

ST. ANDREW'S IN PERIL OF WOMEN

ST. ANDREW'S, Scotland, May 23 (Special)—This little town is almost in a state of siege as the result of threats uttered by the militant suffragettes that they will destroy the putting greens and thus render play impossible in the world's amateur golf championship, which is to be competed for here next week.

The most intense excitement prevails among the townspeople who depend largely for their prosperity upon the golf links, while the members of the royal and Ancient Golf Club also are extremely anxious. They and the citizens have organized a vigilance committee whose members, together with five thousand volunteers, will guard the greens night and day.

The general anxiety becomes keener every day, as it is thought that the militant suffragettes may refrain from delivering their attack until the last moment, when it would be impossible to repair the damage.

Doctor Said He Had Diabetes

Dodd's Kidney Pills Cleared Out Every Trace of It

That's Why Mr. David Heon, of Nicolet Co., Quebec, Is Recommending the Great Canadian Kidney Remedy To His Neighbors.

St. Wenceslas, Nicolet Co., Que., May 23.—(Special). "I started to take Dodd's Kidney Pills because the doctor told me I was threatened with diabetes. After taking ten boxes I was again examined by the doctor, and he told me that all trace of diabetes had disappeared."

This is the statement of Mr. David Heon, well-known and highly respected here, and he is only one of many in this neighborhood who have found a new lease of life in the great Canadian Kidney remedy.

It cures such as this that have given Dodd's Kidney Pills their reputation. They are now known from the Atlantic to the Pacific as the remedy that never fails to cure kidney disease, no matter where or in what form it is found.

Dodd's Kidney Pills are no cure-all. They simply cure diseased kidneys. The reason they cure backache, dropsy, rheumatism, neuralgia, diabetes, urinary troubles and Bright's disease is that all of these are either diseases of the kidneys or are caused by disordered kidneys failing to do their work.

MEXICO WILL SEEK BIG LONDON LOANS

LONDON, May 23 (Special).—Bankers interested in Mexican finance in London are not deeply impressed by Senor Carranza's announcement that he will refuse to recognize any loan raised by the administration of President Huerta.

London will be applied to within next few days by Mexico for a loan to the extent of \$10,000,000 for national purposes, and later for another of \$10,000,000 for semi-national purposes.

GERMAN ARMAMENT FOES THREATENED.

BERLIN, May 21.—The possibility of dissolution is hanging over the German Imperial Parliament owing to the disposition of the political parties, particularly the centrists and the socialists, to out the appropriations in the new armaments bill, according to a communication published in the well informed Lokat Anzeiger.

The communication asserts positively that during the discussions of the Budget Committee in April, when the members of the centrum and the socialists were vigorously slashing the bill, the Imperial Chancellor, Herr von Bethmann-Hollweg, sent word to the centrists that the Imperial Parliament would be dissolved if they persisted in their course.

The warning was effective at that time and the centrists even intimated their willingness to restore three cavalry regiments, which they had cut out on the second reading of the Army bill.

At today's resumption of the discussion in committee the centrists proposed to diminish by 1,008 the list of 1,538 additional army lieutenants demanded and by 1,044 the list of additional non-commissioned officers, as well as a number of other officers.

The members of the socialist party naturally supported these proposals, thus making a majority against the government extremely probable.

NINE MEN DROWN

CORDOVA, Alaska, May 21.—Nine men were drowned on Sunday night, when a storm blew a pile driver and a barge ashore near Kattalla, according to advices received here last night.

The men were building a fish trap for the North-western Fisheries Company at the mouth of Martin River, near Kattalla. A furious storm came up Sunday night, and broke six anchors, with which the pile driver and barge were made fast. They were driven eighteen miles along the shore, where they struck on the beach.

FRANCE AHEAD OF NAVAL PROGRESS

PARIS, May 23 (Special).—During the course of the debate on the naval budget in the Senate Tuesday Pierre Baudin, Minister of Marine, spoke in glowing terms of the remarkable progress in the development of France's naval strength.

The Marine Department, he said, had gained three years already on the time scheduled for carrying out the government's program. Four more ships would be laid down in October and the work would be continued at the same rate in 1914.

USES TOES TO PILOT BOAT.

Vacation visitors at Grand Isle, in Lake Champlain, have been much interested in Charles A. Lutz, who is without arms and is yet a capable boat pilot. He claims to be the only armless pilot in the United States. He operates a 25-foot power boat easily and skillfully, carrying passengers about the different lake resorts.

When Lutz appeared at the office of the inspectors in Burlington, Vt., and asked for a pilot's license the inspectors thought he was disqualified by physical disability. However, they put the matter up to the commerce and labor departments in Washington. Word came back from Washington that if the inspectors were convinced Lutz could handle the job to give him a license and let him try it.

Lutz took the inspectors for a ride in his boat. They went around a dangerous breakwater and passed a tug. The man piloted the craft without a bit of trouble. When finally the inspectors saw him take the engine to pieces with his toes and handle a wrench with them as well as most mechanics would with their hands they granted his license. Their wisdom in doing so is indicated by the fact that he has not had an accident this season.

Lutz lost his arms when a child in the west.

Well Satisfied With Baby's Own Tablets

Mrs. John Kenny, St. Norbert, Man., says: "I have used Baby's Own Tablets and am well satisfied with them." Thousands of other mothers say the same thing simply because there is no medicine for little ones to equal the Tablets. They act as a gentle laxative, regulate the bowels and stomach, break up colds, expel worms and make teething easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CAPTAIN BARTLETT GOING TO ARCTIC

NEW YORK, May 23 (Special).—Captain Robert Bartlett, sailing master and ice navigator aboard the Roosevelt, Robert E. Peary's vessel, will hold the same relative position in the Stefansson expedition that starts in June for arctic exploration. Valbjorn Stefansson in making the announcement said that the largest body of scientific men ever assembled for a voyage into polar regions will accompany him.

