Cuba Would Trade Fruit For Fish

MONTREAL, Oct. 18. (CP)—Cuba is a potential market for Canada cod fish, according to F. Leslie Fraser, president of the Fraser Fruit and Steamship Company, Limited, of Havana, in an interview here today. In return, he said, Cuba would like to sell Canada bananas, oranges and grapefruit, of which there is a big surplus for export in the West Indies Island.

Mr. Fraser's company is the largest independent concern of its kind in Cuba, and he is visiting Canada to investigate the possibility of developing more trade between his country and the Dominion. The annual amount of bananas handled by his firm approximates two million stems, he stated. Before the war, Cuba was unable to ship bananas to Canada because of the letter's preferential treatment of the fruit from Jamaica.

Canadian Player Has Back Ailment

MONTREAL, Oct. 18. (CP)—Aurel Joliat, wizard forward of Montreal Canadiens in former National Hockey League seasons, is in bed with a plaster cast on his back. Joliat is expected to remain in bed for another three weeks due to a back ailment, believed brought on by an old hockey injury. His legs are also affected but he hopes to get back on skates in about a month.

He will be out of hockey as a linesman for several weeks, however.

Detroit Red Wings Have Six Rookies

DETROIT, Oct. 18. (CP)—Six rookies, five of them new to professional ranks, will be among the 17 players Detroit Red Wings will have in uniform here tomorrow night when the Stanley Cup champions open a pre-season exhibition series against Cleveland Barons of the American League.

Gordon Sherritt, who played with New Haven and Indianapolis in the American League last year, is the only one of the six rookies with previous professional experience.

One of the others is Frank Bennett of Toronto, a centre considered most promising newcomer on the squad by manager Jack Adams. Remaining rookies are Rudy Zurch, a veteran of the now-defunct Michigan-Ontario League, Tony Bukovich, and Bernie Ruttle, former Michigan-Ontario League forward, and Frank (Red) Kane, a husky amateur who can play either defence or centre. Kane was with the Stratford, Ont., Juniors last season.

Saint John Wins Maritime Junior Baseball Crown

SAINT JOHN, N.B., Oct. 18. (CP)—An iron man performance by Fred Kierstead enabled a Saint John team to win the Maritime junior baseball championship today for the first time.

After holding Dominion Hawks to a 2-2 tie, Kierstead also went the route in a seven-inning second game and hurled Saint John Shamrocks to a 2-2 win, giving Shamrocks the title by a slim, total doubleheader score of 5-4.

Kierstead, known as the "iron horse," won both games of the New Brunswick finals, when Shamrocks eliminated Saint John Eagles. Previously, a St. Stephen team took the provincial title, only to be disqualified when a player was found over the age limit.

The Nova Scotia champions entered the Maritime finals after defeating Liverpool Cubs. Dominion Hawks won the tri-province crown in 1941.

Remember When

(By The Canadian Press)

The win-starved Montreal Bulldogs earned their first Big Four victory in three years when they defeated Hamilton Tigers 9-4 at Hamilton three years ago today. It was also the first time Bill Hughes' boys had won a game away from home in six seasons.

Progressive Work In Vegetable Oils

In normal times, as shown by the years 1934 to 1938, Canada imported more than 300 million pounds of vegetable oils, mostly from countries now in enemy hands. Since the beginning of the war, many of these oils have been unavailable, but their absence has been considerably offset by the efforts of the Dominion Department of Agriculture to increase, on the one hand, the production of oils that can be grown in Canada, and on the other hand, to increase supplies by the scientific adaptation of certain crops to other uses.

DESTROYER'S EXPERIENCE

LONDON, Oct. 18. (CP)—Lt. Cdr. R.G.L. Pennel, D.S.O., lists among the "humdrum" experiences of his destroyer, H.M.S. Gunstock "just a few crabs with E-boats, with one U-boat, with a JU-88, and a bit of fun with a tank."

The tank episode came during the Salerno landings when the H.M.S. Gunstock, which has just completed 100,000 miles at sea came so close to shore she was shelled from the beaches.
