Yvonne Primps up for Birthday Party

This might suggest that the miracle of the Dionne quintuplets was done by mirrors. But it's really only the pretty Yvonne primping up for her first birthday party on Tuesday, May 28. The vanity of these women! (Photo Copyright by Central Press Canadian.)

Queen Mary Celebrates Birthday

LONDON, May 23.—(C. P. Cable) Queen Mary today celebrated her 68th birthday with a family luncheon party at Buckingham Palace and another unscheduled drive with the King through north-west London.
The gathering at lunch was somewhat smaller than usual, as several of the Royal Family's nearest kinsfolk were out of town.

Too Little Thought To Spiritual Values—Beatty

(C. P. By Guardian's Special Wire)
MONTREAL, May 26.—In his capacity of Chancellor of McGill University, E. W. Beatty delivered the baccalaureate address to graduating students of the University at a special service this morning in Moyses Hall.
"The world of which you are the heirs is one of bitter strife and turmoil," the Chancellor told the students. "We—your elders—have dealt unfairly with you. From our fathers, we inherited a world of growing wealth. We carried on the task of widening its bonds. We spread ploughed lands to the edge of the desert and to the line where good soil ends in the rocky wilderness of the north. We linked ways from sea to sea. We linked the continent with shops. We destroyed the barrier of space to human speech. We split matter into its final fragments—even to the point where matter ceases to be matter and seems to be force. We opened the storehouse of knowledge to all."

Fully Mechanized German Army Is Aim Of Reich

Mobile Infantry And Artillery Planned. Germany Demands Recognition Of Right To Hold Colonies.

(By A. D. Stefferud, Associated Press Foreign Staff)
BERLIN, May 26.—Authoritative sources disclosed today that the German military command plans a highly mobile infantry and artillery which will enable the army to move at 80 miles an hour "over almost anything except woods."
Two motor vehicles for every four infantrymen is the new army's ratio to obtain an unprecedented flexibility and speed.
Open automobiles carrying powerful guns will be used over most roads, sturdy trucks with a capacity of 20 men will be employed on congested highways and near the fronts, and tanks or armored cars are planned for front line service.

BOYS STUMBLE UPON BODY

(C. P. By Guardian's Special Wire)
JACQUET RIVER, N. B., May 26.—Wandering through the woods near Bracketville settlement in search of spruce gum, two youths, Nelson Kelly, 15, and Ernest Meade, 13, came upon the body of Patrick Dempsey, 24-year-old son of Joseph Dempsey of Bracketville.
The youths discovered the body as they entered a small clearing a short distance from Bracketville road. The dead man lying face-down, was clad only in rough shirt and trousers and clutched an old cap in his hand.
Mounted Police called from Dalhousie, eight miles away, examined the body and found two bullet holes, one at the base of the dead man's skull, the other between his shoulder blades.

RIGHT TO COLONIES

LONDON, May 26.—A Nazi demand for recognition of Germany's right to hold colonies stood revealed here today as Britain and Germany launched diplomatic exchanges calculated to give substance to peace suggestions Adolf Hitler made in his Reichstag speech Tuesday.
Official quarters said the call Sir Eric Phipps, British Ambassador to Berlin, made at the Foreign Office and Friday was the start of conversations designed to get more specific information concerning points raised in Hitler's speech.

EDEN CREDITED WITH AVERTING AFRICAN CRISIS

Reich Hopes For Restoration of Old Italo-German Friendship.

