WAKE UP YOUR LIVER BILE

And You'll Jump Out of Bed in the Morning Rarin' to Go The liver should pour out two pounds of fluid into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk. A mere bowel movement doesn't always get rid of the poisons. You need something that works on the liver as well. It takes these good old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel 'up and up'. Harmless and gentle. They make the bile flow freely. They do the work of a colic but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c L-1241-10-13-11.

Do You Use "BLEND"? Garden City Blend is a balanced mixture of whole milk and pure cream... not only clarified and pasteurized but also HOMOCENIZED. This process breaks the fat globules thus preventing the cream from "rising". Garden City Blend is used for baking, for tea, coffee, etc. for cereals, or as a wholesome drink... and it costs half as much as cream... is more economical. Orders Yours Today.
