

THE COLONEL SAYS:

"Zam-Buk is a valuable addition to every soldier's kit." This remark was made by Lieut.-Col. A. C. B. Hamilton-Gray, L.C.R., Wellington Barracks, Halifax, N.S. He says further:

"I can speak from personal experience, as I have used Zam-Buk myself for cuts, burns and rheumatism, and believe there is nothing to equal it."

Zam-Buk, the great herbal balm, is a boon to the men in the trenches—it ends pain and heals so quickly, and instant application of Zam-Buk prevents all possibility of festering or blood-poisoning.

Don't forget to put some Zam-Buk in your next parcel to the front. All druggists, or Zam-Buk Co., Toronto; 50c. box, 3 for \$1.25.

Blood Food

Right now is when you need a good blood medicine—to overcome impurities in the blood—to supply the elements that enrich the blood—to protect the system against the depressing effects of "spring fever".

Mother Nature, the great physician, has provided this "blood food" in

Dr. Wilson's HERBINE BITTERS

It is a simple and effective remedy, made from Nature's healing herbs—that was a favorite medicine in our grandfather's time and is just as effective today. The best of spring tonics and blood purifiers. 25c. a bottle, Family size, five times as large, \$1. At most dealers or prepaid on receipt of price.

EXPERT EYE SERVICE

We have recently had the privilege of visiting the offices of some of the most expert Opticians in Canada. We have studied their methods and seen them practically demonstrated, and it is a matter of gratification to be able to say that the service we are giving our patrons, we believe is quite equal to that obtainable in the larger centres.

We solicit your patronage.

After the roll call the Secretary was called upon to report the amount of money made on St. Patrick's Day from the sale of candy, of the number of boxes sent to the boys overseas, of the money collected to adopt a prisoner of war, and also the amount of yarn bought for knitting. Papers were then read by Mrs. P. S. McIntyre and Miss Wright on "The Prisoner of War Department," and "Dust and its Dangers." At the close of the meeting fifteen pairs of socks were handed in to be sent to the 105th Comfort Circle.

—MIDDLETON NOTES.—The farmers of this vicinity have finished shipping their potatoes and are preparing for the spring work. The concert held recently in Middleton Hall was well attended, the hall was packed to its utmost capacity, and although Dr. Church, Summerside, who was to have given a lecture could not attend the audience thoroughly enjoyed the pleasing program presented. The proceeds which amounted to upwards of \$50 goes to the benefit of the Red Cross. —FISHING INTERRUPTED.—Some of the herring nets recently placed on the fishing ground have been carried away by floating ice much of which still remain in the Straits, fishermen are loathe to take the risk of setting them where there is danger of losing them, hence the catch of herring so far this season is as yet much hand-capped.—H.

—WEDDING.—The marriage took place on Wednesday evening, April 25th, at the home of the bride's parents, Mr. and Mrs. Leighton Milligan Sherbrooke of their daughter, Miss Lilla, to Mr. Preston Campbell, of Montague, Rev. H. R. Bell officiated. The bride was prettily dressed in white crepe de chene and was attended by her little sister Zelma as flower girl. The wedding march was played by her sister Miss Alma. The wedding was attended by a large number of invited guests, and the numerous and costly gifts attest to the popularity of the bride. The happy couple left for their future home in Montague on the 2.20 train Thursday, followed by the good wishes of their numerous friends.

—BOAT BUILDING.—Mr. Leslie Campbell, the capable boat builder, of Cape Traverse, has just completed seven large lobster boats, equipped with gasoline engines. Mr. Campbell's ability as a carpenter and boat builder is very widely known. This is very clearly shown by the fact that five of these boats are for the Portland Packing Co., to be used in the New Brunswick and Nova Scotia fishery. The other two are owned by local packers. All of these boats are built of native wood, even to the ribs are of P. E. I. oak, and without exception the engines are of P. E. I. manufacture, being the famous Imperials of the Bruce Stewart Co. Each year Mr. Campbell has been installing a higher percentage of Imperials in his new boats which he has built, but this year the whole number being installed shows that the quality and efficiency of the engines are being every day more clearly recognized and that the firm is putting out an article which need not fear competition.

