**SHERIFFS TURN BACK INVADERS**

Striking Miners Repulsed In Their March On Franklin County.

(Canadian Press)

CHRISTOPHER, Ill., Aug. 24.—Firing shots and wielding clubs, a force of approximately 500 deputy sheriffs early tonight defeated the first attempt of miners to enter Franklin County. About 100 of the marchers were clubbed and shots were fired at their automobile tires but no one was wounded by the bullets.

Only the advance contingent of the strikers' caravan was involved in the initial clash on Franklin County soil, which occurred at Mulkeytown, a small crossroad village about two miles within the western Franklin County line.

Earlier the deputy sheriffs had attempted to stop the oncoming strikers at the county line, but because there was no space in which to turn around the automobiles and trucks, they allowed the marchers to proceed on to Mulkeytown where the determined move to repulse the invaders was made.

The force of deputy sheriffs was armed with about a dozen machine guns, but they were not fired. Shots were blazed at the outskirts of the cross roads village as the officers made a determined stand to turn back the caravan.

### Seem Helpless

(Canadian Press)

TORONTO, Aug. 24.—Judging from the problems sent into pharmaceutical colleges, the younger generation of pharmacists in drug stores seem helpless, according to G. A. Burbridge, Halifax, President of the Canadian Pharmaceutical Association, today.

"In some cases, at least, the very fact that they are problems to the drug store shows a deficiency in the drug store," he said. "I wonder if we are succeeding in imparting the science and art of pharmacy, knowledge of drugs and skill in compounding them."

Striking evidence of the lack of compounding in the drug store, he said, is found in the difficulty in procuring from ordinary wholesale houses suitable material for pharmaceutical manufacturing.

Prince County Day saw a much larger attendance at the big provincial fair than was anticipated by the management. The number entering almost equalled the high attendance total attained on Wednesday of Exhibition Week, 1931. Fine weather continued to favour the Exhibition. Judging continued yesterday and was completed in the Main Building, and in cattle, horses, and swine classes. The universal testimony of judges and other officials is that in practically every class the quality of exhibits is above that of previous years. In keeping with the spirit of Prince County Day, a splendid musical programme was given by Summerside artists at 7.30 in the Paton Pavilion. Remarks were made by Mr. S. A. MacLeod, who presided, and by Mr. James Paton. His Worship Mayor Manson of Summerside was then called upon to preside during the program.

Following were the numbers:

1. Orchestra selection.
2. Solo, "In the Garden of My Heart," Miss Georgie Phillips.
3. Male Quartette, "Mother Grinding Coffee," Messrs. Bowness, Huestis, Nicholson, Forbes.
4. Solo, "Somewhere a Voice is Calling," Miss Amanda Cannon.
5. Orchestra selection.
6. Solo, "I Passed by Your Window," Miss Georgie Phillips.
7. Male Quartette, "I Love a

### HUTCHINSON REBIRTH OF PLANE LANDS CONFIDENCE AT ANTICOSTI IN BUSINESS

HALIFAX, N. S., Aug. 24.—(By The Canadian Press)—The east coast radio signal service station announced tonight the safe arrival of the Hutchinson plane at Port Menier Anticosti Island at 5.45 E. S. T.

SAINT JOHN, N. B., Aug. 24.—Two children gaily climbed into a black and silver plane this afternoon with their father, mother and four others. The amphibian "City of Richmond," with Mr. and Mrs. George Hutchinson, their two small daughters, a crew of three and a cameraman, took off from the seaplane base here at 1.42 p. m., E. S. T., for Anticosti Island, in the Gulf of St. Lawrence. It was the second leg of a proposed trans-Atlantic flight from New York to Edinburgh, London, Paris, Rome and Berlin via frequent stops

### WINGING WAY OVER ATLANTIC

NEW YORK, Aug. 24.—With the receipt of favorable weather reports tonight William Uibrich, Dr. Leon M. Pisculli and Miss Edna Newcomer announced they would take off from Floyd Bennett field shortly after midnight on their proposed non-stop flight to Rome.

