Wiley Post Hops Off For Edmonton

Lindberghs Forced Down; New York Holds Civic Reception For Italians

ESCORTED UP BROADWAY

Occasion Recalls Reception Tendered Lindbergh.

NEW YORK, July 21—(A.P.)—The narrow streets of the financial district rang today with shouts for General Italo Balbo as the Italian Air Minister and his companion aviators paraded up Broadway under a swirling mass of ticker tape and confetti.

The official civic reception for the 96 men of the Air Armada reached a peak of excitement almost equal to that exhibited over the return of Colonel Charles A. Lindbergh from his flight to Paris.

From the battery to the City Hall General Balbo and his men rode behind rows of khaki clad soldiers, bluejackets, and marines

GLOBE GIRDLER

Wiley Post who took off last night for Edmonton, on a globe girdling flight which he is undertaking with a robot pilot, has still eleven hours to spare despite mishap at Flat, Alaska.

ENCOUNTER FOG IN FLIGHT

Flying Couple Await Clear Weather At Hopedale.

(Canadian Press)

HOPEDALE, Labrador, July 21.—Forced down by fog little more than two hours after hopping off from Cartwright, Col. and Mrs. Charles A. Lindbergh rested here tonight and awaited clear weather to continue their flight to Greenland.

The famous flying couple left Cartwright at 11.52, Newfoundland daylight time (9.22 E. S. T.) this morning, planning to join other members of an aerial mapping expedition at Julianhaab.

Fog Closes In

Fog closed in on the Labrador Coast not long after their departure, however, and at 2.10 the Colonel brought his big red and black monoplane down here, 150 miles north of Cartwright. And it was just as

POLICE PROBE QUINTUPLE MURDER CASE

Police Seek Unknown Maniac As Cause of Five Deaths in Ontario.

(Canadian Press)

PEMBROKE, Ont., July 21.—John Bradley, 60, for whom a posse made up of police and neighbors had been looking all day as the suspected murderer of his brother, sister-in-law, nephew and niece at Demers Centre, three miles from Chapeau, Que., was found late this afternoon dead, his body buried under hay in the barn and himself apparently the fifth victim of an unknown fiend.

The discovery of the body upsets the police theory that the other four had been shot to death by John Bradley. There was no gun found near Bradley's body and authorities are now at a loss how to explain the quintuple murder.

Efforts Redoubled

With the finding of the fifth body, police efforts were redoubled in an effort to discover some clue which will lead to the apprehension of the murderer. Detective Sergt. J. F. Dalpe, of the Quebec Provincial Police, has arrived here this afternoon and taken charge of the manhunt.

Dr. Rosario Fontaine, Quebec medico legal expert, is expected on the scene tomorrow morning. He will conduct autopsies on the bodies and arrive at the exact cause of death. It is known that all five were shot to death but it is possible that they may also have suffered other wounds which would indicate whether there had been any struggle.

Seek Maniac

Tonight the five bodies lay under shrouds in the home where all five persons had lived with such apparent contentment until neighbors were attracted this morning at 7.30 by the sound of shots.

Investigation led to the discovery of four bodies, those of Joseph Bradley, elderly farmer; Mrs. Joseph Bradley, his wife; Hannah Bradley, daughter; Tom Bradley, son.

At that time John Bradley, who made his home with the others, was missing and police began a search of Allumette Island thinking that he might have been the murderer. The later discovery of his body upset this theory and police are now looking for some unknown maniac.

Demers Centre, scene of the quintuple murder, is on Allumette Island, about 90 miles west of Ottawa and almost directly across the Ottawa River from Pembroke.

Lithuanian Fliers Killed In Crash

Capt. Stephen Darius and Stanley Girenus, attempting a non-stop flight from the United States to Lithuania, were killed when their aeroplane, its fuel exhausted, crashed to earth in a wood in Germany, only a few hours distant from their goal. Girenus is seen at the left, Mrs. Augustine Degutis, mother of Capt. Darius in the centre, and Darius at the right.

LONE ELYER CONFIDENT OF BEATING MARK

Rests While Ground Crew Repairs Damaged Plane.

EDMONTON TODAY

Still Eleven Hours Ahead Record—Races For Edmonton.

BULLETIN

(Associated Press)

FAIRBANKS, Alaska July 21—Wiley Post, Oklahoma pilot, hopped off from Fairbanks at 5.45 p.m. (10.45 p.m., E.S.T.) today for Edmonton, Alta, in continuation of his solo flight around the world.