—ANOTHER BUSY SOCIETY.—Since July last the ladies of the Long River Patriotic Association have purchased ninety-two pounds of wool, and thirty-two pounds of knit by the ladies themselves. About two hundred and forty pairs of socks have been shipped to the soldiers, since December last; also eight Christmas boxes, and twenty Christmas socks for Canadian soldiers in hospitals. Quite a number of pairs remain on hand yet, to be shipped at earliest date possible. Nearly \$100.00 has been raised since Christmas; \$50.00 of which was raised at a children's concert, the balance of two lectures. \$70.00 of the above amount was donated to the Belgian Relief Fund. Two prisoners of war in Germany have been adopted, during the past month. The ladies of this society take this opportunity of thanking all who have contributed in any way, either by work, money or material.

—MAPLE LEAF INSTITUTE.—The regular monthly meeting of the Maple Leaf Women's Institute was held in the Traveller's Rest Hall on April 19th. Twenty members and five visitors were present. After the regular business of the meeting had been taken up the paper on "Belated Rations," was finished and one on "Educating Girls for the Home" was read and discussed. The appeal for more help in the Red Cross Work was read. A vote of thanks was tendered the working committee. It was decided that each member pay 5c for a cup of tea and that the funds be used for Red Cross Work. A committee of four was appointed to investigate the needs in the schools and hall. Thirteen pairs of socks were knit and 1 hospital shirt made during the month of April. It was decided to send for 60 yards of cotton to make hospital shirts. The next meeting will be held at the home of Mrs. Brewster Linkletter, Sherbrooke. Subject "Entertainment in the Home" and "Women's Institutes in Canada."

ANOTHER CURE IN CHARLOTTETOWN

MR. DAVID L. MCKINNON GIVES A FEW CONCISE FACTS

While some people are too sceptical to even give the Farador a chance to help them, others are continually coming forward and proving to the entire satisfaction of themselves and their friends that the Farador is an ideal remedy. "The best creations of God or man are useless to mankind without the strength and mind of man himself to use them."

Here is what another reliable man has to say:

Charlottetown, April 9

Dear Sir,—I desire to place on record my experience with the Farador. I was subject to nervous indigestion for about five years which had a very bad effect on my heart. In spite of the efforts of about fifteen doctors here and in United States I became worse and was laid up for fourteen weeks.

Two friends of mine who had profited much from the Farador strongly advised me to get one and I began its use last July when my health was about as bad as it could be. With the Farador treatment I soon began to improve. My food began to digest properly, the nervousness soon wore away, and in a few weeks I was completely renewed. Since then I have never touched medicine since using the Farador.

I cannot recommend the Farador too highly. Those looking for health should certainly give it a chance.

DAVID L. MCKINNON,

There is one quality evident in O-Cedar that other polishes do not even claim—and at that point rests the whole great success of O-Cedar.

It's THIS—O-Cedar CLEANS.

Almost any Polish will make furniture shine—but most of them just COVER UP the varnish (likewise the dirt on top of the varnish) and quite naturally the SHINE thus put on soon comes off.

O-Cedar Polish

Makes any Room "Look it's Best"

O-Cedar is totally different. With it, you both clean and beautify. With it you remove the accumulated dust and bring out all the grain beauty that has perhaps lain hidden for years in that old chair of yours. With it, you can give that fine mahogany table a lustrous polish that will last for weeks. With O-Cedar all your furniture may be made to continually look "like new"—all it needs between polishing times is an occasional dusting with an O-Cedar Duster.

MOTHER OF FOUR CHILDREN

How Lydia E. Pinkham's Vegetable Compound Kept Her Well and Strong.

Lincoln, Illinois.—"I have used Lydia E. Pinkham's Vegetable Compound for ten years with good results and I have four healthy children. This summer I was in a very run down condition and the very hot weather seemed more than I could stand, but I commenced taking your Compound in June and from then until September 25th, when my last baby was born, I got along much better than I had before. My baby was a girl and weighed 14 pounds at birth, and I recovered very rapidly which I am sure was due to your medicine. I am well and strong now, nurse my baby and do all my work. I had the same good results with your medicine when needed before my other children came and they are all healthy. My mother has taken your medicine with equal satisfaction. She had her last child when nearly 44 years old and feels confident she never would have carried him through without your help, as her health was very poor."—Mrs. T. F.