Captain Bartlett leaves at once for Ottawa, on his way to Esquimaut, where he expects to arrive in four or five days to attend the loading stores and supplies aboard the Karluk, which will carry the major part of the exploring party north.

Mr. Stefansson expects to leave New York for Esquimaut in about five days. The expedition will start in June from Vancouver, B. C., and proceed by way of Nome and Point Barrow, arriving there late in July. The autumn of 1916 is the date set for the return.

HE WORKED SO HARD.

A well-known American author himself admitted freely that he always found literary composition a labour; a labour of love that he could not have shirked if he would, but none the less a labour.

A story which he sometimes told at his own expense illustrates that. It was shortly after his graduation that he sought work as a reporter, and finally, by offering his services for nothing, obtained a chance to show what he could do on the leading daily in a Western city.

The weather was cold and the temperature of the office somewhere below sixty, yet hour after hour he would sit at his desk with the moisture rolling from his brow in the anguish of trying to make literature from such material as, "Yesterday afternoon John Jones fell off a step-ladder and dislocated his shoulder."

One day the presiding genius of the paper happened to pass through the room, and stood for some minutes watching him.

"Who is that young man?" he presently asked the city editor.

"Get rid of him!" came the curt edict.

"But," expostulated the city editor, "we are getting him for nothing!"

"I don't care!" rejoined the higher power. "I don't care if he is paying for the privilege! Get rid of him at once! I can't bear to see any human being work so hard."

Minard's Liniment Co., Limited, Yarmouth, N. S.

Gentlemen,—In January last, Francis Leclair, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him freely to deaden the pain and with the use of three bottles he was completely cured and able to return to his work. SAUVEUR DUVAL, Elgin Road, L'Islet Co., Que.

FIND ANCIENT URN ON GERMAN ESTATE

BERLIN, May 23 (Special).—An urn containing a collection of gold articles attributed by experts to the seventh and eighth centuries before the Christian era was uncovered. Diggers on an estate near Eberwalde, about twenty-seven miles from Berlin.

The urn, which is among the most ancient ever found in Germany, contains seventy-eight articles, weighing five pounds. These include bowls, bracelets and rings, supposed to be of Phoenician origin and to have been imported to Germany by way of the Baltic.

THE CALMEST MAN.

It was said of John M'Clusky when he visited the States that he was the calmest man in the world. Throughout his sixty years he had been a farm labourer in Scotland. Some months previously his brother James died, and left a fortune of several hundred thousand dollars to the brother he had not seen since they had each other goodbye in the heat of their forty years before.

A lawyer was appointed the administrator. It was his duty to find the lucky brother.

"He was slicing turnips for the sheep on his employer's farm, up among the mist-clad hills of Scotland," said the man of law. "When I found him, I had traced his life from the old farm on which he was born, step by step through the forty years of ill-paid and often most unpleasant labour before I approached him. It was not difficult, for he had held but a few positions in all those years. Everyone in the countryside knew him.

"Are you John M'Clusky?" I asked.

"I am," said he, without taking his eyes from the turnips and the knife.

"Your brother James is dead in New York," said I.

"Aweel, aweel, all men must e'en die," he said slicing away.

"He left you a great fortune," said I. I want you to come to the house with me, so that I can establish your identity and arrange for you to enter into possession of the estate."

"I'll talk to ye at six o'clock, young man," said he. "I'll be busy till then. The fortune will keep, but thae turnips will not."

CLEVELAND'S SIXTH WORLD VOYAGE

HAMBURG, May 23 (Special).—The steamship Cleveland, carrying 500 passengers, mostly Americans, has arrived completing her sixth cruise around the world. A large number of her passengers will return to New York by the Imperator, which leaves on her maiden trip for New York on June 11. In encircling the globe the Cleveland has steamed a total of 140,000 miles.

DEMOCRATS REFUSE TO GIVE NAMES OF WITNESSES CALLED

WASHINGTON, D. C., May 21.—By a vote of 42 to 29, Democrats of the Senate yesterday afternoon refused to make public the names of manufacturers, importers and others who have appeared before Finance Committee either for or against the Underwood Tariff Bill.

A resolution calling for such information and offered in the Senate by Senator Boies Penrose, of Pennsylvania, was referred to the Finance Committee, where it will likely remain.

"A beautiful line of lisle and silk hosiery from 15 cts. to \$1.50. Long and short silk gloves from 60 cts. to \$1.25. Belts, assorted colors in silk and elastic from 25 cts. to \$1.50. A grand showing of hand bags at Paton's. Kid gloves clearing at 89 cts. Paton's. 5-23Mt.

RUSH BEGINS FOR CHINESE LOAN

LONDON, May 23 (Special).—The prospectus of the Chinese five per cent \$125,000,000 loan, of which \$37,083,400 goes to London, was made public yesterday, and there was such a rush for it that success is assured. No less than \$15,000,000 already had been subscribed for before the price of the issue was known. It was at one and one-quarter per cent premium, and it is expected the full amount will be oversubscribed this morning.

The provision that \$50 is payable on application sent a chill among the ranks of those who were preparing to take advantage of the premium of one and one-half per cent, at which the loan was quoted yesterday. There was a smart reaction and the premium declined from seven-eighths to one per cent. The loan is redeemable by annual drawings in forty-seven years.

WHERE MONEY IS TIGHT

Everybody suffers, when boots are tight your corn suffers, but they can be painlessly cured by Putnam's Corn Extractor. Guaranteed in all cases. Use only Putnam's, 25c. at all dealers.

GILLETTE advertisement featuring an image of a Gillette razor and text: 'The Symbol of Clean-cut Modern Manhood.
