THE Stanley has received instructions to make an effort to reach Charlottetown tomorrow. Very heavy ice is reported by Point Prim and St. Peter's Island people, between the Point and the Block House.

THE many friends of Frank H. Dorion, formerly of Charlottetown P. E. Island, will regret to learn that he is in a critical condition at the Brooklands Hospital. It will be remembered that Mr. Dorion was injured at the Steel Works a few weeks ago.—Sydney Record.

JAS. W. McDONALD, contractor, has returned from P. E. I., where he has been inspecting the plans for some public works which he is tendering for. He expects to assume the work on the sewerage of this town whenever the frost is sufficiently out of the ground.—New Glasgow Chronicle.

WILLARD KITCHEN, Contractor, Murray Harbor Branch Railway is advertising elsewhere in this issue, for 20 men to work on the Railway as soon as spring opens. As there will be lots of work and good sure pay our Island boys will no doubt take advantage of Mr. Kitchen's offer and remain on the Island this summer.

JAMES MCINTYRE, North River, on his way to the city Saturday morning got his horse in the ice above the North River Bridge. It appears Mr. McIntyre followed the mud road to cut the distance, and but for the timely assistance of the mud haulers he would surely have lost his horse. The public is warned to keep the hushed track.

T. C. DOUGLAS, of the Union Bank was presented on Wednesday evening by the whole staff, with a very valuable gold watch and chain, suitably engraved. Mr. Douglas is severing his connection with the Bank for the purpose of entering commercial life. He has accepted a position in the office of his father, Captain Douglas, of the firm of Douglas and Prowse.—Halifax Chronicle.

A FEW days ago Spurgeon Gillespie, Loyalist, had a narrow escape from losing his life while cutting ice for A. H. Larter, North River. While Mr. Gillespie was at work the team of Allan McLean took fright and backed the load of ice into the hole. Had it not been for the presence of mind of Allan McIntyre, who caught the horse, both Mr. Gillespie and the animal would likely have lost their lives.

"A Woman's Honor" will be put on the Opera House boards here this evening by a local dramatic club in aid of the Charlottetown Hospital. This is an excellent play, containing many telling situations, the scene varying from New York City to Santa Cruz, off San Domingo. The cast has been well chosen, and the "star" parts are taken in a style that would reflect credit on professional actors. Enough comedy runs through the drama to enliven it and create a heavy good laugh, while the interest of the outlook is held throughout. "A Woman's Honor" is well staged, well acted, and it is to be hoped will be well patronized. The object of the proceeds calls for a good house of itself, and the assurance is ample that those who attend the performance will enjoy the play and the acting and know at the same time they have helped along an excellent object.

Wear The Boston Derby.

SAUNDERS & NEWSOM report a good market on Saturday. They wish to thank the citizens and also the farmers for their liberal patronage.

It is understood that a steamer will be due here from Liverpool G. B. with a cargo of about 28,000 bags salt on opening of navigation for Peake Bros. Co., Carvell Bros. and Nelson Rattenbury.

THE telephone company was engaged on Saturday in placing a new cable box at the corner of King and Queen and changing the cable wire from the box to the central. The new switch board for Kensington is ready and will be installed in a few days.

FRANK J. STANLEY, for the past five years cutter with S. A. McDonald, intends leaving in about three weeks time for Vermont, where he will in future rest. Since Mr. Stanley removed to Charlottetown from Maine, he has made very many friends and he will be greatly missed especially by Zion Church where his magnificent bass voice has been the standby of the choir of which he was the popular instructor.

LIEUT. W. B. ALMON, R. C. A., arrived in the city Saturday. He comes from the fortress at Quebec as adjutant of the School of Instruction for the Artillery of the 4th Regt. C. A., which opens on Tuesday night next in the armories here. This school will last two months and during the latter week it is understood that Colonel Wilkinson, commander of forces at Quebec, will be present to grant the certificates.

THE race on Pinetree, on Wednesday last resulted as follows:—Point Prim Bird, owned and driven by Daniel McLeod, Point Prim was an easy winner; Parkside horse, owned by Mr. Lyons, Montague, 2nd; and Darkey, owned by Finlay McRae, Flat River, 3rd. The race was trotted in four heats, Point Prim Bird, winning 1st, 2nd, and 3rd. Owing to an accident to the sulkey and the losing of a boot she lost the 3rd. If the ice had been in good condition no doubt Point Prim Bird would have made a better showing. Mr. McLeod should feel proud of being the owner of such a fast and valuable trotting mare.
