 Stella Dallas At Prince Edward
 Movie fans who were drawn to the Prince Edward Theatre last night by the announcement of Samuel Goldwyn's "Stella Dallas" as the premiere attraction, came away thoroughly satisfied that they had seen the most compelling motion picture production since the silent version of the same picture took the country by storm some 12 years ago.
 Her sheer dramatic intensity "Stella Dallas" has rarely been approached. And the artistry of Barbara Stanwyck's performance in the title role definitely places her in the top brackets of the screen's greatest actresses.
 From the opening sequence the audience is enthralled as the poignant drama of the mother who sacrificed her own right to happiness for the sake of her daughter unfolds on the screen. The two characters were alternately wreathed with smiles and streaked with tears as Barbara Stanwyck brought to vivid reality the heart story of the village lady woman who rose to glorious, magnificent heights through her sublime love for her daughter.
 John Boles is splendid as Stephen Dallas, the husband whose sensitive and cultured personality is out of key with the gaudy flamboyance of his wife, Anne Shirley. He is perfectly cast as the daughter, and Alan Hale contributes a leavening of lusty humor as the roistering Ed. Munn, for whose friendship Stella Dallas wrecks her home and life.
 "Stella Dallas" is one of the truly great pictures of the season and is a positive "must" on everyone's movie-going schedule.

ANNOUNCEMENT—Mr. Solomon Jake, Moncton, N. B., announces the engagement of his elder daughter, Mrs. Sarah, to Maurice Block, son of Mr. and Mrs. Abie Block, Charlottetown, P. E. I. Marriage to take place in the near future. L-26-5-3-11.
HORSE NOTE—What is said by horsemen to be one of the finest colts on the Island is at present owned by St. Dunstan's University Farm, a 10-12 months old filly weighing at the City Scales 1006 pounds. This fine hand-made filly, named "Nero" owned by Mr. P. J. Martin of Hunter River, is a splendid example of the magnificent horses that are raised on P. E. Island. Father McQuaid will be delighted to show visitors this colt that they may judge for themselves that P. E. Island still raises horses that compare favorably with the best of former years.
MISS OULTON SINGS—Last Thursday a song recital was given in the concert hall of the Toronto Conservatory of Music by the pupils of David Dick Sinker. Among the singers on the program was Miss Ethel Oulton, daughter of the late Mr. W. R. Oulton, of Alberton, P. E. I., who was in Charlottetown for a time in connection with her office as secretary in the Sinker's office. Her numbers: "Visti d'Arte" by Puccini; "Come Sweet Morning" arranged by A. J. Calvert; "Besley, and "The Piper" by Head.
Worm trouble in foxes and other fur ranch animals, as also in dogs, can be helped by feeding Ross-Miller Charcoal biscuits once or twice a week. This cleans the stomach and aids digestion also.
Miss Allie Mulheed and her two nieces, Misses Edna and Laura Hodgson, who have spent several months at St. Petersburg, Florida, left on Thursday on return to Canada. They are several days in Washington, New York and New Jersey and are planning to arrive in Charlottetown about June 1st.
strong. The hymns were "Jesus Lover" and "Rock of Ages." The Ladies' Aid Society, Mrs. James Lalchere, Everett Harris, Harry MacGregor, Russel Brehaut and J. Stewart. Interment took place in the Montague Cemetery. The funeral of the deceased, Harry Paul Harris of that place, took place at her home in Montague on Tuesday 26th, Rev. Arthur Long of the United Church conducted the service assisted by Rev. C. E. Armstrong.

