MR. W. MacKIE AND HIS INVENTION

Mr. William MacKie of Charlottetown has invented a steel car or truck for the delivering of quantities of goods, in freight railway sheds mills and warehouses.

It is two or three years since Mr. MacKie just built these cars or trucks, and already two are complete, and these have been inspected by three railroads, the C.P.R., C.N.R., and the G.T.R., with the intention of purchasing and operating them in their systems.

These trucks or cars have stood the test by the railways. Mr. MacKie has blueprints which he has shown to us of all the difficult parts and specifications in these railway trucks. It is claimed for these trucks that they have ball bearings, his own invention, which is second to none as a motive power, and may be proved by practical operation. Again, with these trucks one man can easily move as much weight as three could on the ordinary trucks.

The next point is that they are fitted wth an adjustable stake, keeping them right in place, and can be re-adjusted by an adjustable rod, thus preventing any permanent disarrangement.

Another fact is that one eighteen inch circle in front on ball-bearings so works that almost all friction in turning is cut out. Further the new trucks are so strongly constructed for carrying purposes that their durability is considerably greater than that of the cars now in general use. The wheels are built of steel spokes, and are also adjustail so that they can be kept rigid at a normal cost. What is known as stake pockets are on the inside of the steel frame, avoiding any breakage or catching into things as the car is operating in the station or warehouse. The special ball bearing journal of the trucks is so constructed that it will cover all warehouses and flour mills, mining and pulp mill trucks, as well as the lumber mill trucks, so well as the railways

They would also serve for bearings in the main shafting in pulp mills and lumbermills, which is a big feature for their success, as this class of goods is requireed in large quantities.

Mr. MacKie who is well known in Prince Edward Island, and particulary in Charlottetown as a master mechanic. has been at least nine years perfecting this invention. In 1884 Mr. MacKie was awarded a diploma and medal in London at the exhibition, for a buggy that he built. It was afterwards owned by the late Owen Connolly. That same carriage is still in use in Kinkora.

It is probable that Mr. MacKie and others interested will form a company here and manufacture these trucks. There can be no doubt about the utility and the susperiority of these trucks over any yet put on the market, and we feel that when they become generally known, and the company gets under way, that they will be introduced and operated, not only into the railway systems of the continent, but also into all mills and warehouses where trucks are so generally used.

We hope Mr. MacKie will meet with success in this new undertaking. He is a most worthy citizen, a most capable mechanic, and an inventor whose inventions well merit success.

GOOD NEWS. —The officials will do the scoring for Auction Forty Five at League of the Cross Hall Tuesday, Jan 16th. 1i

SHORT COURSE MEETINGS in Agriculture will begin at Tryon Hall at Kinkora on Monday evening, January 15th, and at Bedeque Hall on Tuesday evening, Jan 16th. 2i

NOTICE— The annual meeting of shareholders of the Dunstaffnage Cheese and Butter Co, Ltd., will be held at the creamery on Wednesday the 17th inst at 2 o'clock p. m.—Fred Court, secy.

FOXES ESCAPED.—During Saturday's snowstorm the fox ranchers in and around Summerside became so badly banked with snow that some thirty or forty foxes had an easy walk out over the wire fences. The ranches which suffered more or less were those of Mr B Graham Rogers, among them the prize winner at the Toronto Exhibition, Percy Tanton, George Robinson, John A Lea and Willow Hill and St Patrick's ranches. The number lost by each is not known and many searching parties are now scouring the neighborhood.

BIRTHS

MOORE—At Milton on Dec. 22, 1922, to Mr and Mrs. Harry R. Moore, a son.

MUNN— In this city on Jan. 12th, to Mr and Mrs Wm Munn, a son.

Mr. Brown's Grumble

This is an awful world growled Mr Brown you see nothing but snow in the country, and you cannot move around and have a chat with your neighbours when you want to, always attending stock and when you go to sell any you do not receive any kind of a price for all the trouble you have, I am tired of this snow no trains on the move and no mail a person cannot tell what is going on at all. I have a good mind to shift to town and then I will not have any worry about stock.

