choice between the man she loves, John Boles, and the service whose true meaning has become every day more real to her.

John Boles contributes a splendid characterization as the rich young man who, baffled by the altruism of these girl nurses, seeks to persuade her that her life lies with him. There are memorable performances also by Dorothy Wilson, Murdock, and Astrid Allwyn, who as the heroine's comrades, and the nurse who saves her life, and the nurse who are their superiors.

It's something new you want, and something enthralling, don't you? "The White Parade." A great story.

**ENJOYABLE DANCE**—A very enjoyable dance was held last night in the I. O. O. F. Hall under the auspices of the Nikes Basketball team. Music was supplied by Elliott's Orchestra.

**AT GYRO**—The regular weekly meeting of the Gyro Club held last evening in the Canadian National Hotel was devoted entirely to business having to do with the club. Mr. R. R. Bell presided.

**PARTICIPANTS IN DEBATE**—The following clipping from the Antigonish Gazette of Feb. 28 will be read with much interest locally: "On the subject, 'Resolved that an Anglo-American military alliance would at this time be a better guarantee of world peace than the League of Nations,' an inter-collegiate debate between Mount St. Bernard College and co-ed of Acadia University will be held here, March 19. The Mount St. Bernard team, which will uphold the negative side of the question is composed of Miss Frances M. Kiewlin, leader, Charlottetown; Miss Eileen McQuaid, Charlottetown, and Miss Mary Cusack, Sydney."

**MEETING OF THE SCHOOL BOARD**—At the regular monthly meeting of the City School Board held last evening at the Y. M. C. A., was well attended. Each member of the group spoke briefly on a subject of his own choosing, after which Mr. R. H. Rogers offered his criticisms. Plans were discussed for the next meeting of the club, which will be held on Thursday of this week and on each succeeding Thursday.

**PUBLIC SPEAKING CLASS**—The first regular meeting of the public speaking class, held last evening at the Y. M. C. A., was well attended. Each member of the group spoke briefly on a subject of his own choosing, after which Mr. R. H. Rogers offered his criticisms. Plans were discussed for the next meeting of the club, which will be held on Thursday of this week and on each succeeding Thursday.

**ADDRESS ON CANCER FUND AT ROTARY**

At the Rotary Club luncheon yesterday at which the President, Mr. W. A. Stewart presided, the Premier, Hon. W. F. MacMillan, M. P., was the speaker.

Dr. MacMillan, who spoke on the King George Jubilee Cancer Fund Campaign, at the outset commended the address by His Excellency the Governor General as a splendid gesture. Some may say that we are becoming tired of continued appeals, but life, after all, is simply one duty and responsibility after another.

He explained that the fund would be administered by a board of seven trustees including representatives of the Canadian Medical Association. In every province of Canada, the death rate from cancer is increasing all the time. It is now 147 per 100,000 population and stands third in the list of causes of deaths in this province. In Canada the death rate has increased from 7,600 in 1926 to 10,600 in 1933.

The speaker referred to the pamphlet prepared by Dr. Keopling and himself and circulated among our people, giving information as to the ravages and the treatment of cancer.

He also reviewed a pamphlet issued by the Cancer Clinic of Saskatoon with respect to this disease. That the overcoming of ignorance, on the part of the people and the medical profession is the biggest step in the control of cancer, that it is always preventable and nearly always curable if taken in time were other points stressed in the Doctor's address.

The great need of early treatment cannot be over-emphasized. Many deaths have been caused simply through procrastination. Cancer clinics which are in force in other provinces are valuable in the campaign against the disease, even though these clinics have their weaknesses.

Dr. MacMillan believed that when the fund is raised throughout Canada, each province may share in its benefits and may be given or loaned a supply of radium.

He sounded a warning against the treatment of cancer by quacks and said that many patients who were used some years ago are largely made up of arsenic and zinc chloride, caustics which eat away the tissue and cause great pain to the patient.

Periodical examination by one's physician was also urged. In conclusion Dr. MacMillan said, "The Governor General has acted wisely in inaugurating the King George Jubilee Cancer Fund campaign. I hope the contributions will be generous from Prince Edward Island, as well as other parts of Canada and to not know any other special case where the medical profession is so strongly against it as in dealing with the dread disease of cancer. Statistics show that we are losing in the race and that the death rate is increasing. Anything that can be done to combat this disease and to lessen the death rate is something which is worthy of the hearty support of the medical profession and the people."

**Acquisition To Portrait Gallery Of Historic Chamber**

A photograph of the portrait of His Excellency, Sir Charles Augustus Fitzroy, Lieutenant-Governor of the colony of Prince Edward Island, 1837-1841, has been taken and hung in its proper setting before his predecessor and successor in the Confederation Chamber.

