Five-Star Quitter

"All I know about Hitler, is what I read in the papers," said Field Marshal Ewald von Kleist, above, commander of a German army group on the west front when he surrendered to 26th Infantry Division troops. General von Kleist, whose rank corresponds to a U.S. five-star general, was the mastermind of the Polish invasion which touched off World War II.

LONDON — (CP) — Rear Admiral H. Hickling, who helped plan the invasion of France, said that "in operation Overlord—which was the invasion—one tug was worth two battleships. It took 200 tugs three months to get down to the south coast of England the stuff which made the Mulberry harbors."

Chinese Official Involved In Huge Gold Scandal

WASHINGTON, May 18 — (CP) — At least two Chungking banking officials, and possibly 18 more, face impeachment proceedings in connection with China's multi-million dollar "gold scandal," Chinese press reports said today.

News of the speculative buying wave which hit the Chungking gold market March 26, involving some gold lent by the United States, is just coming to light here through tight censorship which the Chinese applied on export of the story.

Just before he left Washington last night to return to the San Francisco conference, China's Foreign Minister T.V. Soong authorized a statement that the guilty persons behind an official leak which caused the speculative wave will be punished.

News leaked out prematurely that the official price of gold was to be raised from 20,000 Chinese dollars to 35,000 an ounce. Quick fortunes were made by those who got wind of the rise in time to buy gold at the old price.

U. S. Friendship For France Reaffirmed

WASHINGTON, May 18 —(AP) — President Truman, reaffirming the United States' historic friendship with France, today expressed a desire to meet Gen. Charles de Gaulle and offered the French a portion of the American occupation zone in Germany.

In a statement issued after he conferred on a number of problems of "primary interest" between the two countries with Georges Bidault, French Foreign Minister, the President also:

1. Welcomed any assistance France "and our other Allies" might bring against the Japanese that could be synchronized with operations planned or under way.

2. Asserted the United States Government and its people will continue to take all possible steps to "facilitate the recovery of France and of her people."

3. Declared France had emerged with renewed strength from the European war and had demonstrated her determination and ability to resume her "rightful and eminent" place among the countries which will share the major responsibility for maintaining European and world peace.

The President's statement, couched in the third person, was interpreted generally as an effort on the part of the new administration to erase any ill-feeling that might have resulted from past friction between Washington and Gen. de Gaulle.

Pack Of Bull Pit Terriers Executed

MIAMI, FLA., May 18 — (AP)— A pack of 26 bull pit terriers, some just two months old, paid with their lives today for the fatal attack by nine dogs on Mrs. Doretta Zinke, 39, globe-trotting lecturer, here Wednesday night.

Constable W M. Hudson of Dade County said an examination of the stomachs of four of the terriers revealed the presence of "balls of human hair, unquestionably belonging to a woman."

Pieces of leather, identified as parts of a woman's shoe, were found in the stomachs of other dogs in the pack which set upon Mrs. Zinke and mutilated her in a mass attack.

It was not necessary to get a court order to carry out the execution of the entire pack of dogs. Owner Joe Munn, 43, of Hialeah, who cried "oh my God!" when he saw what his terriers had done, willingly gave permission.

"They are a bad strain, they must be destroyed," he told police.

Munn valued his kennel at $1,000. He said he bred the dogs to sell and denied they had been used for pit fighting.

Munn remained in the county jail under $5,000 bonds on a warrant charging manslaughter. An inquest has been set for Monday.

HOW TO PRESS A TAILORED SUIT

Pressing hubby's suit needn't be a problem! First, have a good heat controlled iron, stiff clothes brush and clean pressing cloth handy. Begin by brushing suit paying special attention to insides of pockets and cuffs. Remove surface spots with a cloth wrung out of warm water and suds. Now place trousers over ironing board, dampen pressing cloth evenly and press around entire top of the trousers.

Second, remove trousers from ironing board and iron each leg separately, placing flat on board. Let the original creases guide you and with pressing cloth in place, iron with circular motion over inside of leg. Then turn and press outside of legs together and go over creases o make them sharper. To avoid shine, do not iron with a dry pressing cloth.

For the coat, use a sleeve board, or if you haven't one, simply fill the upper part of sleeves and shoulders with a rolled bath towel before pressing. Now press fronts. And a warning—use a light pressure of your iron always. To raise nap after pressing, brush suit vigorously with a clothes brush.
