TWO KILLED IN TRAIN WRECK.

(Canadian Press) TORONTO, Oct. 29.—Two members of the Toronto Garrison were killed and 39 injured, two fatally, as the result of a head-on collision near Streetsville Jct., on C. P. R. at 5.30 last night. The Chicago flyer, which pulled out of Toronto at five o'clock crashed into the second section of train bringing troops home who were engaged in a sham battle from Milton to Toronto. All of those wrecked train were Toronto men. The special train crashed into the engine of the C. P. R. express from Detroit which was just moving from Streetsville Jct., where it was taking water. One of the dead men was a member of Queen's Own Rifles, Maxim Gun Corps and the other a member of 48th Highlanders, to which corps all the injured belonged. The dead are Private McKenzie, Highlanders, Private A. Sinclair, Queen's Own Rifles.

PRINCE EDWARD ISLAND AS A HOMELAND.

(Class A. No. 2) F. J. Nash, Editor Patriot. If our youth could but journey to the Pacific Coast and back, what contentment it might mean to them, and what increased prosperity to Prince Edward Island. Bringing with them the spirit of western progress, they would realize on their return that their own land is matchless in beauty and unequalled as a homeland. They would find that its products are superior in quality to those of other lands, that its food tastes like no other food, its cold, clear water like no other water; they would note, as they never noted before that the steeples of innumerable churches everywhere abound, and that from one end to the other comfortable homesteads cover the countryside. Prince Edward Island, beautiful, beautiful Isle of the Sea, I too, returning home, see thee anew. En-

thralled, I gaze on thee, as thou liest 'aloft on the wave.' The westerling sun reflects the glories of thy gently undulating landscape, bathing thy woods with gold, and giving thy foliage a magic beauty. As sunset floods the sky, thy banks with their crown of verdure turn to living fire and emerald. Surely Everlasting Love watches over thee as the sun, kissing thy soft red sands good-night, darkens, darkens them into twilight, and, cradled in the blue water of the St. Lawrence, O little Island, thou sinkest to rest. My earnest prayer is that I may live, die, and be buried in Prince Edward Island. I crave neither riches nor fame, but I do crave for greater wealth and more people for our dear little country, where happiness and abundance; where famine poverty, and contentment of mind, body, and soul epidemics are unknown; and where plenty, healthfulness, and Christianity are the birthright of all.

F. J. NASH, Charlottetown, P. E. I., October 1st., 1912.

THE SHOE COMBINE.

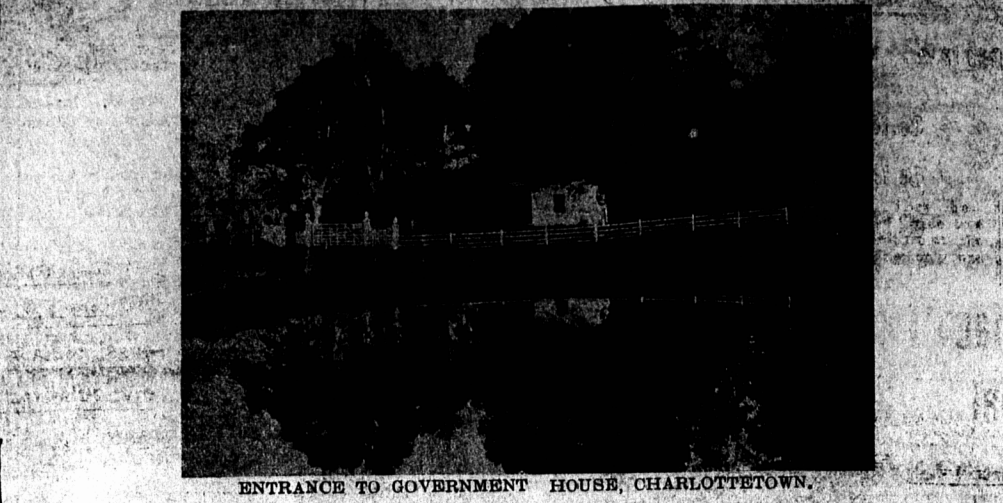

OTTAWA, Oct. 28.—The charge that the United Shoe Machinery Company is a combine in restraint of trade, has been decided by the tribunal appointed under the combine's act of Canada. The decision comes after a long struggle by the United Shoe Machinery Company to prevent the case going on. This is the first case under the combine act, passed some years ago by the Laurier administration. It arose through a group of Quebec shoe manufacturers going before a local judge and declaring that the shoe machinery company of Boston

was a combine in restraint of trade. This company holds the patents upon the modern machinery necessary to make boots and shoes. It manufactures the machines which are used in all the factories of Canada and the United States. The company will not sell the machines, but only leases them and in that way retains control.

