COMPARES BOSTON TO GOMORRAH

BOSTON, Oct. 16—Boston, wicked as Sodom and Gomorrah, has lost all reverence for God amid the things of God and will be punished, according to the Rev. Corland Myers, as he expressed his views in his Tremont Temple sermon last night.

"More people in Boston tonight are serving the devil than are serving God," declared Dr. Myers. "We talk of Boston as the centre into the mud and is now being put on the theatre billboards.

"We talk of Boston as the centre of culture and 'Hub of the Universe,' but God pity the universe if Boston made up of picture shows, theatres and revelry, is its hub.

"The same thing is here—all over the city moving picture shows are open in Boston Sundays.

PRACTICAL PLANS OF MINISTER OF MILITIA AND DEFENCE

OTTAWA, October 16—Colonel the Hon. Sam Hughes, minister of militia and defense, has taken a step which bids fair to greatly improve the militia service of Canada. He has sent out invitations to all the brigadier-generals of the volunteer force, the heads of colleges representing the cadets corps and of the boy scouts, and the prominent militiamen to come to Ottawa shortly before the opening of the session.

The gentlemen thus invited will form an advisory board which will supplement, but in no way supersede, the militia council, and many matters of interest will be discussed. It is deemed advisable to form regiments in the various universities and also to encourage drilling and similar military exercises in the schools throughout the Dominion.

An effort will be made to provide a plan by which armories for individual companies can be erected and maintained at a small expense. The problem of providing rifle ranges throughout the country will also be under consideration and representatives of the D. R. A., and of the provincial rifle associations will be included in the advisory board. Among the topics to be discussed at the first meeting of the board will be the organization and training of the force, camp training and pay, rifle shooting and other matters pertaining to the welfare of the force.

It is not unlikely that the government may be memorialized by the board to furnish transportation of representatives of each unit to the annual D. R. A. meeting. Another matter to be discussed will be the property of Dominion grants towards aiding officers entitled to a commission to purchase uniforms. The general object of the meeting will be to procure an expression of opinion as to the immediate needs of the volunteer militia.

METHODISM IS AGAINST NE TEMERE

TORONTO, October 16—The first address at the Ecumenical conference to-day was by Rev. J. G. Tasker, D. D., principal of Handsworth college, Birmingham, on "Improvements of Theological Colleges." The church, he thought, should strengthen the colleges, putting more money into them.

Rev. Franklin Hamilton, D. D., chancellor of Washington University, spoke on a broader preparation for the ministry.

"Ministerial Supply" was the subject dealt in by W. T. Moulton, Headmaster of Theological College, of the candidates in all "churches, although in his church, "the Wesleyan," they have all they need.

The following resolution on the Ne Temere decree was adopted:—"This conference, assembled at Toronto, and representing the interests of the world-wide Methodism, enters an emphatic protest against the Ne Temere decree issued by the Church of Rome. While holding that the fullest religious liberty should be accorded to all men of all creeds, the conference repudiates the idea that any church should have the power to override the civil law and especially on such a subject as that of marriage which the welfare of any community demands.

"The conference is further of the opinion that the promulgation upon the elementary rights of citizenship and therefore calls upon the representatives of the various Methodist churches represented in this conference to take every step to prevent both the proclamation and acceptance of this decree in the countries from whence it came.

"The conference is strongly in favor of the opinion that the marriage ceremony performed by any person properly authorized to do so by the state should affirm the parties concerned."

The first Sunday of February, 1912, is the day on which it is recommended that the Ecumenical message be read in Methodist pulpits all over the world.

The conference also made a pronouncement upon the subject of divorce, deprecating and condemning the crime of easy and unjustifiable ways of breaking the marriage bonds.
