MILITARY MEDAL MAN.—The Montreal Standard of last week publishes a photo of Private Daman A. Ross, of Flat River, who has been awarded the Military Medal for bravery on the field of battle. Pte. C., with which regiment he recently crossed the Rhine and with which he will probably return to Canada the latter part of this month.

OUR WONDERFUL ISLAND.—From time to time enquiries are made about the resources and present status of Prince Edward Island. Even people of our own province are not as familiar as they should be perhaps. Replying last week to an enquiry from Quebec the Publicity Agent made the following statement:—"Our farms are far the most productive of any in the Maritime Provinces. Our fisheries which now produce a value of \$1,500,000 yearly are capable of great expansion. Our silver foxes of which we have thousands in our fox ranches are the most valuable domesticated animals known to man. They come to maturity in a single year and their pelts sell for from \$200 to \$1000 each. Our small community of less than 100,000 souls created the fur farming industry and made the little province the headquarters of that great and growing enterprise. Per square mile P.E. Island has almost double the population of any other province and has four times as many cattle; four times as many sheep; five times as many hogs and nearly ten times as much poultry as any other province in the Dominion of Canada."