EDMONTON, July 20—(C.P.)—Wiley Post, Oklahoma's world-girdling flier, will dash down through the sub-Arctic tonight to Edmonton. According to the message received by Royal Canadian Signals the solo seeker of a new round-the-world mark was at Fairbanks, Alaska, at 3.45 p.m. (8.45 p.m. E.S.T.) but planned to take off within a few hours on the 1,450-mile flight to Edmonton.

FAIRBANKS, Alaska, July 21—(A.P.)—Wiley Post, Oklahoma flyer, landed in Fairbanks at 10.42 a.m. (3.42 p.m., E.S.T.) today and expressed confidence that he would set a new globe-girdling record despite his unexpected delay at Flat, Alaska, yesterday.

Guided to Fairbanks by Joe Crosson, pioneer Alaska pilot, Post came to this city after a flight of three hours and 14 minutes from

PARLEY WILL TAKE RECESS ON THURSDAY

Empire Statesmen Hold Frequent Conferences Together On Currency And Trade.

(By George Hambleton, Canadian Press Staff Writer)

LONDON, July 21—(Canadian Press Cable)—The main economic commission of the World Conference tonight adopted its reports, reports from subcommittees which in the main urged further international collaboration on bringing production and consumption of the world's greatest commodities into line.

The World Conference will recess next Thursday, and as it slips into the background Empire negotiations take the stage. In the strictest secrecy, far removed from the conference building, the Empire negotiations have been under way for some time. Sometimes they are held in a private house; sometimes in cabinet offices in Whitehall. Always it is away from the World Conference.

Severe Storm Strikes Moncton

MONCTON, N. B., July 21. —(CP)—A severe storm passed over Moncton late this afternoon, and accompanied by a torrential rainstorm did considerable damage. A six-tenement house on Enterprise Street was struck by a bolt of lightning which ripped along the eaves of one corner of the building, shattered the plaster from the walls of two rooms of the building and stunned several occupants of the apartments. None were seriously injured.

In addition to this incident, the electric service in several sections of the city was disrupted while several telephone lines were also put out of commission temporarily.

Accompanying the electrical storm was a torrential rain which flooded the streets when the catch basins proved inadequate to handle the water.

Attempt Salvage Of Treasure

S. S. SALVOR, off Virginia Capes, July 21—Salvage operators under command of Captain H. L. Bowdoin today cut their way to the purser's office of the sunken steamship Merida and brought up a small safe.

The Merida, a Ward Line steamer, sank on May 12, 1911, after collision with the mail steamer Admiral Farragut in a fog. It carried $4,000,000 in gold and silver cargo.

Many attempts have been made to salvage the cargo.

Roosevelt Unconcerned With Market Reports

WASHINGTON, July 21. —(AP)— President Roosevelt contemplates no action regarding the Stock Exchange where prices have dropped considerably in the last few days.

It was made clear the administration is focusing its full attention on the recovery drive and in official quarters the opinion was expressed that if speculators and investors are silly enough to bid up stocks far above their value they are very apt to lose their money.

In official quarters the view also was expressed that many people attach undue importance to fluctuations in stock prices.

Hawks Plans Nonstop Flight: New York-Regina

(Canadian Press)

NEW YORK, July 21. — A nonstop flight from New York to Regina, Sask., where he will participate in the formal opening of the world's grain exhibition and conference, will be made Monday by Lieut. Commander Frank M. Hawks, he announced today.

Hawks will fly a new speed transport plane in which he hopes to cover the 1,620 mile route in approximately 10 hours. The trip will mark Hawks' first visit to the Canadian province since he appeared there in 1930 in his famous midget speed plane in which he established scores of cross-country records in Canada, the United States and Europe.

Bomb Explosion Damages Church

HAVANA, Cuba, July 21.—(A.P.)—The explosion of a large bomb badly damaged the sacristy of the Merced Catholic Church today after a night of disturbances during which 19 bombs exploded most of them harmlessly.

The walls of the post office building were slightly damaged in an explosion a few minutes earlier. Others were hurled without effect at the third police station, the National Capitol, and at other buildings in several parts of the city.

Will Keep Exchange Closed

KANSAS CITY., July 21—(A.P.)—Directors of the Kansas City Board of Trade voted tonight to keep the exchange closed tomorrow to permit the clearing up of accumulated orders following the drastic grain price descent of Wednesday and Thursday. The exchange was closed today.