Awh, there you go again papa growled Jack you are always talking about not being able to get any news, every second word is running down the country saying how lonesome it is and all the rest of it, Why don't you get a radio set, then you could get all the news from New York and Boston, and all over the world. Why in Charlottetown right now they are enjoying concerts, every night, and not only that but you do not have to go out in the snow to go to church for you can hear a whole service by Radio and on week nights they give all reports of the stock market then you would know how high a price to ask for your crops and stock. If I had my say I would have a Radio set and if I did not get the price I asked for I would get the rest of the farmers around to join in with me and we would ship our goods away and get what we asked for them.

"Well Jack the next time I go to town I will go into the Rogers Hardware Radio Department and see how much I will have to pay for a Radio set", said Mr Brown.

So Mr Brown went to the Rogers Hardware Radio Department to inquire about Radio. He was surprised to find that he could put in a Radio set for a sum of money that was within the reach of all, and that it would be a great benefit to him and the rest of the family, as there was a children's hour, which proved of great benefit to them for educational purposes, and after that the concert for the grownups.

When Mr Brown got home Jack was surprised to see him with a Radio set under his arm with full instructions of how to install the set. Mr Brown and Jack lost no time installing the set and the first night they received a concert from New York giving the stock market reports, the childen's bed time stories and after that an organ recital, then Mr Brown and family retired for the night satisfied that they had spent their money well in purchasing a Radio set, and now Mr Brown does not growl about the country or the snow, for he receives all the most important news by Radio.

Economic Position In India Improving

CALCUTTA, Jan 14.—From a review of the present general economic conditions in India given by the Viceroy, Earl of Reading, at a meeting of the Associated Chambers of Commerce of India and Ceylon today, India's trade is looking up in many directions. The Viceroy said the crops were good and the balance of trade favored India. Export trade was better and offered promise of greater volume while trade in tea had had a remarkable revival. The outlook for the jute mills was also most promising. The last ten years had shown a most marked expansion in all kinds of industry attempted in India. The country, said the Viceroy was marching steadily, constitutionally and peacefully, to the ultimate goal of self-government and a greater place in the Empire and the world.

The Viceroy, deploring the unfortunate resolutions recorded at the recent Indian Nationalist Congress at Gaya, said he did not believe he had heard therein even a faint echo of India's real voice. He would not attach too great importance to the threats there uttered, but a vigilan watch would be kept on any preparations to cause trouble, and the Government would use all its resources to combat and quell the forces of disorder if they should become manifest.

Startled Society Pneumonia Victim

NEW YORK, Jan 14—Albert L. "Bud" Johnson, who in 1921 startled society by marrying Peggy Marsh, English dancer, died at a hospital today of pneumonia. Attending physicians said death was hastened by a wound received when he was shot uring a party last September on Lake Chauteaugay in the Adirondacks, at the camp of Jack Clifford, dancer and husband of Evelyn Nesbit. At that time Johnson who was rushed by rowboat and motor car to a hospital in Plattsburgh, insisted emphatically that he had shot himself accidentally.

New York Giants to Meet Boston in Opening Game

NEW YORK, Jan. 14.—Opening games of the National League on April 17, disclosed today at league headquarters, will find New York at Boston, Pittsburgh at Chicago, Philadelphia at Brooklyn and St. Louis at Cincinnati. The shift after the first four-game series will bring New York to Brooklyn, Pittsburg to Cincinnati, St. Louis to Chicago and Philadelphia to Boston.

American Openers.

CHICAGO, Jan. 14—Detroit will be the attraction for the opening of the American League season at St. Louis; Chicago at Cleveland; Washington at Philadelphia, and Boston will pry off the lid with the Yankees at New York, President Johnson announces.

The season will open April 18, the day after the National League starts.

Haig Asks Canadian Athletes to London

OTTAWA, Jan. 14.—Field Marshal Earl Haig, president of the British Legion and the British Empire Service League, has invited the G.W.V.A. of Canada to send a team of athletes to England to compete in the empire ex-service men's rally to be held in London on July 1, it was announced at the Dominion Command offices of the G.W.V.A. today.