(A. P. By Guardian's Special Wire)
GENEVA, May 26.—Relief at prospective settlement of an Italo-Ethiopian dispute that apparently threatened the very life of the League of Nations was expressed today by delegates to the 86th session of the League Council. The session adjourned yesterday.
League circles gave credit to Anthony Eden, Britain's Lord Privy Seal, and Pierre Laval, French Foreign Minister, for inducing Benito Mussolini to accept arbitration of his African dispute after Il Duce had rejected, one after another, compromise appeals submitted to him.
The council also unanimously approved what was described as settlement of the months-old Yugoslav-Hungarian dispute growing out of the assassination of King Alexander of Yugoslavia at Marseille last October. Hungary's pledge to take vigorous measures against terrorists was considered satisfactory.
Capt. Eden acted as reporter on this issue.
Mussolini's sudden decision to let arbitrators handle his quarrel with Ethiopia sticks another feather in the already well-bedded cap of Capt. Eden.
A "coming man" from the day he launched his political career in 1926, the 37-year-old Eden has been mentioned as next foreign secretary when the long-predicted cabinet shakeup takes place.

Would Renew Friendship

BERLIN, May 26.—Benito Mussolini's chagrin at British and French interference in his controversy with Ethiopia today stirred hopes in official German circles that the old Italo-German friendship might yet be restored.
German diplomacy was described as busy trying to reestablish the understanding between Mussolini and Adolf Hitler which seemingly received its death blow when Austrian Nazis assassinated Chancellor Engelbert Dollfuss last July.
So elated were Reich officials over recent developments that one high authority said flatly "the old cordial relations with Italy will soon be re-established."

B.C. STRIKE RANKS SWELLED

VANCOUVER, May 26.—Ranks of striking workers who live along British Columbia's coast-line were swelled tonight with the inclusion of 550 blueback fishermen on Vancouver Island. They joined employees of the Union Steamships of British Columbia who have been given until tomorrow to return to work.
Large increases in the price paid fishermen by canneries for blueback fish were demanded by the fishermen and cannery workers' industrial union. They included a straight price of five cents each fish to be increased 2-1/2 cents each week until a price of 40 cents each fish is reached.
Meanwhile dockhands, stewards and freight handlers employed by the Union Steamships remained on strike for the fourth successive day. Company vessels were tied up Thursday and Major Harold Brown, managing director, stated that if men do not return to work tomorrow steps will be taken to get the fleet of vessels moving.
Dispute between the Vancouver and District Waterfront Workers' Association and the Shipping Federation of British Columbia was also due to come to a head tomorrow when the union plans to take over dispatching of labor.

Italy Ready To Assume Supreme Responsibility In East Africa Says Il Duce

Counsels Subjects Not To Cherish Too Many Illusions About Conciliation. Reviews Momentous European Events.

(By Andree Berding, Associated Press Foreign Staff)
(A. P. By Guardian's Special Wire)
ROME, May 26.—Italy in East Africa is "ready to assume all, even the supreme responsibility," according to Benito Mussolini.
Il Duce announced this yesterday to the cheering Chamber of Deputies, counselling his people not to cherish too many illusions about conciliation of the Italo-Ethiopian controversy, he declared only enemies of Fascist Italy "can pretend to be stupid or to stimulate protests for military measures which we have taken or for those which we shall take."
The border clash at Ualual last year he called "the signal bell... which imposes on Fascist Italy the fulfillment of inescapable duties."

Austria Stumbling Block

The Premier, mapping the course of European events during recent months, said only one problem—Austria—stands between Italy and Germany.
Germany's unilateral repudiation of the Versailles Treaty, even though it "suddenly cut in two" the "normal development of the European situation," he dismissed with this phrase:
"To make recrimination is useless, even as it is useless to speak again of disarmament."
"It is extremely difficult," he continued, "for us to believe in the possibility of the limitation of armaments or in the prohibition of some methods of warfare."
"Nevertheless, if something concrete could be done it is not from our side that difficulties would be imposed."
While he declared the Italo-Franco-British solidarity achieved at the Stressa Conference in May "effective, constant and omnipresent" Il Duce directed several keen shafts at European critics of his East African policy, among them Britain and France.
"British and French pressure at Geneva Friday was credited with inducing Mussolini to accept arbitration of the dispute."