The portrait, a mezzotint engraving, which was received a few months ago, also hangs in the Confederation Chamber. It is the gift of the Rt. Hon. E. A. Fitzroy, Speaker of the House of Commons, Westminster, and completes the array of the Province's twenty-six governors from 1770 until the present, save one.

The discovery of the portrait ended a search over a period of years and today Mr. R. Stewart, Deputy Provincial Secretary-Treasurer and Archivist, has reason for the satisfaction he feels in its acquisition. Unearthing portraits of the great in Prince Edward Island's past and the discovery of interesting relics to add to the collection in the Confederation Chamber has been his joy since taking over the office.

Now Speaker of the British House of Commons became interested in the collection, Mr. Stewart explained with enthusiasm. Last summer the British warship, H. M. S. Dragon, visited the port of Charlottetown. Aboard it was a youthful officer, Commander R. O. Fitzroy, son of the distinguished Speaker. When told of the archivist's vain attempt to unearth the much desired picture for the collection, he replied: "Why, I believe he is one of our forebears. Father may be able to help you." And "Father" did!

Several weeks later along came the portrait with the compliments of Captain the Rt. Hon. E. A. Fitzroy.

Letters and questionnaires have found their way to England, Scotland, Ireland, and even to the Antipodes in an effort to obtain other portraits for the collection which is now complete except for a likeness of His Excellency Charles Douglas Smith, Lieutenant-Governor of the colony from July 13, 1913, to Nov. 12, 1924.

**URGENT BETTER OBSERVANCE OF LORD'S DAY ACT**

Ministerial Association Circulates Petitions Recommending Stricter Enforcement.

The P. E. I. Ministerial Association met in St. Paul's Hall, Charlottetown on the 4th inst. with a good attendance. In the unavoidable absence of the President, Rev. C. A. Christie, owing to delay in the train, the Vice President, Adjutant Stevens presided. Matters pertaining to the Lord's Day observance, evangelism and temperance occupied the time largely.

Petitions are now being circulated through the Province, respecting the observance of the Lord's Day. It has been recommended that persons (male and female) from 15 years and upwards sign the petition. The petition is simply a request for the better enforcement of the Lord's Day Act, which has been the law of the land since 1906.

The petition is as follows: "To the Honourable the Lieutenant-Governor of Prince Edward Island, Charlottetown. May it please 'our Honour:—

"Your petitioners humbly desire you to bring to the attention of His Majesty's Government the increasing violation of the Lord's Day Act of Canada within the precincts of this Province.

"It is becoming more and more the case that general stores in town and country are opening for business on the Lord's Day.

"Gargues are found to be doing work other than the provision of gasoline and for the most part quite unnecessary on the Lord's Day.

"Violation of the 'Game and Fisheries Act' has become so common as to have seriously injured these sports for which the Province has long been famous.

"The Sunday quiet of the shore residents of the Province is disturbed by noisy and sometimes drunken revellers on the beaches, while greed of gain is encouraging all sorts of commercial enterprises on these resorts.

"We beg to bring these matters to your Honour's attention and to point out that these and kindred violations of the Lord's Day Act of Canada interfere seriously with the liberties of Sabbath observing citizens, whose interests this Act is designed to protect.

"We desire to secure your Honour of readiness to co-operate with the Government of the Province in every movement for the betterment of living conditions within this Province.

"And your petitioners will ever humbly pray.

"We beg to remind the people of the Province, that there is a Lord's Day Act, which should assure all classes of the privilege of rest and worship, one day out of seven.

"Lord Macaulay said, years ago: 'We are not poorer, but richer, because we have' through many 'rested' from our labour, one day in seven... a process is going on quite as important to the wealth of nations, as any process which is performed on more busy days.'

**WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL**

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a more movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a ache, bad taste and your breath is foul. This often breaks out in pimples. Your liver aches and you feel down and out. Your whole system is poisoned.

It takes three good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't get for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware a substitute. Get at drug stores. © 1931 C. M. C.

**Wide Field For Story Writers In Bureau Contest.**

Owing to the deep interest taken in the Story Contest sponsored by the Island Travel Bureau, the time limit for receiving stories has been extended to March 15th, and the winner will be announced on March 26th.

Arrangements are now being completed for the early release of several good stories through the press and over the air.

A suggestion has been made by a valued contributor that certain subjects might be dealt with and the suggestion is gladly passed along to those interested. No doubt there are many persons who have vivid recollections or first hand knowledge regarding the following:

- Reception of the Marquis of Lorne and H. R. H. Princess Louise, Turning of first sod on Prince Edward Island Railway.
- Crossing the capes on winter ice boats.
- Stage Coach travel before the railway.
- Old time Political meetings.
- Spinning Jenny accomplishments.
- Family loom and home made carpets and blanket period.
- Making suits from home made cloth. Family Tailors.
- Indian made wash tubs, buckets and measures.
- Old time Indian encampments.
- Sports on the river—Goose chase on the Hillsboro, Indian salmon fishing, spearing, wild duck hunting, fox and animal trapping.
- Old time fair days, the invasion of seals, picnics by old methods of travel, historical toms, fish yarns and legends, ghosts of superstitious days.