The invitation contains a special request that the Canadian veterans enter a team in the relay race for the King's shield. Invitations have also been issued to the other Dominions of the Empire.

CAMPBELLTON DEFEATS MONCTON

CAMPBELLTON, N. B., Jan. 13—Campbellton opened its home games in the N. B. and P. E. I. Hockey League here last night by defeating the Moncton team by a score of ten to two. The score shows about the comparative strength of the two teams. The home team outskated the visitors and showed better stick handling and combination than their opponents, while the Moncton boys were undoubtedly weakened after their hard game at Bathurst last night. The outstanding player on the ice was Campbellton's right wing who scored no less than five goals during the evening. The star of the Moncton team was K. Carroll, who made some brilliant rushes and scored one of his team's goals..

Shorty Trites of Moncton refereed to the satisfaction of both teams. The line up was as follows:

Campbellton		Moncton
	GOAL	
MacKenzie		LeBlanc
	DEFENCE	
McLean		Wilson
Mott		James
	CENTRE	
Wilkins		Carroll
	LEFT WING	
Thomas		VanBuskirk
	RIGHT WING	
Matthews		Milton
	SPARES	
Mowatt		Curvin
Fraser		Dupuis

Rum-Runners Now Beware

NEW YORK, Jan 14—Rum-runners, hitherto relying in their speed to escape the vigilance of the United States "Prohibition Navy", will now have to fight as well as run, it was disclosed today when the Lexington, an armored rum-chaser, equipped with machine guns fore and aft, was turned over to the Customs service. The Lexington, 220 tons, 125 feet long, carrying two motor boats capable of a speed of 25 knots an hour, was used for transport service during the war. She is the first of a new, fast dry fleet which will replace the six dry chasers which were recently withdrawn.

The new vessels, which it was said may also be equipped with small monoplanes, will be operated by the Customs service and manned by coastguardsmen.

Rum-runners were reported to be openly plying their trade off Sandy Hook today upon receipt of word that the dry navy flagship Hansen had been transferred to Baltimore. Small craft could be seen from shore putting out in large numbers to a fleet of suspected liquor carriers.

Constitutionalists Beaten in Battle

LONDON, Jan 14.—A Reuter's despatch from Shanghai reports that the Cantonese troops have driven back the Constitutionalists advancing from Wuchow. The correspondent asserts that heavy fighting is expected soon.

Sun Yat Sen, deposed President of the South China Republic, said in an interview yesterday that he expected his army to retake Canton within a fortnight, restoring him to power in the South. Sun's troops recently took Winchow.

ANOTHER CITY FALLS

CANTON, Jan 14—The city of Chuhing, midway between Canton and Wuchow, has fallen to the troops of Sun Yat Sen, deposed President of the South China Republic, who has announced his intention of retaking Canton from the conqueror. General Chen Chiung Ming, and regaining his power in the south.

Teamsters Defeat Rogers Hardware

At the Arena Rink Friday night a fast and exciting game of hockey was played between the Teamsters and Rogers Hardware team, resulting in a win for the former by 9 to 1.

The following was the line-up:—

Teamsters		Rogers Hd. Co.
	Goal	
B. Garnum		A. McMaster
	Defence	
H. Smith		M. Livingston
L. Vatcher		F. Anderson
	Centre	
Fred Bradley		J. McInnis
	R. Wing	
E. McLellan		F. Small
	L. Wing	
S. Steele		E. Burhoe
	Subs.	
L. Toombs		B. McKenzie

The postponed game between the Rangers and Teamsters will be played Tuesday night, after the skate.

Hockey Notes

The City League Hockey game scheduled for last friday night between the P W C and Caluthumpions will be played Tuesday night.

The next Hockey League fixture is on Wednesday night at the Arena, between the Sackville team and the Abbies—the betting is two to one that the Sackville team will reach the city as soon as the Abbies.