The reports came to them over what was said to be the most extensive set-up ever provided for an Atlantic hop. Dr. Pisculli said the Italian Government had authorized the Marconi wireless station in Italy to relay here data it receives from all ships at sea.

Early this evening, he said, indications were that favorable weather would prevail along their route. If additional reports at midnight also are favorable, he said, the start will be made.

Their 4,200-mile route will take them past Cape Race and over the French coast between Breut and Bourdeau. They expect the flight to take 25 hours.

ANGMAGSLIAK, Greenland, Aug. 24.—H. G. Watkins, one of the most distinguished of younger British explorers, was drowned today when his kayak, a one man Eskimo canoe, upset in the sea. He was only 25 years of age.

"QUEENIE" SUPERVISES WASHING AND DRYING OF HER PUPS

Eight lively puppies were pictured just after they had been given baths and hung on the line under the strict supervision of their mother, "Queenie," who is shown proudly eyeing the cameraman in front. Queenie is a bull terrier owned by Mrs. Catherine Jones of Philadelphia.

### N. Y. Fliers Tell Story of Disaster

Trans-Atlantic Flight Hopes of Solberg and Petersen End When They Crash Into Waters of Darby's Harbor.

ST. JOHN'S, Nfld., Aug. 24.—Douglas Graser, St. John aviator, returned tonight with the first story of the crash which ended the trans-Atlantic flight hopes of Thor Solberg and Carl Petersen and their escape from death after their plane had plunged into the waters of Darby's Harbor.

The fliers left New York yesterday on a projected hop to Oslo, Norway, but wrecked their ship in the sparsely settled community on Flaccinta Bay, while trying to find a safe landing place.

Fraser found the fliers had escaped serious injury, but that their plane was wrecked. Solberg told him he had planned a landing due to storm and fog at Burgeo, where Clyde Lee and John Bochkon of Barre, Vermont, dropped their plane, but had decided the location was unsafe.

They attempted to find a more favorable spot, Solberg said, but were overtaken by a terrific storm. The flier said he forced his plane above the wind and rain and had climbed to 5,000 feet altitude when they ran into a snowstorm.

Attempting to manoeuvre above the blizzard the engine stalled on a wide-open throttle. Solberg said he then started to vplane but the ship went into a nose dive and plunged into the harbor.

Solberg plunged into the water but the ship remained afloat and

### C. N. R. Costs To Be Reduced

Reduction of Official Personnel and Cut In Salaries of \$8,000 and Over to be Introduced By Acting President Hungerford.

(Special to the Guardian)

MONTREAL, August 24.—Further reductions in the official personnel of the Canadian National Railways will be made effective on September 1st, according to an announcement made here today by S. J. Hungerford, acting President of the system. Positions will be abolished or consolidated and there will be a lowering in the general average of compensation to officers.

It is understood that the positions which will disappear number about fifty five and that the new revised salary ratings of Canadian National officers will be below those for corresponding positions on United States railways, although the C. N. R. is the largest railway

in point of mileage and has gross receipts exceeded by only two systems on the continent. The reductions in salary ratings, it is believed, range from forty percent in the case of some of the executive officers to smaller percentage decreases where the salaries are considerably lower.

The statement issued by the Acting President of the Canadian National Railways was as follows:

**Official Statement**

"There has been carried out a complete survey of all official and supervisory positions existing on

### RIISING TIDE OF NAZI PASSION IN GERMANY

National Socialists Demand Release of Five Men Condemned To Death By The Von Papen Gov't.

BERLIN, Aug. 24.—Crowds of shouting and singing National Socialists today surged through the streets of Beuthen, Silesia, demanding the release of five Nazis who have been condemned to die for committing a political murder.

At the same time the rising tide of Nazi passion was indicated in Berlin by a violently anti-semitic editorial printed in Der Angriff, the organ of Joseph Goebbels, one of the principal Lieutenants of Adolf Hitler, the Nazi leader.

