

Sore Lungs We want everybody who has a hard cold in the chest to use Ayer's Cherry Pectoral. Our long experience with it, over sixty years, tells us there is nothing its equal for coughs, colds in the chest, bronchitis, hoarseness, sore lungs, weak throats, and weak lungs. Doctors tell us the same thing. Ask your doctor about it.

This Dainty Cut Glass Spoon Tray will cost you \$3.50. For a Wedding Gift, there is nothing that takes the place of Brilliant Cut Glass.

RUMBLING BOWELS. One of the very first lessons that ought to be taught every child is that the bowels must move regularly and freely every day, as more troubles arise from neglect of this duty than from any other cause. The effect matter that should pass out of the body remains in the bowels contrary to every law of nature. It does not pass away by the natural channels then the other way to escape is through the pores of the skin. That is why people look so sallow and unhealthy. This causes pimples, blackheads and blotches. For immediate relief take two or three Huteh before you go to bed. The whole digestive canal responds to the healing effect of this tablet. Rumbling bowels recover quickly under its treatment. It neutralizes the foul gasses. It sweetens the stomach. It gives a good appetite. It's a doctor for ten cents. A big bottle with 300 for \$1.00. For sale by all druggists.

WE SPEND THOUSANDS OF DOLLARS every year in giving away Celery King with the Solution of Ozone (the coupon kind). We do this because we know of no other way by which germ troubles can be cured to stay cured. The Solution of Ozone destroys the germs—that is certain—but being an astringent it does not enable the system to throw off the accumulated refuse matter. This only can be accomplished by taking it together with Celery King, so we supply the Celery King to you free of cost, but be sure and ask your druggist for Ozone (the coupon kind) or you will be disappointed. A Word of Warning To Those Who Contemplate Taking a Course in Business College

We wish to warn the public against certain statements that are being made with reference to our college and its work. We ask all interested to make the fullest investigation.

Ask about the standing of our graduates and compare with other colleges. Ask why it is that our last year graduates secured the best positions in Charlottetown. Ask our former students about the attention they received compare it with that received elsewhere. We never did nor never will make false representations to secure students. Investigation will prove our courses modern in every respect. We do not advertise to teach certain branches and then not teach them.

As a favor to us kindly make the fullest investigation. For terms etc, call or write.