The Champion Abegweit Hockey team met their first defeat in two seasons on Tuesday night, being played to a standstill at Emerald Junction.

Telegrams of good cheer and encouragement were despatched to some of the passengers snow bound on the special to Emerald on Saturday. The government employees on the train were granted a half holiday...

One to Mr Geo A Prowse read: "not to worry arrangements were being made to have his store closed on Sunday.

The fact that there were two doctors and an undertaker on board the hockey special which stopped of at Emerald early Saturday morning led some of the people of Emerald to mistake the procession for a funeral.

Sussex Defeats St. Stephen Six In League Game

SUSSEX, Jan 11—A large crowd was at the rink tonight to see the first game of the season which was played between St. Stephen and Sussex in the western section of the N. B. and P. E. I. League. Sussex won the game by a score of 6 to 1. The ice was in great shape and the best of feeling prevailed throughout the game which was much enjoyed.

The St. Stephen team includes a fine lot of boys, good sports and a coming hockey team. The Sussex team played in its usual good form. W. E. McLeod handled the whistle to the satisfaction of both teams. Only two penalties were imposed and they were on the home team, Leclair getting two minutes and Miller, one.

In the first period St. Stephen scored their only goal, Sussex bagging four. In second and third periods Sussex scored one in each.

Scoring summary: First period: Leclair 2 minutes; Leclair, 7 minutes; Wry, 8 minutes; H. Radcliffe 8 minutes; Lamb 13 minutes.

Second Period: Miller, on pass from Hay, 15 minutes.

Third period: H. Radcliffe, 7 minutes.

St. Stephen		Sussex
	Goal	
McCurdy		Finnegan
	Denfence	
J. Lee		Hay
H. Hry		P. Radcliffe
	Forwards	
Scovil		Leclair
Walker		H. Radcliffe
Green		Friars
	Spares	
Bonnell		Miller
Anderson		Lamb
Ganong		Friars

Winter Fair May Leave Amherst

TRURO, Jan. 14.— The Maritime Stock Breeders' Association held their annual meeting in the Agricultural College Wednesday afternoon with an average attendance from the three provinces.

President A. E. Trites of Salisbury, N. B., opened the meeting with a short address. In his review of the year he said there were bumper crops but poor markets and freight rates still seem to be against the farmer.

The secretary, F. L. Fuller, read the minutes of the last annual meeting and on motion they were adopted.

The past Maritime Winter Fair, held in Amherst, was more of a success financially this year than in previous years. This was largely due tothe fact that the prize list had been altered, eliminating breeds not found suitable to Maritime conditions. Under the new Federal regulation, the Federal aid grant will be distributed only to the more popular breeds— six breeds of cattle, three of swine five of sheep, six of horses and ten of poultry. This will do away with many of the lesser known breeds and make the prize list more attractive to the breeder with the more popular breeds.

The secretary brought up the question of Maritime Fair buildings, those at Amherst having outlived their usefulness and after some discussion a committee was named to look into the matter of founding new quarters in Amherst Moncton, St. John or Halifax. During the discussion Moncton was favored, as it is the most central town in the Maritime provinces.

The election of officers for the coming year resulted as follows:

President — A. E. Trites, Salisbury, N. B.

Vice president for New Brunswick, — A. M. Avard, Sackville, N. B.

Vice president for Prince Edward Island — James Roper, Charlottetown.

Vice president for Nova Scotia —S. A. Logan Amherst.

Secy treas. — F. L. Fuller, Truro.

Directors for New Brunswick—George McIntyre, Sussex, N. B.; R. L. Picks, Dalhousie Jc.; P. R. L. Fairweather, Rothesay; A. M. Avard, Sackville.

Directors for Prince Edward Island — J. M. Roper, Charlottetown; F. L. Laird, Kelvin Grove; A. P. McGregor; Oliver Saunders.

Directors for Nova Scotia — A W. Dickie, Onslow; S. A. Logan, Amherst; J. T. O'Brien, Windsor.

