

W. C. T. U. NOTES

Seven Sailed For Pleasure

By Graham Yorks

THE CLEAR SIGHTED DRIVER
How dear to our hearts is the clear-sighted driver who sees far ahead, and the cars on each side!

TRAFFIC TRAGEDY

In the past 15 years, traffic accidents in the province of Ontario have killed almost 10,000 persons—actually wiped out a population the size of Orillia or Barrie.

BIBLE READING

Matthew 6:11-26
Give us, day by day, our daily bread.

The world is hungry. In Greece alone 375,000 children are starving, and according to reports of the U.N.O. the world food crisis will continue beyond 1948.

UNIONS PLEASE NOTE

Arthur Buckley, Toronto Y. M. C. A. Secretary, in an interview at Edmonton said parents are not doing a good job for their children.

DIRECTOR OF TEMPERANCE EDUCATION FOR THE MARITIMES

Two meetings have been held during the spring, one in Moncton and one in Sackville, with members from the Temperance Federations of New Brunswick, Nova Scotia and Prince Edward Island present.

B. C. TEMPERANCE LEAGUE SECRETARY

After a score of years of temperance activity Rev. R. J. McChesney is retiring and the League is seeking a successor.

"I think I've said he didn't make the accusation in so many words, but he tried to imply that I knew all about it and that that was the reason for my sudden friendship for her."

"No, I suppose they don't," admitted Sir Timothy.
There was an awkward silence for a moment then Sir Timothy asked: "You're in love with Miss Winstanley, I take it?"

"I like her very much," he promised. "She's been wonderfully kind to me. I've even gone so far as to threaten to fall in love with her."

"But it's not our fault that we're stuck here," Stephen protested. "Can they suggest any way out of the difficulty?"

TROPICAL STORM

"On the contrary it was most entertaining," he replied. "The old man's in quite good form. He'd offered to put a fortune to my very modest banking account the moment we get back to London. What do you think of that?"

"All depends on how big the fortune is," he told her. "I might develop expensive tastes living permanently ashore and that would mean money."

DIVE FOR SAFETY

Unless you can dive, when you go in for a swim, you should certainly hold your nose as you take to the water feet-first, for, say the health experts, water forced up into the nostrils can carry infection to nose, throat and sinuses.

MAYORS' SEA-MEET

RAMSGATE, England -- (CP) -- The first council meeting ever to be held at sea took place between Ramsgate's local government officials and mayors of some French coastal towns aboard the pleasure steamer Queen of Kent, anchored off Calais.

SOLDIER SUGAR PLANTERS

UMPOLOSI, South Africa -- (CP) -- Arrangements have been completed for the settlement of 50 returned soldiers as sugar planters on reclaimed land near this Zululand town.

DIVER SPEARED

PERTH, Australia -- (CP) -- A swimmer at Scarborough beset by a shark speared himself in the surf and dived straight into a breaker. He was speared through the nose by a garfish but penicillin saved him.

CHICKEN CALL

ROMANCE, Sask -- (CP) -- When her chickens break out of their wire enclosure to invade the neighbors' gardens, Mrs. George Pitha, romance postmistress, does not dash out after them but standing on the back porch of her home she lets go with a few eerie hawk cries. The gullible chickens come home on the double.

CHARLOTTETOWN DELIVERED PRICES OF GENERAL MOTORS CARS
FROM time to time, as a matter of public information, we have published the Retail Delivered Prices of General Motors Automobiles.
In accordance with this practice and to eliminate any uncertainties or confusion, we are again publishing the present Retail Delivered Prices. These prices include Standard Factory Equipment, Dominion Taxes and spare tire. Provincial and Municipal Taxes where such apply, license fee, and optional equipment are, of course, additional.
