Notice To Farmers

We now have buyers at all the principal shipping points and farmers having hogs to offer should write or see us before selling elsewhere. It is important that more attention be given to handling and preparing hogs for market. Too many hogs are brought to market poorly butchered and in many cases not properly cleaned and scalded which necessitates a lot of extra work in preparing the meats for market. Farmers should remember that appearance as well as quality is important. Hogs when killed should be allowed to hang in a cool place for twenty-four hours before being brought to market. Attention to these matters will be to the mutual advantage of farmers and packers. THE SIMS PACKING CO. LTD. 9-18Mtf.
