## EGGS AT A DOLLAR EACH IN TAMPICO

VERA CRUZ, May 4.—Conditions at Tampico are daily growing more serious, according to Captain Blackadder of the Ward liner Camaguay, which arrived here yesterday, flying the Cuban flag. He said the water supply had been entirely cut off and that conditions in the city were very filthy. The inhabitants were bordering on famine and prices were continually increasing. Eggs, fetching one dollar a piece, potatoes and tomatoes fifty cents a pound and other foods in proportion. With the exception of United States Consul Clarence A. Miller and his assistant there are probably not half a dozen Americans at Tampico, according to the captain. He said the captain of the British cruiser Hermione had chartered the British steamer Antillan to take of refugees and among those who had gone on board were a few Americans. He added that the barge Oswald Boyd had been chartered by the Spanish authorities to take up refugees who were waiting in the river. The rebels remain in possession of all the river towns in the vicinity.

### AGED MILLIONAIRE WAS MURDERED BY HIS SON

NEW YORK, May 5.—Hiram Dur-yea, aged 81, retired millionaire starch manufacturer, was murdered about 1 o'clock this morning by his son Chester, aged 43, as he slept on the porch of their Brooklyn home. Seven shots were fired into his body. The son was arrested. It is said that he had been acting strangely and there had been fear of a previous breakdown.

### A STRATHCONA STORY

Lord Strathcona often declared that a Scotsman, though he spent his life abroad, ever remains a Scotsman, and the ubiquity of the race was a favorite conversational theme with him. To illustrate it he told of a Scotsman in Shanghai who betted an incredulous Southerner that he would discover a brither Scot in every ship in the harbor. Going to each ship in turn and shouting "Are you there Mac?" into the engine-room, he got "Aye, aye" as an answer every time.

**GOOD HEALTH**

With good health at your back you can do anything. If you are troubled with Head-aches, Dyspepsia, Biliousness and kindred sickness you can't expect to accomplish much.

**DR. WILSON'S HERBINE BITTERS**

That "True Blood Purifier" has been proved, during the last fifty years, to be the one best remedy for those diseases.

## Inspected Meats

You are not compelled to buy uninspected Meat as all our goods are inspected by a Federal Inspector and guaranteed pure.

Our Hams, Bacon and Sausage are all stamped with the Government legend "Canada Approved" which insures the purchaser against getting diseased Meats.

Our establishment is the only one in the Maritime Provinces where a Government Inspector is in charge the year round.

The "D & F" brand is a guarantee of finest quality and as our goods are delivered daily to the dealers direct from our Packing House, the quality is decidedly superior to that of imported stock.

Davis & Fraser 2219-4-30M10i.

Booklet upon request. H. S. SHARES, PROP. Metrol 11m7601

## How About Your Crops this Year, Mr. Farmer?

Are your crops going to be any better this year, just the same, or a little worse than they were last season?

It all depends on yourself, for if you use our English Unmixed Fertilizers your farm will be built up to its best state of productiveness; you will get a larger and better crop, your produce will command a higher market price; the land will be in better condition for next year—and none of this will mean a large outlay of money or extra work on your part.

## Ask Your Neighbor About Our Fertilizers

If your neighbor has been successful at crop cultivation, ask him to what his success is due. Ten chances to one he is a user of these UNMIXED FERTILIZERS and that means that his fields are fertile, his land in splendid condition and he himself enjoying a splendid profit from his big and good crops.

For, remember this, Mr. Farmer, you have to pay back the elements of soil

fertility that you use up each year in crop cultivation before you can expect a big or good crop for the next year. A scientist has estimated that a 35 bus. wheat crop removes from every acre of soil 59 lbs of Nitrogen, 24 lbs of Phosphoric Acid and 31 lbs of Potash, so you see that unless this is paid back before the next cultivation your land will not be in the right shape to produce the good and large crop you expect.

## ---Bigger Crops for YOU

A big point in favor of these Unmixed Fertilizers is not alone the fact that they save you 25 per cent of your money, which is true, but you can mix them yourself and apply single ingredients or combinations to suit the varying needs of every plot or any crop.
