Don't miss your chance to win a prize in Magic's great Mystery Cake Contests

OF COURSE, you'll want to try your skill naming this Magic Mystery Cake. Think what fun it would be to win that \$250! Miss Lillian Loughton is the creator of this month's recipe. She gives you a cake that's delightfully different. And her recipe is so simple even a brand-new cook can make it successfully.

Just read the recipe. Doesn't it sound fascinating? Surely you can think of a good name to fit it. Make it yourself before you name it, if you prefer-and be sure to follow Miss

Loughton's advice-use Magic Baking Powder. For Magic never varies. The last spoonful in the tin gives the same high leavening power as the first. No wonder the majority of cookery experts and teachers of cookery throughout Canada use Magic exclusively. Enter this Magic Contest today. Read the rules. See how easy it is. Why shouldn't you be one of those 63 prize winners?

"When I create a recipe," says MISS LILLIAN LOUGHTON, well-known Dietitian and Cookery Expert of the Canadian Magazine, "I want it to serve the young, inexperienced cook as well as the older and more skilled housewife. That is why my own baking recipes are planned for Magic, and why I recommend it for all recipes calling for baking powder."

Here's Miss Loughton's Recipe. Can you name it?

- 1 cup butter 2 cups fine white sugar 3 cups pastry flour or 2 1/2 cups bread flour 3 teaspoons Magic Baking Powder 1/2 teaspoon salt 1 cup milk 1 cup finely chopped citron peel 2 cups chopped and blanched almonds 1/2 cup shredded cocoanut 5 egg whites

The texture and fine flavor of this typically English cake depend upon careful mixing. Cream the butter and sugar till light and

fluffy. Sift flour once. Dust peel, nuts and cocoanut with one-half cup of flour; add Magic Baking Powder and salt to balance of the flour, sift together twice, then gradually add alternately with milk to the creamed butter and sugar; when thoroughly blended add peel, nuts and cocoanut. Lastly fold in the stiffly beaten whites. Turn into a well-greased loaf pan. Bake 1 1/2 hours in 400° F. oven for the first 20 minutes, then gradually decrease heat.

TREAT COLDS IN THE FIRST STAGE!

and You Nip Them in the Bud!

A cold ordinarily progresses through three stages: The Dry Stage, the first 24 hours; the Watery Secretion Stage; 1 to 3 days the Mucous Secretion Stage. Relief in the first stage is far easier than in the later stages. In fact, it is taking chances to let a cold run beyond 24 hours. For prompt relief of a cold take Grove's Laxative Bromo Quinine. This famous tablet stops a cold quickly because it does the four things necessary. It opens the bowels. It kills the germs and fever in the system. It relieves the headache and grippy feeling. It tones the entire system and fortifies against further attack. That is the treatment a cold requires! Grove's Laxative Bromo Quinine contains nothing harmful. May be safely taken by young and old and whether you stay indoors or go out. There is absolutely no penalty attached to its use. For more than 40 years it has been the standard cold and gripe tablet of the world, the formula keeping pace with Modern Medicine. Grove's Laxative Bromo Quinine now comes in two sizes-30c and 50c. For safety's sake get yourself a package today. Beware of any dealer who offers a substitute. NOTE: During Epidemics a tablet or two of Grove's Laxative Bromo Quinine every morning and night will do much to keep your system immune.

The devotees of the fiddling and trespachorean arts proved conclusively that interest in these accomplishments is far from being on the wane. Out of the six prizes given, five were won by the two Costello families of Green Bay and Elmwood.