There is no appeal from a decision of the tribunal. The penalty is severe. The patents of the company may be cancelled in Canada, so any one can make their machines. In addition unless the company ceases restraining operations within ten days, it is subject to a fine of a hundred dollars a day and to indictment. This precise terms of neither the minority or majority reports have not yet been made public.

UNKNOWN VESSEL WRECKED ON COAST.

LIVERPOOL, N. S., Oct. 28.—As result of the recent storm a large sailing vessel has been wrecked on the coast, and the fate of the crew is unknown. Much wreckage has been coming ashore ten miles west of here since yesterday. From Port Mouton Island to Port Le Herbert laths have been thrown upon the beaches, and the top of a vessel's cabin. Further west near Little Harbor a report comes of a maulsail with the main boom attached, being picked up.

ALL-HALIFAX WINS FOOTBALL MATCH.

HALIFAX, Oct. 29.—Under leaden skies and with a stiff breeze but in a not unpleasant afternoon, the All-Halifax football team defeated the Montreal English Rugby club yesterday by a score of 14 to 3. It was not an ideal game, for the referee frequently had to give free kicks for offside plays and other infractions of the rules. The fact is there might have been many more. The Montreal team was the same as that which played on Saturday except that Ripley took Dean's place. The Halifax team was strengthened by three or four Dalhousie men, but it is doubtful if the game was any better than that of Saturday.

MAYOR HOCKIN OF TORONTO INJURED.

TORONTO, Oct. 28.—Mayor Hocken was severely injured in a collision between a street car and a taxicab tonight at Euclid Avenue and Bloor Street. He was in a motor bus as was on his way to meet the C.P.R. relief train which was bearing the injured persons from the C. P. R. wreck at Streetsville Junction. Mr. Hocken was anxious to be on his way when the relief train reached the city to offer whatever means of aid was in the City Council's power. The Mayor was driven home in a passing automobile. His back was severely wrenched and bruised, but it is thought that his injuries are not of a sufficiently serious character to confine him to his house.

MAY BE MURDER AT THE SYDNEY COKE OVENS.

SYDNEY, October 28.—An Italian named Alfonso Di Gregorio was found dead on Tupper street near the coke ovens about six o'clock this morning with a bullet wound in his head. Gregorio had been spending the evening with some friends and left to go home, according to the evidence at the inquest, held this evening at 8.30 o'clock. He had no quarrel with anyone, and did not carry a gun, and as there does not seem any reason to believe he committed suicide the circumstances surrounding the death are rather mysterious. The coroner's jury brought in a verdict that deceased came to his death by a bullet from a gun in the hands of some person unknown. Gregorio was about 38 years old. He had been in this country about six months, and had a wife and child in Italy.

DOOLEY MAKES ROOSEVELT GRIN.

OYSTER BAY, Oct. 27.—"I thought I-I mean Mrs. Roosevelt-gave orders that nobody was to be admitted," said the colonel, trying to be severe as Mr. Dooley walked into his sick room today, followed by Robert J. Collier and Mark Sullivan. "That order," Mr. Dooley explained, "applied only to men from County Waterford." "Me Uncle Mike was a Kerry man." "The colonel lay back and laughed, while Finley Peter Dunne spread himself over a couple of chairs and motioned to Collier and Sullivan to sit down. Even Mrs. Roosevelt laughed. "You are a privileged character, Mr. Dunne," she said, "but even you mustn't make the colonel talk." "Make him talk," said Mr. Dooley. "If I could, get a patent 'r kapin' him still I'd go back there and bounce Lord Kooconset, or whatever the landlord's name is."