P. E. I. Branch Of Handicraft Guild Formed

Co-operation Of Canada-Wide Organization Will Be Obtained In Putting On Exhibit At The Provincial Fair.

For many years there has been a branch of the Guild at Summerside, which although small, has, under the leadership of Miss Mary Hunt and the Misses Holman, done most valuable work. This branch has now been enlarged and will undertake the responsibility for guiding all sorts of handicraft work in the Province.

Colonel Bovey, who is President of the Guild, is also President of the new branch, and in an interview yesterday observed that after years of work the Canadian Handicraft Guild and its branches were at last coming into their own. "The people and the Government of Canada," he said, "are at last coming to understand that in domestic handicrafts is to be found the main remedy for our unemployment problems, that not only for the moral and intellectual point of view but for the sake of cold dollars and cents craft work is worth while."

Govt. Co-operation

"But," he added, "this is the first time a Provincial Government has taken such a part in the organization of one of our branches. Of course it is only what I expected in Prince Edward Island, but it is the most encouraging thing that has happened to the Guild for some time."

Admits Furnishing Young Slayer With Hack Saw

Police Arrest Two Men As Alleged Accessories of Attempted Jail Break.

(Canadian Press)

AMHERST, N. S., July, 21—Two men were under arrest tonight as accessories to Alvah Henwood's attempted escape this week from Cumberland County Jail, where the 18-year-old prisoner awaits execution for the murder of Mrs. Elmer Smith.

Charges of aiding and abetting Henwood's second try for freedom were laid today against Holly Skillow and Horman Tower, accused of furnishing the young slayer with the saw he used to hack through three bars of his cell.

Trapped by Jailer

Henwood was trapped by a jailer as he worked on the fourth bar. It was the second time he had tried unsuccessfully to escape. Before his trial in June, he had been caught after cutting partly through one bar.

IL DUCE MAY VISIT U. S.

NEW YORK, July 21. — (A.P.) — The New York American says Premier Mussolini, elated by the reception given General Italo Balbo in the United States, may visit this country shortly.

The Italian leader, the paper says, may come to confer with President Roosevelt on world peace and economics.

Generoso Pope, chairman of the Mayor's reception committee to Balbo, is quoted as making the disclosure after a conference with Balbo. He did not give Balbo as authority but he said the Italian Air Minister "hoped Mussolini would be able to come to the United States soon."

Killed In Crash

RICHIBUCTO, N. B., July 21.—Louis Lannigan, young business man of Richibucto, was killed instantly today when his car crashed over the Mills Creek bridge, on the road to Harcourt.

STOCKS RALLY SLIGHTLY AT SESSION CLOSE

Stock Prices Crashed in Wildest And Most Active Market Since 1929.

(By John L. Cooley Associated Press Financial Writer.)

NEW YORK, July 21—Stocks reeled downward today in the weakest, wildest market since 1929, but finally bumped into a rally that substantially reduced extreme losses of $3 to $17 for hundreds of leading issues.

Turnover amounted to 9,592,570 shares, largest since October 30, 1929, when 10,727,300 shares changed hands on the New York Stock Exchange.

For more than an hour this afternoon trading was demoralized. Heavy offerings from erstwhile bull pools—strong groups of professional traders who had helped build the long spring upturn—from weakened margin accounts and from frightened owners of stocks fell on a virtually bidless market. Support seemed entirely lacking.

Serious Fires Fought In Woods

Two serious woods fires in the province, one at Stanhope, the other at Hopefield, have been successfully combatted, the first having been extinguished completely.

The fire at Stanhope for a time yesterday assumed serious proportions, and endangered the farm buildings of Mr. Isaac Lawson, on whose property the major part of the damage was done.

The fire originated near Stanhope Church about noon, and is believed to have begun from an attempt to burn over some blueberry barrens. The flames spread quickly to Mr. Lawson's farm.

The R. C. M. P. received a call for assistance and constables from Charlottetown and Rustico were ordered to the scene by Inspector Fripps. The fire was successfully fought by a large crowd, and was finally extinguished last evening.

The fire at Hopefield is now well under control. There is little hope of it being extinguished without the aid of heavy rain, as the fire is burning in a peat bog.

The Weather, Etc

Light to moderate winds; fair and warm.

METEOROLOGICAL OFFICE, Toronto, July 21—Minimum and maximum temperatures:—