ROTARY
 An election by acclamation of a president and directors was held at the Rotary luncheon yesterday. A month ago the Nomination Committee brought in a report, and it was then decided there would be no further nominations. The list was approved of today is as follows:
 President, George J. Tweedy, K.C. Vice President, R. Cooper. Secretary, P. S. Cobb. Treasurer, Roy Quigley. Directors (the Executive Committee) also Dr. E. S. Giddings, Dr. Heath MacIntyre and N. D. MacLean, Past President.
 The new officers will not take over their duties until July 1st. The President-elect expressed appreciation of the high honour conferred on him, and thanked the Rotarians for the kindness extended to him since he came from the country to Charlottetown twenty years ago. "We will pitch our Rotary plane," he said, "to a star, and with Dr. Giddings as pilot there should be no danger of a crash."
 The sympathy of the club was extended to Rotarian Gordon Ives, whose family was recently bereaved by the death of Mrs. Rhude. Dr. Gilbert Houston, newly elected Rotarian, was introduced by Dr. Harold Shaw, and the change read by Dr. W. J. MacMillan.
 President Neil MacLean read a letter from the Seckville Club ending that the Charlottetown Rotary raise their nominee, Harold Wilson McKiel, Dean of the Faculty of Science, Mount Allison University, for Rotary District Governor.
 Another candidate is Larry Alline, of Madawaska, Maine.
 It was decided to alter the matter until a later meeting, as there may be other candidates to be considered.
 It was announced that at a meeting of the directors it was recommended on the suggestion of the Rural Urban Committee, that they give this year a scholarship of \$25 to the candidate from the country making the highest marks in Rural Science in Prince of Wales College matriculation examinations, with a recommendation that this be continued from year to year.
 Past President Murrell spoke in favour of this scholarship, as it was a gesture of the Rotary Club showing that they were desirous of helping the rural community.
 Past President Boulter did not have much sympathy with the resolution as it did not mean much to him, and he did not understand just what Rural Science meant and to what extent it was being taught in the schools.
 Rotarian Keith Rogers thought that it would not be fair to exclude city pupils from competing for this scholarship. Any movement to forward the back-to-the-land or stay-on-the-land movement should be encouraged.
 On motion, it was decided to leave the matter over until the next meeting when the chairman of the Rural Urban Committee, Rotarian W. R. Shaw (who was absent) would be present and give a further explanation of the proposed scholarship.
 Governor P. W. Turner and President N. D. MacLean were appointed official delegates to attend the district convention in Saint John on May 18th and 19th.
 The desirability was stressed of having a large attendance of able delegates at this conference, as Charlottetown intended to extend an invitation to meet here next year.
 The guests were Rotarian Alexander J. Irving of Saskatoon, President of the Life Underwriters of Canada; Dr. P. A. Creelman and Dr. Higgs.
 Mr. Irving on being called upon, gave a brief address, and "bring-down-the-house" with a number of his humorous stories.

DOES YOUR PRESENT LIFE INSURANCE GO ALL THE WAY?
 Is your present life insurance a complete bridge, or does it go only part of the way? If incomplete, such a bridge might well become, in the future, a bridge of sighs!
 Complete your Bridge of Life Insurance lest it become a Bridge of Sighs for your dependents. The man of today, assisted by astute counsel sets up a complete life insurance programme which provides against every future financial setback.
 Dominion Life representatives are well qualified to advise you on ways and means of completing your Life Insurance bridge. Consult:

Central Creameries New Truck
 Introduces Artificial Refrigeration On Wheels

 The Maritime's first mobile refrigeration unit of its kind a 1 1/2 ton truck, custom built by the Elder Carriage Co., of Toronto, for the Central Creameries Ltd., is now in service in Charlottetown. Mounted on a Chevrolet truck chassis with a 157" wheel base this new unit of equipment completes the final link in an unsurpassed service to the public. Built expressly for the conveyance of Perfection Ice cream, Perfection Brand butter, Kold-Pak Strawberries, and other perishable product the new truck is snow-white in color, with red lettering shaded in silver. It has a capacity of 275 gallons of ice-cream and is roomy enough to transfer 500 lbs. of butter with plenty of room for other products.
 It will be of special importance in the delivery of icecream, which depends on low temperature to retain its quality and texture.
 Heretofore Perfection Icecream has been delivered in an old-fashioned refrigerator box, constructed on an ordinary truck. This box was cooled by ice and salt. With the purchase of the modern refrigeration truck, this old messy, semi-efficient method goes into the discard. A brief description of the truck and its construction will make clear the importance of delivering ice cream at the proper temperature.
 The refrigerating compartment is heavily insulated with cork board and fitted with two cooling tanks to hold the temperature. These tanks are charged by connecting flexible hoses with the main refrigerating system at the Central Creameries plant, just before the truck starts on its regular route. Through the hose the refrigeration compartment is cooled to below zero temperature. The actual temperature of the ice cream when removed from the storage room may be anywhere from 5 degrees below zero and ten degrees below zero. Its temperature should not be permitted to rise above 5 to 8 degrees above because the delivery truck refrigeration compartment must be held at a temperature that will insure essential also that the ice cream should not be permitted to rise in temperature faster than 3 degrees per hour. If the temperature rises more rapidly the ice cream next to the cans tends to soften and change in texture since all the heat absorbed by the entire mass must pass through the outer surface in contact with the can. Any change in texture means a deterioration in the product and thus it can be seen that while every care and precaution has been taken in the manufacture of Perfection Ice Cream, that the new truck fulfills a very important final link in the chain of service to the public.