The demonstration at Beuthen, where the five Fascists were condemned by one of the emergency speed courts set up by the Von Papen government to stamp out political violence, made it necessary for police reinforcements to be called.

Many of the demonstrators were in the uniform of the Nazi storm troops, apparently in response to orders from Edmund Heines, a member of the Reichstag and a party leader of the district.

The occasion of the demonstration was the arrival of Captain Ernst Roehm, Hitler's emissary, for a conference with defense attorneys to determine what steps should be taken to liberate the condemned men.

### AFTERMATH OF SHUBENACADIE BANK HOLD-UP

Bandits Were All Former Bank Employees With One Exception.

(Canadian Press)

SHUBENACADIE, N. S., Aug. 24.—The Royal Bank of Canada's Shubenacadie branch opened late this morning, as splintered woodwork was repaired and the work of adding yesterday's figures, interrupted by police and bandit gunfire, was completed.

The body of Gerald Freckleton, shot down by ambushed R. C. M. P. constables, lay at his north-end home in Halifax. Edison Boutillier, who walked into the bank yesterday afternoon and with Freckleton ordered the clerks to "throw them

### Wife Of Nfld Prem. Honored

(Canadian Press)

QUEBEC, Aug. 24.—Just before the New Northland nosed out of Quebec late today for Newfoundland carrying Premier F. C. Alderdice home from the Imperial Economic Conference, Mrs. Alderdice was presented with greetings and a basket of flowers by the Quebec chapter, Imperial Order Daughters of the Empire.

Presentation was made by Mrs. J. C. McLimont, convener of the distinguished visitors committee, and Mrs. H. E. Huestis, organizing secretary of the Quebec Chapter. Numerous members attended the presentation.

### Child Lost At Stanhope Beach

Theresa Arsenault, 4 Year Old Daughter Of Mr. & Mrs. Alyre Arsenault, Disappears — Eight Hour Search Fails To Reveal Trace Of Baby.

An eight hour search by civilians and members of the Mounted Police failed to ascertain the whereabouts of little Theresa Arsenault, four-year-old daughter of Mr. and Mrs. Alyre Arsenault, 145 Elm Avenue, who was reported missing on Stanhope Beach yesterday evening between five and six o'clock.

The little tot while playing with other children on the beach became separated from her parents, who each thought the other knew the whereabouts of the child.

On learning the startling truth of the baby's disappearance, the frantic parents spread the news and a search was at once commenced, but to no avail.

When darkness settled over the barren land many of the searchers returned to their homes, but the Mounties with lighted lanterns continued the search for the lost child until 2 o'clock this morning. They will return to the scene of the unfortunate occurrence at an early hour to resume their quest, and take this opportunity of sending out an appeal to citizens for assistance in the hope that little Theresa will soon be returned to her heart-broken parents.

Sergeant Joseph Trainor in conversation with the Guardian this morning suggested that the babe might have fallen asleep among the many sand dunes that skirt the beach and a more persistent search will be made over a three mile area this morning.

### COMMISSION INVESTIGATING REPORT WILL BE READY SOON

(Canadian Press)

OTTAWA, Aug. 24.—The report of the Royal Commission on transportation will be ready well in advance of the opening of Parliament. Whether or not it will be given out before the opening or held until the members can have the first look at it, is for the government to decide. The commission prepares the report and presents it to the government. Then its duties are complete.

The actual writing of the report has not yet commenced, it is understood. The commissioners, un-

### Destructive Fire Reunited

(Canadian Press)

MONTREAL, Aug. 24.—(By The Canadian Press)—Nellga Leger, 16, of Moncton, N. B., has been reunited with her family after staying for a short time at the Young Women's Christian Association. When her step-father, Henry Lariviere, did not meet her at the station when she arrived here on Saturday, Mr. Lariviere succeeded in getting in touch with the young girl last night. He came here Thursday with his wife and seven children from Moncton.