Nursing was read by Mrs. Pierce, followed by a contest which was very interesting to all present. It was decided that the roll call for next night be answered by "Something Good to Eat."

Mrs. W. T. Coady invited the next meeting. The meeting was adjourned by singing the National Anthem.

Supper then started a delightful lunch, followed by instrumental music which closed a very pleasant evening.

**Imitation Of Life**  
At Capitol

Claudette Colbert is seen as a very energetic and modern young business woman in her latest screen play, "Imitation of Life." John M. Stahl's Universal production adapted from the Fannie Hurst novel, which is now at the Capitol Theatre, Aunt Delia's Pancake Flour, with its sales amounting to millions of boxes per year, is the product which brings fame and fortune to the fascinating Claudette, who is here seen in a role decidedly different from anything she has ever attempted before.

Stahl has long been known as a master in the direction of domestic dramas, and here he has undoubtedly exceeded all his past efforts. This may also be said of the versatile Miss Colbert, who delivers in this picture a characterization which she has never before approached. In moods of gaiety or of tragic drama she is equally effective and at all times altogether charming.

Warren William is an attractive figure as her lover in the later sequences of the story, and Ned Sparks is his delightful self as the surly Elmer. Rochelle Hudson and Fred Washington are pleasing as the two young girls in the story, the first as the white daughter of the widowed Miss Colbert, and the latter as the mulatto child of Louise Beavers. Miss Beavers is excellent in the greatest screen role ever played by a colored person. Of the children, three-year-old Baby Jane is revealed as a remarkable child actress of definite starring possibilities.

Coupons for entry in a Claudette Colbert coloring contest are given out with each admission purchased at Capitol during the three day run of "Imitation of Life."

**ST. JAMES YOUNG PEOPLE'S SOCIETY**

The second meeting of the St. James Young People's Society held in St. James Hall last night with over fifty members present. The feature of the evening was the address given by Mr. Ralph Morton on the development of modern news gathering. A vote of thanks moved by Mr. John Denny, seconded by Mr. J. A. MacLaren, and supported by the speaker, was adopted by the members of the society. The meeting opened with a prayer by Dr. Moorhead Legate and after Mr. Morton's address, the business of the meeting was brought up by the President Mr. R. R. Hurst. On March 11 a benefit skate will be held at the Forum. The following Monday March 18, a supper will be given in the Church in aid of which the boys will act as waiters, and on March 25 the meeting will take the form of a Spelling Bee. The President announced that the donation of ten dollars from the Ladies Aid had been acknowledged by the Secretary Mr. Heath Saunders. The functions of the society will include money raising, entertainment, and debating, public speaking, and current events. The meeting was brought to a close by the singing of O Canada, after which many of the members enjoyed ping pong at the three tables in the basement.

**Directors Of Y.M.C.A. Meet**

The regular monthly meeting of the Board of Directors of the Y. M. C. A. was held last night with the president, Dr. J. A. Clark, in the chair. The report of the treasurer, Mr. W. M. Rowe, showed the finances of the Association to be in a very satisfactory condition. Dr. Clark and Mr. Rowe, local representatives on the National Council of the Y. M. C. A., referred to matters having to do with the support of the work in Canada and on the foreign field. April 23rd to 28th was decided upon as the time for the annual financial campaign of the local Association. Dr. E. E. Best, General Secretary of the National Council, and Mr. Harry Ballantyne of the National Council staff, will both be in Charlottetown to assist in the campaign. Campaign plans were discussed and it was announced that Mr. P. W. Turner had consented to act as campaign chairman.

Following action taken at last night's board meeting, Mr. W. E. Cook of the National Council will visit Charlottetown in connection with the development of a program for leisure time activities.

The report of the physical department showed a total attendance of 1,069 in all activities for the month of February.

The report of the General Secretary indicated a growing interest in the moving picture entertainment held each Friday night for community boys. A continued interest in the night school classes which are being held was also announced in the report. The Sunday evening song service, held in co-operation with the E. C. M. Club, was well attended and of interest to the students and young people of the city in general. The report also made reference to the progress of a public speaking class which has recently been organized and will meet weekly throughout the balance of the season. Mr. R. H. Rogers has consented to act as counsellor and critic.

Continued interest is being shown in the "father and son" banquet, scheduled to be held March 18th, and in the boys' and girls' hobby exhibition to be held during the week of the Easter holidays.

