For Sale... Female Help Wanted... Wanted

DANGER—We noticed last week while passing along Grafton street that several boards are very loose

100 Tested Recipes... A rich "whole" milk like Carnation Milk imparts a fine flavor to pudding, custards, or any dish requiring milk

GONE WEST—We notice with regret that Colonel R. H. Campbell, formerly Commanding Officer of the 105th Overseas Battalion and who since his return from overseas had resumed his duties of Superintendent of Education in this Province has resigned his position and gone out to Western Canada to take up educational work there

FIELD DAY—The Great War Veterans of Summerside are holding a Field Day there on Labour Day the 6th inst.

PROPOSED UNION—A proposition has been made by the Grand Army of United Veterans to the G. W. V. A. for union towards political action. Up to the present no action has been taken by the G. W. V. A. in regard to the proposal.

TAXES—The town of Summerside have exempted all returned soldiers from taxation for the years 1919-20. This is done by vote of the Council from year to year and may or may not be continued in the future.

TRANSFERRED—Colonel A. H. Borden Assistant Adjutant and Quartermaster-General of Military District No. 6 left Halifax on the 25th ult. to take up his new duties at Winnipeg. As we stated in our last issue his departure will be regretted by many here.

BAND CONCERT—The concert given last Thursday night by the League of the Cross Band delighted the hearts of all who heard it. They were pleased to see Sergeant Trainor in charge. The boys of the 105th Battalion no doubt on seeing him were reminded of the days when the Sergeant at the head of his bugle band inspired them in their long march about Digos and other camps.

PHOTOGRAPH—Much favorable comment has been heard re the enlarged photograph of H. R. H. the Prince of Wales which for some days has been on display in the window of Messrs. Beer & Weeks. This is said to be the best picture of the Prince taken in Canada. It is the work of a returned soldier, living in Winnipeg, who has suffered the loss of his voice through shell-shock, and is endeavoring to assist himself by means of selling these splendid pictures.

JANITOR'S POSITION—We are greatly surprised to see that Mr. Kenneth Finlayson has been offered and has accepted the position of janitor of the Provincial Building. Mr. Finlayson is a good citizen and a life long Liberal so we presume he is entitled to some recognition that the Government, but we are surprised at the position offered and accepted. We regret that Mr. Kennedy was not given the position. He is a veteran of the South African and the Great War, and has since his return from overseas

BRITAIN'S POLICY—Britain is spiriting for time and the hot-heads and fire-eaters are asked why Britain and France do not send six or seven of the best divisions fully equipped to save Poland. England is playing the same game that she played in 1914. She is making every effort to secure peace to agree with her adversary while she is in the way of him, so that she may not later be taunted with the folly of the crime of being aggressor in Europe and that she may have no qualms of

conscience as to the justness of her cause if she finds it necessary to again take up the sword in defence of freedom—Montreal Star.

DEPENDENTS' GRATUITY—The recommendation made by the Special Parliamentary Committee on Pensions and Re-Establishment regarding payment of dependent's portion of War Service Gratuity to the dependents of deceased soldiers has now received assent. The necessary arrangements for payment have been made by the Militia Department, and cheques are being forwarded as rapidly as possible. It is not necessary to make application for this benefit. The records of the Department of Militia and Defence and the Board of Pension Commissioners have been examined and checked for the necessary data. Until oversight becomes obvious beneficiaries should be advised to refrain from making applications or complaints. The staff of the Department has been reduced in an effort to accomplish the task with a minimum of delay. It should be noted that, from this gratuity there is being deducted the amount of bonus which has at any time been paid under the Pension Regulations. Protest was made against this procedure, but without avail and it was only by a close margin that this benefit in the present form received the approval of the committee. Deductions will also be made to recover overpayments resulting from the aid and pension as the efforts of the association to guard against this procedure were also unavailing.

CANADIAN NUMBER—The Montreal Star states that the London Times is to publish a special Canadian issue, beginning in October which will deal with the economic, industrial and other features of Canadian enterprise. A member of the staff has already visited Nova Scotia New Brunswick and is now in Montreal and will leave for Western Canada in a few days. We trust that the interests of this Province will not be overlooked in this publication.

MILITARY HISTORY—(Continued from last issue)—The annual muster-day was evidently kept up until Confederation, for Lt. Col. James Walker of Calgary commanding the 15th Alberta Light Horse informed me that he enrolled a company at Ancaster village in 1867, on May 24th. It seems amazing to realize, through Colonel Walker (who until a very few years ago was a most active and efficient officer) what a short time has elapsed since the falling away took place from the principle of "patriotic" or universal service and the adoption of our present mercenary or "cash" system. Colonel Walker bears testimony to the fact that the one man who alone forced out the militiamen when, indeed, he may not have been attracted by the captain's customary "treat" at the nearest tavern, and how respect for superiors has almost vanished when men would give such answers to their names as "sitting of the fence" or "chewing a quid of tobacco." In Nova Scotia as has been indicated, the annual training was for five days and much more satisfactory conditions existed. Senator the Hon. L. G. Power has written some very valuable contributions on the Nova Scotia militia as it existed prior to Confederation. In one of his articles he justly complains:

A. C. ROSS WANTS CANADIAN CLUB TO CHALLENGE FOR AMERICA'S CUP... MONTREAL August 30.—A. C. Ross promoter of the scheme under which a yacht, publicly subscribed for by Canadians and to be designed, named and skippered by Canadians, shall compete through a recognized yacht club for the America's Cup has written an "open" letter to Sir Thomas Edmont in which he urges the Irish Baronet to withdraw his declared intention to compete again for the cup in 1921 or 1922 in favor of a Canadian challenger or to agree in a proposal to make the next race a triangular contest and at the same time to mutually press upon the New York Club the great desirability for a change from a semi-inside to an altogether outside sailing course and for an entirely different class of yacht, for these races.

OTTAWA Aug. 30.—Stories continue to come through from the West of the very favorable crop prospects of many soldier settlers. One man J. E. Fagg, who served with the Princess Pats, was established on a homestead 10 miles from Carleton Place on May 8, 1918. He put in 110 acres to wheat and 10 acres to oats and his expectations are that his wheat will yield him 30 bushels to the acre. At \$2.00 a bushel this will give him a yield worth \$6,000 on this crop alone. He has taken 1st prize at Carleton Place on his oats. "This soldier settler will make some of his comrades in the cities feel envious," writes a Board official. Another Carman soldier settler C. Montague writes the Board: "I think you for your good wishes for my success and wish to say I feel that any success that may be mine is due in no small part to the friendly and courteous assistance I have received from a member of your staff. It has not been easy going this past season but I feel now that I am away to a fair start, thanks to the Board and I am prepared to face the future with every confidence."

An Invitation To Art Lovers... YOU are invited to inspect the COLUMBIA "GRAND" GROUND

YOU are invited to inspect the COLUMBIA "GRAND" GROUND... The Cultured Canadian Woman will want to see these PERIOD CABINETS.
