Sport Echoes From Prince County

There's a new president in the chair of the "300 Club" of the Summerside Community Bowling League. Methinks the other members will have plenty of trouble getting him out of there. President — Alie Harris, Curran & Briggs — 222; Vice-President — George Guergis, Curran & Briggs 222; Sec'y-Treas — Windy Clow, MacQuarries — 201; Other members — Earl Smith, City Slickers — 219; Pinky Peters, Dodgers — 218; Austin Brooks, Curran & Briggs — 213; Syl Bernard, Dodgers — 210; Bill Arsenault, MacQuarries — 207; Tanton McNeill, Legion — 208; Ed Arsenault, Dodgers — 205; Keith Champlain, City Slickers — 203; Ray Durant, Dodgers — 201.

We had the pleasure of seeing a very exciting game of basketball at the Summerside airport Friday evening. The game went down to the final minute with both teams even and Ray's Millionaires just managed to come through with a 47-45 victory with 11 seconds to go. The arena led from the very start of the game and were never headed until the dying seconds.

Bob Bayne, playing left forward for the losers, had a commanding lead among individual scorers, with LePage of the Millionaires having a slight edge over his teammate, Nicholson. This is how individual totals went: R. C. A. F. — Mickus, G—8; Heide, G—8; Carson, C—8; Foy, RF—3; Pinnarault, LF—0; Anderson, G—0; Bayne, LF—25; Bulls, RF—0; Oliver, G—2; Delaney, LF—0. Total — 45. Ray's Millionaires — McKinnon, G—4; Goodwin, G—0; Simpson, C—2; Nicholson, RF—13; Court, LF—4; Reddin, LF—0. Total — 47.

Fans were present from the town of Summerside, and were enthusiastic over the game, which had been played in the vicinity for some years. There is talk of organizing a team from the town, and the local station has kindly offered its facilities to provide practice for a high school team if such an aggregation is organized.

The Summerside High School football team was defeated by the second Prince of Wales team, 6 to 0 Saturday. The boys eventual winners of the rugger pastime and staged interludes of fluticuffs and third-degree mayhem. These were all no-decision contests.

The Summerside hockey team got in a stiff practice over the week-end and are determined to put up a better showing against the Welshmen Thursday night than they did against the Navy, Champagne, onetime goalie for the airforce at Mont Joli, was slating a tryout in the nets, and "Colin" Schurman, king of the "catchweight" hockey with the bigger boys. This would put the Dynamic Duo both on the inter-mediate, and some sort of explosion should come out of this arrangement.

New Chancellor Of King's College

HALIFAX, Nov. 15 (CP)—Hon. Ray Lawson, Lieutenant-Governor of Ontario, will be sworn in "before very long" as chancellor of the University of King's College—the oldest university in the Commonwealth overseas. The post has been vacant for some years.

In Toronto, Mr. Lawson's secretary said the chancellorship would not conflict with his position as Lieutenant-Governor. Born Aug. 30, 1886, at London, Ont., Mr. Lawson has been Lieutenant-Governor of Ontario since Dec. 26, 1946. President of several business firms in that Province, he is a director of the Royal Bank of Canada and an ardent sportsman.

The University of King's College was founded in 1829 at Windsor, N. S., and granted a royal charter—under which it has operated since—by King George III in 1802. It was the second King's College founded on this continent. First was Columbia University, re-named after the American revolution.

After destruction by fire in 1920, King's was moved to Halifax under the Carnegie Scheme, aimed at uniting all Maritime universities into one. The plan, however, later fell through.