A resolution paying tribute to the life and services of the late Dr. V. L. Goodwill, a member of Y. M. C. A. Board of Directors,

**NOVA SCOTIA LEGISLATURE OPENS TODAY**

Legislation Expected To Follow Along The Recommendations Made By The Jones Commission.

(C. P. By Guardian's Special Wire) HALIFAX, March 4.—Activity stirred Nova Scotia's historic old province building tonight as legislators cleared the decks for the second session of the province's 17th Legislature since Confederation.

Tomorrow at three o'clock Lieutenant-Governor W. H. Covert will formally open the session with all the traditional ceremony reserved for that colorful function—and a bit more; this year, when the sergeant-at-arms bears the mace into the chamber, he will be in full highland regalia.

Full Scottish Regalia

It will be the first time a kilted Scot—the is D. B. MacLeod, former member of the House—has ever carried in the symbol of office. It will be the first time, too, that newsreel cameras have ever photographed the ceremonial opening.

The 18-gun salute will boom from Citadel Hill's guns as Lieutenant-Governor Covert enters the chamber, passing a guard of honor from the Royal Canadian Regiment drawn up at the salute.

Then will follow the Speech from the Throne outlining the government's legislative programme.

Jones Commission

Much of it is expected to be concerned with the implementation of recommendations made by the Jones Commission, which last year investigated Nova Scotia's economic troubles. Premier Angus L. Macdonald has indicated such recommendations as are within the purview of his government will be implemented.

Almost certain to be the subject of legislation is the establishment of a permanent civil service, a commission recruitment. An economic advisory council and a department of municipal affairs are expected also to be constituted.

There will be discussion on the government's public works programme for the year— involving about 200 miles of hard-surfacing of highways; on tourist promotion, and likely on the question of whether

was passed by the Board for record in the minutes of the Association of 1930.

night and over the weekend, police said only their timely action had prevented the outbreak of the revolt in Salonika instead of Athens.

Government authorities charged tonight the existence of a long-prepared Venetist plot had been established through the interception of a radio message from the aged rebel leader which indicated he had awaited only the arrival of the rebel ships at Crete to assume leadership.

Centre Of Revolt

Fighting was raging about Seres and Drama in Macedonia, with rifles and machine guns crackling at the spot where Roman broadswords and javelins flashed as Brutus and Cassius went down to defeat before Octavius and Antony at the battle of Philippi nearly 2,000 years ago.

Thrace, northeastern province bordering on Turkey, was ablaze with revolt, according to the few reports that managed to seep through the rigid censorship, with all Greece under martial law.

HAZELBROOK W. I.

The February meeting of the Hazelbrook Women's Institute was held at the home of Mrs. John Pippy with an attendance of seven members and three visitors.

The meeting opened in the usual way by repeating the Creed and roll call followed by the minutes of the previous meeting which were approved as read.

**FREIGHTERS UNREPORTED**

(C. P. By Guardian's Special Wire) HALIFAX, March 4.—Two coal-laden freighters bound for Halifax from the British Isles were still unreported tonight as sturdier vessels reached Havens along the Atlantic seaboard after being battered and delayed by gales.

Agents here said they were hopeful they had not received any word of the 1,804-ton P. Madsen, 26 days out of the Tyne, and the 2,140-ton Frode, 22 days out of Immingham.

A much larger freighter, the 4,943-ton German motorship Kelkheim, put into St. John's, Nfld., to replenish her fuel supplies today after a 26-day passage from Sweden, and tonight the 4,241-ton Dutch steamer Beemsterdijk came into Halifax for the same purpose.

The Kelkheim escaped damage, reports from Newfoundland said, but the Beemsterdijk had a wrecked wheelhouse, broken windows and damaged decks. She remained in Halifax only long enough to fill oil tanks, then sailed for Boston.

Also delayed by the heavy seas, the Cunard White Star liner Ausonia is not expected here until tomorrow morning. She was due Sunday.

**Explanation Accepted As Satisfactory**

(C. P. By Guardian's Special Wire) OTTAWA, March 4.—Inquiry had satisfied him, Sir George Perley told the House of Commons today, that Italian Consul General Luigi Petrucci had no intention of interfering in Canadian affairs, as suggested in a question raised in the chamber last Thursday.

Humphrey Mitchell (Lab. Hamilton East) had taken exception to a newspaper report quoting a speech made by Mr. Petrucci at a banquet for Italians living in Ottawa.

Mr. Petrucci had been quoted as saying Italians living in Canada would have the task of explaining to their fellow Canadian citizens the "real meaning" of the Fascism of Mussolini so that it will be much easier for the Canadian people to adapt themselves gradually to the new economic and political system which is hardly avoidable.

Sir George read an explanatory letter from the Italian diplomat in which Mr. Petrucci expressed regret that "the report of my address has given rise to misunderstanding of the purpose and meaning of my remarks."
