however, the Exhibition Association certainly deserves congratulation; the galaxy of high-class, keen entertainment that will be provided, could only have been secured through the means adopted by the Association; the services of a well known Amusement Manager were enlisted, and the gentleman was instructed to tour Canada and the United States, with the object of engaging such of the latest, novel attractions as had been most thoroughly successful. The result has been very satisfactory.

CASCUMPEC NOTES.—With the exception of a few of the larger farmers the people of Cascumpec have about completed their haymaking operations for this season, it being much better than expected. Other crops present a very good appearance.—H. E. Lockerby of this place has been absent from home for the past few days, attending the funeral of his aged mother who passed to her reward Aug. the first.—After about three weeks of anxious waiting the entrance examinations for Prince of Wales College appeared in print. Among the successful few were those of Winfred Bridges, Heber Gordon and Miss Geraldine Sweet the latter winning the scholarship for Prince County, the other two names being well up in the list. We heartily congratulate them on their success and wish them further success as they go to Prince of Wales College this coming September. Great credit is due not only to themselves but also to their teachers Henry B. MacLean who took such deep interest in his great work of teaching the young. The high marks gained by those named above will prove to us the excellency of his teaching. Since he left us we were sorry to hear of him being laid up for some three weeks with blood poisoning, but we are glad to hear that he is improving and wish him speedy recovery.—The Presbyterian church at Bloomfield after undergoing various repairs was reopened on Sunday the 10th inst, services being held in the morning, afternoon and evening.
