of the former Dr. Florence MacDonald, lecturer and physiological artist, of Chicago University. Dr. Florence MacDonald has built a continental and European reputation as a physiologist.

Mr. H. C. Whitlock, sales manager of the Ford Motor Company of J. B. Ayres, personal representative of Mr. Ford with the party. Ayres estimated the quarterly tour would cost Mr. Ford about \$500,000. Expenses have included "loans" to members of Her Majesty's retinue for every thing from cigarettes and chewing gum up to limousines, it was said.

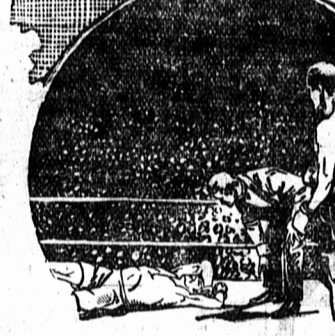

Ford has been paying all automobile, transportation and baggage expenses and all costs of the party wherever the Queen has stopped. Mr. Ayres said automobiles had been the largest expense. Everywhere the Queen stops and is moved in cars, there have been only sedans and limousines furnished on order of Ford, who pays for the time of the men used as drivers and for approximately \$1,000 loss expected on each car when it is sold.

—Photoplay Magazine

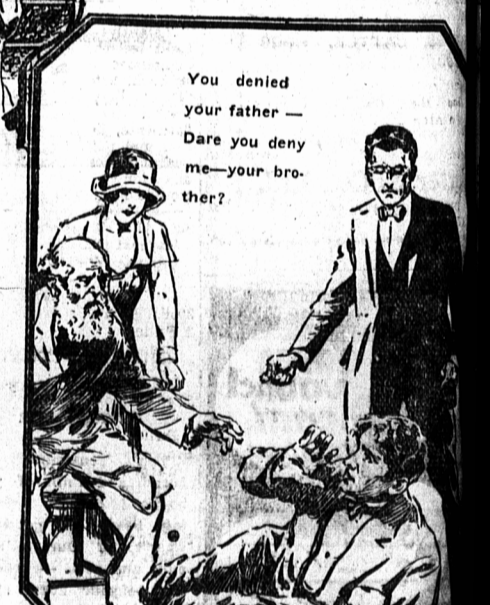

**HIS PEOPLE**

with RUDOLPH SCHILDKRAUT supported by a brilliant cast including George Lewis, Kate Price, Blanche Mehaffey and Rosa Rossanova.  
Directed by Edward Slioman Universal-Jewel

He was a loving son—a tender lover—sincere and honest but life and circumstances forced him to become a prize-fighter while his father—was fast becoming a successful lawyer. But when the pinch came he was THERE—Irish girl and everything—they were His People and he'd fight for them—die for them. A tremendously appealing drama of the modern generation. Tender as a mother with her first born—sweet as a child taking its first sure step—pathetic as the last rose of summer and poignant as a lover's first kiss. It captures that rare, beautiful thing—love of family—belief in one's own—a picture to win your heart—stick to your mind—bring tears to your eyes and laughter to your lips. It will do your heart good to see it.

**Read What These New York Critics Say About It**

"An exquisite gem that ranks with the best pictures of the year."  
—The Mirror—New York.  
"A rich, glowing picture that fairly breaks your heart-strings. For everybody."  
—The Daily News—New York  
"An appealing sincere picture."  
—Evening Journal—New York  
"Leaves many a moist eye among the spectators. Real heart-throbs and dramatic power."  
—Evening World—New York  
"A wonderfully sincere picture. A most able characterization by Mr. Schildkraut."  
—Times—New York  
"Realistic picture with plenty of romance and melodrama. Good all-round entertainment."  
—Evening Post—New York

**HOME FROM ISLAND.**—Rev. John Unsworth, rector of St. George's church, West End, has returned home from P. E. I., where he conducted Thanksgiving services on Sunday in the Anglican churches of Port Hill, Ellerslie and Lot 11. He also gave illustrated lectures on the Yukon in these churches. Rev. H. R. Coleman, B. A., formerly of Saint John, and member of St. Mary's church, here, is rector of the three churches and is doing excellent work in his P. E. I. parish. Mr. Coleman was a classmate of Rev. Mr. Unsworth at Wycliffe College. While in P. E. I., Rev. Mr. Unsworth was the guest of the late Senator Yeo of P. E. I. Mr. Unsworth commented on the large potato crop of the island and said that potatoes were selling there for \$1.50 a bushel. He attributed the prosperity of the wonderful potato fields and other agricultural products.—St. John Exchange.