ATKACK TRADE 'S MARIJUANA
 LONDON, May 2—(CP)—A stamp out traffic in marijuana has been following a court statement that Andrew Vanderberg, Canadian was imprisoned for gunplay, was under the influence of the drug at the time. A product of Indian hemp plant, marijuana may be eaten, drunk or inhaled. The most popular form of taking it is in cigarettes.
 The News-Chronicle declared a gang with a distributing centre in Soho had become increasingly active "and the cleverest men in the Yard's dope squad have been put on the track of peddlars of cigarettes containing this dangerous drug. Enormous profits are made and, as is often the case in the illicit drug trade the customer is frequently switched."
 "Addiction is held responsible for many murders, suicides and particularly sexual assaults. It differs from that due to opium, cocaine and alcohol because it does not produce a craving."

IN Memoriam
MRS. REGINA ATKINS
 The death occurred at her home in this city yesterday forenoon of Mrs. Regina Atkins, after an illness of about a year.
 She was visited frequently by her father, Mr. James McCormac and Douglas of the Basilica staff, receiving the Last Rites of the church from Father Dougan. The late Mrs. Atkins was a faithful member of St. Dunstan's Basilica.
 She leaves to mourn the loss of her husband, Mr. James McCormac, a loving family: Mrs. Frank Horn, Mrs. James McCormac, Mrs. John Stewart, Mrs. Stanley Bowles, Halifax; Mrs. James Roberts, and Miss Margaret, City; Ambrose, Halifax; Mrs. James McCormac, and all of whom she was very dear and to whom the Guardian extends sincere sympathy.
 The funeral is being held this morning from her late residence 207 Sydney Street at 8.45.
MRS. FRANK MORRIS
 Friends will learn with regret of the passing at her home in this city yesterday morning of Mrs. Frank Morris in her 85th year after an illness of about six months. She was in this city a daughter of the late Mr. and Mrs. Theo. Aitken, who resided here her entire life, and by her kind disposition and a willingness at all times to assist those in less fortunate circumstances enjoyed a large circle of friends.
 She was a faithful and consistent member of Trinity United Church, where she was a devoted worker in connection she gave of her time without stint and was noted for her wonderful work in this society. Her husband and here she will be sadly missed.
 She leaves to mourn a sorrowing husband, two daughters, Lella and Helen and one son Gordon at home, also surviving are two sisters, Mrs. Hanson, Somerville, Mass., and Mrs. Dore, Bermuda, to all of whom the sincere sympathy of an extensive circle of friends is extended.
 One son, Frederick predeceased her thirteen years ago.
 The funeral will be held on Wednesday afternoon from her late residence 221 Weymouth Street.
MRS. MACKENZIE MATHESON
 Many friends learned with deep regret of the death at her home of Mrs. MacKenzie Matheson of Bradsbane, on the 18th. day of February 1928.
 Before marriage she was Lila Pearl Reeves, daughter of Calvin Reeves of Freeport, P. E. I. She had been in falling health for a number of years and was only 43 years of age.
 There are left to mourn their loss, her husband, MacKenzie Matheson, and one daughter Verna Margaret, her father and step-mother, Mr. and Mrs. Calvin Reeves, and two half-brothers,

Business Man Accused of Rheumatism
 (Before Mr. Justice Kruschen)
 JUDGE: Have you anything to say, prisoner, before sentence is passed?
 PRISONER: Well, my lord, I can't see that rheumatism is a crime.
 JUDGE: In these enlightened days all preventable illness is a crime—just as much as suicide is. You've no right to have rheumatism—lowering your efficiency, spreading gloom, making yourself a liability to your family and your country, instead of an asset. Do you know that rheumatism costs the country millions of weeks of work a year?
 PRISONER: But I couldn't help getting rheumatism, my lord.
 JUDGE: Don't be so sure! The common cause of rheumatism are constipation and excess uric acid. As man to man, can you stand there and tell me that you can't prevent these?
 PRISONER: Give me another chance, my lord!
 JUDGE: In this Court of Hygiene we don't punish—we reform. You are released on probation for three months on condition that you start at religiously keep on taking the "little daily dose."
 PRISONER: But — but that's exactly what my doctor ordered me years ago!
 JUDGE: And you took no notice?
 PRISONER: Well, my lord, the expense...
 JUDGE: Expense? Nonsense! The Kruschen habit costs much less than a day, but it will reform your "body and soul." Get rid of the poisonous waste matter from your system, and you will be a new man—keen, cheerful, efficient, without a care in your heart or an ache without a care in your body. Go away now and don't let me see you here again, or it may be a more serious matter. Next case!