Continent Search Arrest Results

MONTREAL, Jan 14—Leslie Gibbons, alias Langtry, formerly a staff sergeant of the Ontario provincial police, for whom a continent-wide search has been in progress since last July, was arrested here today, charged with uttering documents and forgery relative to the police administration in Ontario. An officer from Toronto arrived on the same train here as Gibbons' wife, who had been shadowed from Toronto. Gibbons was taken back to Toronto tonight.

If cussing the weather made us fat we would all be trying to reduce

If the Nevada boy who shot three people ever grows up he can join our army as a platoon.

Sir Wilfred Laurier

(Continued from Page One.)

Had Borden refused aid in 1914 the four Western Provinces were bankrupted and Nova Scotia would also get a bad crack—and yet in the face of this Mr Hughes boldly claims that Taxpayer was wrong in saying that Sir Wilfrid saddled the country with the Mac Kenzie and Mann railways—Why Sir Wilfrid controlled the Liberal governments that bound McKenzie and Mann. The crime against Canada was first the mad Transcontinental and Grand Trunk Pacific venture and then piled on that was assisting McKenzie and Mann to build a competing railway east to the St. Lawrence.

Canada is now burdened beyond endurance with these Liberal Railways. Transportation charges are so high that the Western farmers are quitting the land as they cannot make ends meet and in spite of these killing freight rates we are having deficits that are appalling, that of 1922 estimated at $75,000,000.

Come, Mr. Hughes, take two pages of the Patriot next time as you have quite a contract to prove that the Conservatives did it.

You might also digress a little and tell us who you think should be our next Lieutenant Governor or our next Senator. If you would we would the better appreciate the value of your laboured articles. We might even bring them to Hon. McKenzie King's notice.

Thornton vs Hanna

A comparison of these men yet is premature—Hanna has made a record in a very difficult situation that places him the equal to any railroad man Canada has yet had, and he did no blowing. Thornton has descended on us with a display that makes the natives stare. But his accomplishments are few as yet. However he is strong in professions like to our Mr. Hughes.

He is loud in demanding that politics must be debarred. But how does that fit in with telling the railway men that Hanna's order is [illegible] that they are now free to [illegible] politicians and remain in the service at the same time. What would we think of Mr. Grady being nominated for our Local House? He could of course attend to his official duties during the day and take his seat in the Legislature in the evening—Would Mr. Hughes approve of that?

This move of Sir Henry Thornton is well calculated to secure the railway vote for the Liberal Party and is evidently done for that purpose but it affords no relief to the Taxpayer.

Toronto Professor Loses $50,000 Suit Based on Dismissal

TORONTO, Jan 14—The action brought by Professor James A. Craig, formerly of the department of oriental languages in the University of Toronto, against the board of governors of the university and Sir Robert Falconer for an injunction, restraining them from dismissing him from that port, or, in the alternative, for $50,000 damages has been dismissed by Mr. Justice Orde, who holds that Professor Craig was given ample notice of his retirement, and that he has suffered no actionable wrong. The costs are payable by Professor Craig. The action against Sir Robert Falconer, the judge points out, clearly cannot be based on breach of contract because there was no contract between him and the plaintiff.

Hope That Leprosy May Be Eradicated

NEW YORK, Jan 14—Hope for the eradication of leprosy from the world was expressed at the meeting of the American mission to lepers, due to the success of a new treatment involving the use of ethyl ester, a product of chaulmoogra oil, and an increasing interest everywhere in the stamping out of the disease.

The ethyl ester derivative of chaulmoogra oil, discovered a few years ago by Professor A. L. Dean a chemist of the University of Hawaii, is manufactured by distilling the fatty acids of the oil and adding camphor and resorcin. It is given to the patients hypodermically. At the present time 4,000 patients in the Phillippines are doing well under the new treatment, according to a report, which says that in other hospitals in the Far East, similar results are obtained.

Railway Station Burned, Two Trains Are Destroyed

SLIGO, Ireland, Jan 14—A band of armed men burned the railway station to the ground this morning and destroyed two passenger trains which were halted there. During the night there was considerable rifle and machine gun fire in the town.