Church Parade To St. Paul's Yesterday

Displaying colorful banners and headed by the Legion Band the Sons of England paraded to St. Paul's Church yesterday. At 11.15 the parade, marshalled by Mr. William Warren, moved off from in front of the hall on Queen Street and proceeded to the church by way of Queen, Richmond and Church Streets.
An eloquent sermon was preached by Rev. H. D. Raymond who in the course of remarks said, "it is easy to be proud of being an Englishman in days of jubilee when we have been listening to our King rededicating himself to the service of his people and have listened to messages of responding loyalty reaching around the world."
Leaving the church the parade reformed and returned to the hall by way of Church, Grafton, Prince, Kent and Queen Streets.
Rev. Mr. Raymond, accompanied by the society members back to the hall. His Worship Mayor Kennedy also paraded with the society.
A short meeting was held at the hall.

Abductors Demand \$200,000 For Release Of Child

(A. P. By Guardian's Special Wire)
TACOMA, Wash., May 26.—Forewarned that their kidnapped son had but three days more to live unless ransomed for \$200,000, Mr. and Mrs. J. P. Weyerhaeuser today in the seclusion of their home today to bring about a contact with the abductors and the return of George Weyerhaeuser, nine.
Federal, state and county authorities, mobilized to start after the kidnapers, held off for the time being to give the family every possible opportunity to rescue the little boy, but they were ready to start at the drop of a hat. The possibility that the plot was hatched by desperate Alvin Karpis, Montreal-born Lithuanian, was raised.
Just what the parents were doing toward reaching the ransom note writer was not apparent, but there were signs of behind-the-scenes activity. The house was left unguarded. Telephone and mail channels were left open to the worried parents.
An advertisement appearing in the Seattle Post-Intelligencer proclaimed their willingness to pay the ransom from the great family fortune for return of the child.
Still another advertisement asked the abductors to make new contact arrangements. Publicity occasioned by the audacious crime caused the parents to fear something might go wrong with the initial plan outlined by the extortionists for negotiating.
Little George had been in the hands of the snatchers 48 hours at noon today and at that time there were no outward indications that communication with the abductors had been made.

GIRL GUIDES HOLD ANNUAL CHURCH PARADE

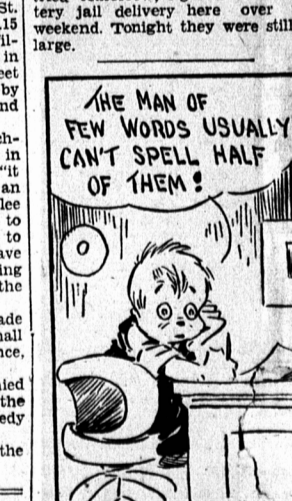

Three Guide Companies Attend Services At St. Peter's Cathedral.

Yesterday morning the three Girl Guide Companies and two Brownie Packs paraded to services at St. Peter's Cathedral, where the Rev. Canon Malone officiated and preached a sermon appropriate to the occasion from the text, "Ye are the salt of the earth; but if the salt have lost its savour, wherewith shall it be salted? Friendliness, courtesy and loyalty is the hallmark of religion. In these days of strikes and unemployment the Guides must practice discipline and help be the means of meeting the troubled world situation with a Christian outlook by rubbing handrails of Christ in salt into the national life. The usefulness of the Guides as an organization depends on the usefulness of each Girl Guide and Brownie, and of loyalty to Jesus Christ."
The parade fell in on Rochford Square under the direction of the Deputy Commissioner Miss MacNutt and marched to the Cathedral, each company headed by its own Union Jack. The following were in charge of the companies: 1st, Miss Bentley; 2nd, Miss Reay; 3rd, Miss Fullerton; while the Brownies were in charge of Miss Fry and Miss Terrell. The girls in their various neat and pretty uniforms made a splendid appearance and are to be congratulated on their good turn out. During the service the first verse of the National Anthem was sung, and after the Holy Eucharist had been celebrated and just before the Blessing the Girl Guide Prayer was said.
At Evensong Canon Malone gave a report of the meetings of the Synod, which he had attended last week in Halifax.