**PREMIERS' NEW PRIVATE SECRETARY**—Miss Blanche MacDonald has been appointed and assumed duty, as Private Secretary to Premier Stewart, in succession to Miss Gillespie, who resigned on the occasion of her marriage. Miss MacDonald is a daughter of Mr. J. J. MacDonald or Pinette, and sister

of the former Dr. Florence MacDonald, lecturer and physiological artist, of Chicago University. Dr. Florence MacDonald has built a continental and European reputation as a physiologist.

**The Charlottetown Starr**  
VOLUME 1 CHARLOTTETOWN, WEDNESDAY, NOVEMBER 10, 1926 NUMBER 2  
**STARR SKATES ANNEX U.S.A.**  
Spectacular Sales Growth Results in Boston Branch  
**THE ENCYCLOPAEDIA SPEAKS OF STARRS**  
"I've looked your son over and can't find anything wrong with him except he is underdeveloped. Chest puny. Muscles weak and flabby. Face sallow. Spirits feeble. Nervous."  
"But nothing wrong with him that can't be corrected if taken in time."  
"Get him out of doors! Give him a pair of skates and let him learn the joy, the power, the pleasure that comes from skating. His chest will expand, his blood race through his veins, bringing the glow of health to his cheeks, his appetite will pick up, and he'll sleep like a baby."  
**USUALLY** it's the other way around—American products invade Canadian markets, followed by branches of American firms.  
But Starr Skates aren't an ordinary product!  
For sixty-two years they have been supreme, recognized the world over (yes, even in Norway, Sweden and Finland, where skating first started) as the finest skates at the fairest prices.  
So it is only natural now that Canadian Ice Sports have caught on in the States that Canadian Skates—Starr Skates—should be adopted as the standard as well. The outcome is a branch at 3 Appleton St., Boston, U.S.A. Results there already give promise that Starr will eventually duplicate their Canadian record, where they have sold in larger volume than all other makes combined.  
**Starr Mercury**  
Starr Mercury Skates are ideal for hockey especially on natural ice. They are now fitted with synthetic leags, a material which unites the tensile strength of steel with the lightness of aluminum.  
Runners are of chrome nickel steel, especially tempered, then nickel plated and given a mirror-smooth polish.  
**\$5.00 the pair**

**MILK AND SUGAR COMBINED FOR COOKING**  
Have you ever noticed how, in making sweetened drinks, a professional always uses a boiled sugar syrup? It is to get that wonderful flavor and consistency that marks a perfect combination of the liquid and the sugar. Many a good cook has vastly improved her recipes by using Eagle Brand Condensed Milk for this very reason. The milk and sugar are thoroughly combined (almost pre-cooked, you might say) so that results are obtainable that could not be expected if you mixed the sugar and milk yourself. Having the milk and sugar already blended is a great advantage. Aside from saving sugar—and the trouble of mixing—there is the certainty of a finer flavor to the dish. The condensed milk combines quickly and easily with all other ingredients—can keep several cans on the shelf, binds them closer together—and it keeps perfectly, so there gives the recipe a smoother texture, such as running salad dressings. Another advantage of condensed milk is its convenience. One milk whenever it is required.

**NOMINATION BLANK**  
I hereby nominate Mr. \_\_\_\_\_ as a candidate in the MOST POPULAR BASEBALL PLAYERS CONTEST RUN IN CONJUNCTION WITH GREENWICH VILLAGE BAZAAR. Enclosed please find One dollar for which credit my Candidate with 1000 votes.  
SIGNED \_\_\_\_\_  
Fill out above blank and mail with One dollar which will start your Candidate off with 1000 votes.  
The Winners of this Contest will receive \$100.00 in Gold. The Voters share in the free distribution of \$25.00 in Gold.  
Address all Communications to  
CONTEST MANAGER
